Mrs. Arthur Hulse of Evans raised a few nice watermelons to maturity and they were pronounced sweeter than any shipped here. Her mother, Mrs. Mary Zell Ward, has raised some fine squashes in her garden. She also raised some tobacco this year from seeds of last year.

Last—the month of September—we seem to have jumped from August to October, judging by the freezing weather we have been having the past few nights, 22 below zero and a quarter of an inch ice and some snow on Sunday. Surely the late spring grain is threatened with damage and all tender vegetation is blighted for this year, and we will be lucky if the potatoes don't freeze in the ground before they can be dug. The cloudy, damp days have retarded the ripening of some spring grain and even what is in the shock does not have good drying weather.

The past day or two has permitted the threshers to resume work again after being laid off several days waiting for weather to settle. But it has been a good year, and those who tried to raise anything have felt rewarded for their efforts so far as the yield is concerned.

Mr. and Mrs. Donald Courtney returned last week from their wedding trip and are expecting to move to the Courtney place up the south fork, formerly the Dick Cook place, soon to be vacated by Chas. Gray.

Fred Fitzpatrick of Walla Walla and Alfred Fitzpatrick and wife of Pendleton were in last week to attend the funeral of their sister, Mrs. A. P. Crow.

Mr. Spencer of Wallawa and Mrs. Harry Coleman, father and sister of Mrs. Roy Hain of Evans, were visiting at the Hain home last week. Mrs. Coleman attend Mrs. Crow's funeral as she was a distant relative.

Mr. and Mrs. Howard Williamson are here from their home on Mud Creek for a visit with their parents, Mr. and Mrs. D. H. Magill. They report along four inches of snow in the timber north of Lostine.

Down, Monday, September 12, a son, to Mr. and Mrs. Bert Cook, south of Lostine.

Miss Maude Hagen returned to Lostine September 2nd after an absence of several months attending summer normal at Bendleton and later going on a vacation trip to Sitka, Alaska. She reports a fine time and says the only trouble was that she had to come back too soon to take up her school work.

at present but expects to get board in a private family soon.

Mayor W. P. Robinson of Lostine was a Wallawa visitor on Wednesday to see the highway officials in regard to filling in the streets of Lostine that were damaged by the construction crews and work on the highway. There is need of much filling to be done, as in some places the water pipes and water mains are nearly uncovered where they took dirt away for grading up the highway. No Substitute Offered. Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that ninety-nine out of a hundred druggists recommend Chamberlain's Colic and Diarrhoea Remedy when the best medicine for Diarrhoea is asked for, and do so because they know from what their customers say of it, that it can be depended upon.—Adv.
