

Modern Methods

No section can prosper without a bank, unless they go back to barter and exchange and the days of the STAGE COACH.

Therefore it is the duty of all who desire the welfare of this community to encourage the banking business by depositing their money.

In return, it is the bank's duty to loan its funds to its own community first, as this bank does.

SETTINGS OF GREAT BEAUTY IN NEW DEMILLE FILM

Stage settings of unusual beauty are assured in any photoplay bearing Cecil B. DeMille's name and "Something to Think About," the Paramount picture which will be shown at the Sherry Theatre today only reaches the high standard set by previous DeMille productions.

The story offers a great opportunity for contrast and due advantage has been taken of every opportunity. In this production, has been supplied a humble blacksmith's home, his work shop, and the poverty-stricken apartment wherein some of the most important action of the story transpires.

Against this background Cecil B. DeMille placed a home of exquisite beauty. By thus contrasting the two surroundings, they have emphasized the realism of one and the artistic perfection of the other.

Notable examples of this decorative lavishness are to be found in the Oriental living room, library and music room which comprises one portion of the residence in question. Another striking sample of the ultra-modern influence in interior decoration is in

the dining room of the same dwelling. A boudoir of striking beauty completes this house.

Gloria Swanson, who had the leading feminine role opposite Elliott Dexter in "For Better, For Worse," appears in a similar capacity in "Something to Think About," the new Cecil B. DeMille Paramount picture which comes to the Sherry Theatre today only. During this past year this talented artist has won many admirers by her splendid acting in "Male and Female" and "Why Change Your Wife?" Elliott Dexter has the leading male role.

Theodore Roberts, veteran Paramount character, has one of the most difficult parts of his screen career in the part of Luke Anderson, the stern father who blinds himself in a fit of rage. Rouben Mamoulian, the 29th century, and speed driver in his many varied roles, Mr. Roberts declares that the part of Luke represents the hardest work he ever did in his life, necessitating as it did a study of all the characteristics peculiar to sightless men.

"BEHOLD THE MAN" AT ARCADE THURSDAY.

A presentation of the Life of Jesus the Christ, from the Annunciation of the Virgin to the Ascension, with a modern episode of a mother telling the Bible Story to her children will be the feature attraction at the Arcade Theatre for three days, starting Thursday.

The picture opens in a modern home. As the mother tells the story, the film fades into the picturization and from time to time fade-ins show the interiors and the effect of the story upon the children. The screen adaptation follows the records given in the Four Gospels and has been made with all due reverence.

All of the scenes have been colored, which adds to the beauty of the photography.

La Grande is indeed fortunate to be able to see this wonderful production as there are only six prints of this picture in the United States and on account of the colored photography this film cannot stand the hard usage the average film receives.

Special arrangements have been made so that the Salvation Army will receive 10 per cent of the net receipts taken in on this picture to help them carry on the relief work in this city. The prices will be the same as they were in Portland and every other city where this picture has played. Matinées, 35c, children, 15c; Evenings 50c; children, 25c.

A Magnificent Lunch.

The best coffee that can be made for 5c a cup is served with all lunches from 11:30 to 1:30 p. m. each day at The Palace. Just drop in on Al Cain at lunch time and let him prove all this to you.

The Ideal Purgative.

As a purgative, Chamberlain's Tablets are the exact thing required. Strong enough for the most robust, mild enough for children. They cause an agreeable movement of the bowels without any of that terrible griping. They are easy and pleasant to take and agreeable in effect.—Adv.

FORDSON TRACTOR

\$625.00 F. O. B. Detroit

"Henry Ford Was Right When He Said:

"The Tractor will enable the farmer to work fewer hours in the day, giving him more time to enjoy life. I believe the tractor will make farming what it ought to be—the most pleasant, the most healthful, the most profitable business on earth."

This tractor has done much—very much—in bringing true Mr. Ford's prophecy; for in it is a machine which has harnessed one of the most dependable efficient, adaptable, economical sources of power in the world—a machine that saves from thirty to fifty per cent of the farmer's time—a machine which many farmers claim plows, harrows or drills as much ground in the same time as four, six or even eight horses. And more—a machine that takes care of every power job on the farm.

Call and let's talk it over, or telephone or drop us a card and we will bring the facts to you.

HILTON'S GARAGE

Your Paint Dollar

—How Big in 5 Years?

THE best paint will be good five or more years hence, if properly applied. Cheap paint, on the average, starts cracking in twelve months.

It's what paint covers that you want to save—not merely a few cents per gallon in first cost.

Cheap paint does not spread as easily or as far as good paint. So when you figure labor and square yards covered, cheap paint on the house costs as much as good paint.

Cheap paint in practically every instance, is the most expensive you can buy.

Don't allow surfaces to rot. It costs less to paint them.

The paints specified by Fuller are the result of 72 years experience in the making of all kinds of paints, varnishes, etc., for western use.

We use the best materials, **PURE PIONEER WHITE LEAD**, pure linseed oil, zinc and color as others do, but we combine them with a 72 years' knowledge and long-time skill.

Our white-lead base is finely ground pure white. It must pass through a silk screen with 40,000 meshes to the square inch. We use special machines for mixing the materials in scientifically exact proportions.

So Fuller colors are exceptionally clear-toned and Fuller House Paints are noted for covering capacity, ease of spread and great durability.

If you want from five or more years' protection for your property, investment, get Fuller's western paint for western weather conditions—a paint you know.
