SEVEN KILLED.

PHILADELPHIA, Sept. 15.—Seven and possibly ten people were killed in an explosion of oil tanks at the Atlantic Refining company today. A dozen were injured.

CLUE COLLAPSED.

MENNEH, ISLAND, Sept. 15.—A supposed clue to Roy Gardner, the escaped California mail robber, in the finding of a provisioned rowboat collapsed when a rancher reported that the boat belonged to him.

Many islanders are leaving because of the man hunt. No trace of Gardner was reported today.

THE Y. M. C. A. FEES INCREASED

By a unanimous vote of the directors of the Y. M. C. A. at its meeting yesterday it was decided to increase the membership fees from \$1 to \$12 per year for men and from \$5 to \$10 per year for women. This action was taken because it was believed advisable to increase the fees for the older members to in part make up for the cutting off of the fees formerly derived from boy memberships, which were all placed on a service basis instead of a paying basis as heretofore. The new membership fee for the men and women is still much below the actual cost of membership.

Road Work Inspected By Highway Engineer

The Elgin-Milam road will be one of the finest crushed rock roads in the county when it is finished, according to John P. Birney, county roadmaster, who made a trip of inspection yesterday with R. A. Haddock, division engineer for the state highway commission, and Assistant State Engineer Kelly.

A number of other roads were viewed by the engineers. The Indian Creek market road was one of these. The survey on this road has been started.

Work will be begun on the Union bridge by Burnette and company in a few days and the Kamela road is now 80 per cent completed.

PRUNE HARVEST READY TO START

First Car to be Shipped by End of Week; Harvest to be in Full Swing Next Week.

Picking prunes will begin in a small way at Cove today, according to Chris Stackland, Cove fruit grower who was in town yesterday on business. The first car will be shipped before the end of the week Mr. Stackland declared and by the beginning of next week in both the Cove and Union sections the harvest will be in full swing. The frost have done no damage to the prune crop in Cove and the only fruit that was damaged was the late peach crop, there being few late peaches, however.

The labor problem will be a problem for the fruit growers, in the opinion of Mr. Stackland. Every indication points to a shortage of pickers although there are many men who are idle in town.

FOOTBALL TAKES HOLD OF UNION

Schools of City Have Large Attendance—Union Hotel Has Many Guests.

UNION, Sept. 15.—(Special)—Wednesday evening witnessed the first turnout for football at U. H. S. About fifteen men or better were on hand the first night and by next week about three times that number is expected. Mr. R. L. Morgan who handled the team last year will have football into the scrubs and the first team coach has not been selected as yet. Garland Roe will coach the team.

Judging from last years team Union should have a team this year that will make any team in Eastern Oregon step out to vanquish. Six letter men graduated last year, three from the backfield and three from the line. However, with about ten good remaining lines men to pick from Union will be assured of a strong and much heavier line than last year. The big difficulty at present seems to be in developing a good fullback. There will be two or three good men to try for this position but as yet nothing definite is known of their ability. Dallas, last years quarter is the remaining man in the backfield while Johnson, end, Dolbins and Kuhn and Emmons tackle, Gilmore, Kiehlbeck, Chadwick and Blacker as guards only came in last year. There are plenty of men to take that position and the coach is expecting to put a hard hitting, fast and heavy team on the field on October 10th, when Union High meets Enterprise High for the opening game of the 1921 season.

Union Schools Open With Large Attendance.

Union High School attended eighty-one strong Monday morning and from all reports the grades have surpassed all attendance records although the exact number of pupils is as yet unknown.

Truck Collides With Car.

On Northern Main Street day before yesterday one of the Security Construction Co.'s trucks collided with Nelson Schoonover, a citizen of Union. Mr. Schoonover's car was severely damaged and Mrs. Schoonover suffered severe and painful injuries to her limbs. Several other occupants of the car were shaken up but nobody else injured. From all reports Mr. Schoonover was at fault as he was driving on the wrong side of the street and apparently disregarded the truck driver's signal.

Hotel Notes

Recent arrivals at the Union hotel in addition to those mentioned in above articles are: G. G. Gordon and wife and Miss Alice Beaudoin, of Baker; Milton S. Block, R. Chappell and Roy Snyder of La Grande; J. W. Watson, G. Bentley, W. F. Baker, J. B. Caldwell, Gus Brown, G. M. Stern, H. B. Lamey, Ed. Pahl, R. B. McClelland, J. Farrell, W. Darden, Geo. J. James and R. A. Riggs of Portland; Fred Roe, William O'Neil, Martin Corran and W. V. Leonard of Boise; Geo. H. Evans of Tacoma; J. H. Smith of Walla Walla; E. H. Boyer of Salt Lake City; Frank Vanderhoof of Seattle; Edgar B. Lowe of Spokane; W. R. McCracken of Salmon; and W. M. Saunders, R. E. Augustus of Richland, Oregon.

