They went up Catherine creek and by evening expected to be far up in the hills where the deer hunting should be good and each expects to get a buck. They will probably return Tuesday.

BOY WITH BULLET IN LEG.
ENTERPRISE, Sept. 10.—Matthew Mawhin came from Elgin yesterday with his son, Joe, who had been hit by a stray bullet from a small rifle. At the Taylor hospital the bullet was located by means of an x-ray photograph. It was located close to the bone at the back of the knee, in a place where its removal was hazardous, as there was danger of injuring the ligaments. If no bad effects come from the bullet it may be left untouched.

Fairly Warned.
"My dear," said Rollins over the telephone, "I won't be home until late tonight, so don't sit up for me. John Jagsby and I have an important matter to discuss." "Very well," said Mr. Rollins in a tone of resignation, "but when you begin to get full of the matter I hope you can't let Mr. Jagsby persuade you to hang just one more good crop and an addition to his farm."

Dream Lore.
For a man to dream of beating some one denotes good fortune. If he is in trade, he will prosper. If he is in love, he will marry the person of his affection, who will bring him money; if he is a farmer, it denotes good crops and an addition to his farm.

IMBLER HAS HEALTHY BOOM.
(Continued from Page One.)

here Thursday taking donations for their foreign missions.

Mrs. A. C. Calkins who has been very ill is reported much improved.

Halbert Wolfens had his tonsils removed Thursday and consequently is not on duty at Kiddle's store for several days.

Several imberites are getting ready for the opening of the deer season today and will be out after the deer-footed bucks early in the season.

Mrs. John Tuttle and Mrs. Capt. Tuttle were shopping and visiting with friends in La Grande Friday afternoon.

That Donham Wright was one of the best hotel proprietors in Oregon who took his health about thoroughly modern is indicated by an item appearing in the Baker Democrat in 1891 and recently reprinted in that paper. The item stated:

"Hon. Donham Wright, owner of the Medical Springs hotel and bathing resort, is in the city and tells the reporter that he is making extensive improvements at his home looking to the better convenience and comfort of the public. He has just finished a large building, the upper story to be used for a hall and the ground floor for store, billiard room and postoffice purposes. He has also increased the size of his hotel, adding several more beds and bath rooms to the place. Mr. Wright intends to equip his place, that it shall become the leading health resort of Eastern Oregon."

CREAM OF GOLFERS IN TOURNAMENT

(Continued from Page One.)

while the La Grande band will entertain with a concert about 3:30 or as soon as possible after the play is completed. All members are urged to be present and bring extra ladies.

C. H. Reynolds is caddy master and had ample chaps on hand to handle the situation when play started. The newness of the thing and the intensity of excitement leads some of the gallery occasionally to step over the rules of etiquette, but on the whole La Grande's maiden effort as the Home Club of a golf tournament got by in good style. The worst fault today was whispering in the gallery during address and stroke.

The previous tournament rule that lies might be improved and balls teed for iron only was changed this morning by vote of the visitors, to embrace golden clubs on teed balls.

STUDEBAKER

ANNOUNCES

A Reduction in Price of the Light Six

AS FOLLOWS
F.O.B. LA GRANDE

	Former Price	New Price
5-Passenger Touring Car	\$1575.00	\$1390.00
2-Passenger Roadster	1550.00	1365.00
Coupe	1950.00	1810.00
Sedan	2275.00	2130.00

These new prices have been made possible by the great increase in production resulting from the tremendous demand that has grown up throughout the country for the Studebaker Light Six.

The new Studebaker \$20,000,000.00 plant dedicated to the exclusive manufacture of Light Sixes is a monument to the fact that no purchaser of an automobile need hereafter be contented with anything less in performance, satisfaction and comfort than is afforded by a Six-Cylinder Automobile.

Bake the Modern Way

Without Stooping
Without Backaches

THE CONVENIENT ELEVATED OVEN of the New Liberty Peninsular Cast High Oven Range for Coal or Wood Fuel will give you the new and rather unique experience of baking your bread and cakes and roasting your meats without bending your back or getting down on your knees.

This raised-up oven is so evenly heated that there is hardly a degree difference in temperature between the four corners. Consequently, you do not have to turn your pans to get an even browning top, bottom and sides.

Both the regular oven and the second oven immediately above have inside pot holes equipped with nine-inch sectional lids. In these ovens you cook your smelly dishes and the automatic ventilator draws all the odors up the chimney.

Pots and pans can be kept right at hand but out of sight in the large lower warming closet. This closet is heated and makes an ideal place to keep food warm.

The Liberty High Oven Range is of heavy cast iron construction and can be depended upon to give you a lifetime of service. The white porcelain enamel and the triple-plated nickel parts do away with the dirty blacking brush and impart to the kitchen a clean, sanitary appearance that is very beautiful to behold.

The LIBERTY HIGH OVEN is the Big Family range. It cooks the whole dinner at once. See it at our store.
