We can now show you the new fall shoes which have been delayed. There are high shoes in black and brown, oxfords and strap pumps in both high and low heels.

HILL'S DEPARTMENT STORE

THE OUTBURSTS OF EVERETT TRUE—by Condo.

40,000 acres are grown in Idaho, Fred Benson, county agent, secured the record of Jenkins for Umatilla county farmers.

Triple Weight

The prize winning Triple, says County Agent Lewis of Columbia county, weighed 61.3 and showed a freedom from smut. It was grown on some of the best wheat land in the county. The Gilliam county, Baart, which won first was grown on volcanic ash soil, says A. M. Wetherford, Gilliam county wheat grower, and the seedling was from an 800 acre farm averaging 45 bushels to the acre.

High school pupils were admitted to see the show this morning and came in a body to hear a talk by D. E. Stephens, of the Mars Experiment station, and by Mr. Hyslop.

Let your rooms at once for entertainment of teachers, October 19-22. Prevailing price \$1.00 per bed per day. Call high school, Main 704.

The Key That Unlocks the Door to Long Living.

The men of eighty-five and ninety years of age are not the rotund, well-fed, but thin, spare men, who live on a slender diet. Be as careful as he will, however a man past middle age will occasionally get too much of or some article of food not suited to his constitution, causing indigestion or constipation and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done there is no reason why the average man should not live to a ripe old age.—Adv.

S. P. WILLIAMS DIED ON SUNDAY

Prominent Prairie Creek Rancher Stricken With Heart Failure; Was a Wallowa Pioneer.

JOSEPH, Sept. 22.—(Special)—Joseph community was shocked Sunday evening to learn of the sudden death by heart failure of S. P. Williams, a Prairie creek rancher and stockman. Mr. Williams has been in poor health for some time and his physician had warned the family that his death might come suddenly. He was, however, able to assist about the ranch and was in town Saturday Sunday afternoon he was driving a hay rake when he was seen to fall back wards, but he had breathed his last before help came. Mr. Williams was a pioneer of Wallowa county, having lived on the ranch where death came to him for thirty years. Mr. Williams was a native of Johnson county, Missouri, where he was born in January, 1858. When 19 years of age he went to Colorado and engaged in the cattle business, which he followed for five years. Then he returned to his Missouri home, where he lived until 1882. Coming to Enterprise at that time he stayed but a year and then went to the John Day country. Wallowa county, however, seemed best and he returned in 1890 and the following year purchased the ranch where he lived his remaining years.

He was married in 1882 to Miss Mary Delaney, and to this union one son was born, Robert Williams, who with his family, lives on the home ranch.

Mr. Williams was an honest, upright citizen, who always stood for the best in life and was ready to lend aid to any worthy cause. He was also a successful rancher and stockman, having one of the best of Prairie Creek ranches, well stocked and cared for. He leaves his aged wife and one son to mourn his loss, besides other relatives in the East. His remains have been laid to rest in the Prairie Creek cemetery.

Carl Wheat Notable.
The Carl Jenkins wheat which won second is from a 10-acre field and which averaged 50 bushels to the acre. Carl & Son will grow 80 acres of Jenkins this season. The seed used in this county came originally from Idaho, says H. W. Hulbert, of Idaho State College faculty who is here today. The original growers, were Benscoter Brothers of Idaho, who started the seed several years ago. Now about