Lucille Pierce, daughter of Senator Walter Pierce, is at present teaching in the Union Public schools. The following crew of men are in town at present representing the Bell Telephone Co.: A. W. Osburn, construction foreman; C. E. Allen, field clerk; and A. V. Brown, D. H. Davidson, E. E. Labadie, Wm. McArthur, Jos. Wilcox, J. W. Young and H. P. Schaffeld.

Raymond Cook accepted a position as delivery man in connection with Terry's Mammoth store, taking the place left vacant by Sgt. Callahan who is leaving for the O. A. C. Raymond Cook has also taken a position in the First National Bank of Union.

Since Monday the high school has increased to ninety-two and by the first of October over 150 pupils are

THE OUTBURSTS OF EVERETT TRUE—by Condo.

expected. It is hard to estimate the grade attendance at that time but it is sure to be large.

Everything is running according to schedule and all the faculty but one has arrived.

Floyd Maxwell, editor of the Oregon Emerald, was in town visiting his folks, Mr. and Mrs. W. A. Maxwell preparatory to resuming his Junior year at the University of Oregon.

Work on the Main street bridge is progressing rapidly and it is expected to be in two weeks or less.

Ind Wright and wife of Baker, were in the city today.

A group of Evangelists are camped opposite the high school building and are giving free meetings each night.

Professors P. M. Brant and J. T. Jardine of the Oregon Agricultural College are in Union. They are connected with the extension service and are being entertained at the Union Experimental Farm.

Winnie Braden, Publicity Manager of the Chamber of Commerce of Portland, was in the city recently and before giving a very interesting talk to the Commercial Club she was driven through this end of the Grande Ronde valley on a sightseeing trip.

Big dance at Elk's Hall in Baker, Friday night. Lindsey's Orchestra.

HOMES FOR SALE

JOSEPH L. A. S. ELECT OFFICERS

Farmers Have Had Good Year—Season at Wallawa Lake Is About Closed

JOSEPH, Sept. 15.—(Special)—The L. A. S. of the M. E. church held its annual election of officers with a fair attendance last Friday.

The following officers were elected for the ensuing year, Pres. Mrs. Harry Carpenter; vice-pres. Mrs. S. F. White; secretary, Mrs. F. E. McCully. The second session of the society are to give a silver tea next week at which the newly elected officers will preside. Meeting place not yet decided upon.

Pretty Fall Closes Quickly

The farmers dream of a blustery autumn with plenty of time for harvest was rudely shattered last Friday night when we had our first killing frost which however, did not kill everything killable but the one we had Sunday night left nothing undone and left the unfortunate ones with turpie grain with a "Oh! ever thus from childhood hours, I've seen by candlest hopes dreary" feeling. However, it has been a wonderful year for all sorts of crops, plenty of water on irrigated land and some splendid crops have been harvested. There is much hay yet uncut, many silos unfilled, but we are due now to have some fine weather for all that.

Lake Season Closes.

The season at Wallawa lake is practically over for campers, although there are many yet who go up for a day or two to make a grab at the fishy tank. Said tank has grown to unusually large proportions and there is a decided feeling on the part of many that the bag limit of 30

fish or 20 pounds per day be observed. In past years the bigger catch a man could make the bigger hero he became.

Manager McInturff states that there were fewer camp fires this year than formerly and less money spent. Another year when the state highway is opened clear into Union county, it will increase the tourist travel greatly and we will all shortly begin to recover from the price slump. There were this year many cars from outside the state. Several from the far reaches of the state. A few from California were noted and one from New York.

Club Gives Reception.

The Entre Nous club gave a reception to the public school teachers last Friday evening which was a very pleasant and well attended affair. W. G. Bell gave a short talk, welcoming the teachers to Joseph to which Mr. Jory responded. Rev. H. K. Wallis who is to remain with us another year, also made a few remarks. The Joseph orchestra favored us with a number of selections and Miss Esther Eden gave a piano solo. Later there was a social hour during which dainty refreshments were served. The decoration committee had decked the Masonic hall beautiful with all sorts of autumn flowers of which perhaps the loveliest was a great bowl of sweet peas in the club colors which was later sent to Mrs. Dudley Richards who has been ill for some time.

Fountain Pen Ink

Don't try to use common ink in your fountain pen. There is a specially filtered ink which is marked, "Fountain Pen Ink." You can find this in various shades and colors at Silverthorn's.
