Advancement

The steady advancement of any business rests on the spread of confidence in its fair dealings among the people living in the community.

The great motive force of the world is the spirit gain, but the man who overdoes it earns the disrespect of his fellow men and creates friction in the whole machine. Prosperity is nothing but confidence stated in terms of dollars.

Our business has steadily grown in this community and even during these times of stress we are increasing our sales. Why are our salespeople always busy? Because our customers have confidence in us and in our pledge to satisfy our customers.

Modern Methods

No section can prosper without a bank, unless they go back to barter and exchange and the days of the STAGE COACH.

Therefore it is the duty of all who desire the welfare of this community to encourage the banking business by depositing their money.

In return, it is the bank's duty to loan its funds to its own community first, as this bank does.
