BRIDGE NEARLY FINISHED NOW

Union High School Prepares to Meet Alumni in Football; Class Officers Are Elected.

UNION, Oct. 6.—(Special).—Tuesday morning about ten o'clock the residence of Dr. T. M. Gilmore caught fire and considerable damage was done before the fire department could extinguish the conflagration. Dr. Gilmore estimates the damage at about \$200 or \$300.

After Roy Stotts and Garrison had driven "Moonshine Molly" down to Salem and made every preparation for entering the races the machine west "fluey." Apparently no cause as Stotts and Garrison had kept the machine in shipshape. But then it was known that Moonshine Molly could ramble and maybe somebody wasn't taking any chances.

Bridge Nearly Completed.
 The main street bridge is on its last lap figuratively speaking. The bridge is already for the superstructure and it is safe to say that within ten days Union will be the proud possessor of a fine new concrete bridge.

R. H. Bonney, in charge of the fish hatchery, made a trip to Prairie City Wednesday for the purpose of planting about fourteen thousand young trout in the John Day river. Mr. Bonney went by rail to Baker and from there by truck.

Mr. and Mrs. James Ross of La Grande are planning on making Union their permanent home here in the future. Mr. Ross will take position in the Eastern Oregon Meat Co. of Union.

The Alumni vs. High School football game will be played Friday, October 7 at the Stock Show grounds. The Alumni have raked up quite a formidable aggregation and according to dope they have, should be able to defeat the high school—but you never can tell.

The Alumni line up will probably be: Elwyn Davis, quarter; Hilbert, McCann and Wilson, halves; Miller or Galt, fullbacks; Skiff, center; Huffman, C. Callahan, Bunick, Hall and Beuchorough, guards; Rodman, Harsh, Morris, tackles; Kohler, Crossland and Ford, ends. Wilson played on an army team, and practically all the others have made creditable records on some high school team and they should be able to put up a real battle.

The group of men working under the Pacific Telegraph and Telephone Co. left Union headed for Baker Tuesday.

As yet no returns in regards to the examination for postmaster have been received.

Everett Kuhn was a visitor in Imbler last week.

Francis McNeil spent the weekend visiting Roy Titus. The boys were old time pals during army days and are having quite a reunion.

Friends Surprise S. E. Miller.
 Monday evening a group of friends surprised S. E. Miller at his home. The occasion was his birthday anniversary. The following gentlemen attended: F. S. Slater, G. F. Hall, and son, Harold; Geo. A. Schird, C. W. Erwin, George Hartland, Roy Conklin, C. S. Miller, Arthur Miller, L. Z. Terrall, F. R. Conner and C. E. Caldwell. Everyone reported a very enjoyable time.

Eight thousand Eastern Brook trout were sent to Halfway and emptied in Fish Lake by the Union Fish Hatchery. The day before a like number was emptied into Lost Lake near Haines, Oregon. Mr. and Mrs. John Brant made the trip for the hatchery.

The Union Public School Faculty was completed recently with the arrival of Miss Marie Best of Hillsboro, North Dakota. She is a graduate of the state normal school of Illinois and is well fitted for her position which has tenured to third and fourth grades. She arrived Tuesday noon.

High School Election.
 The result of the high school election is as follows: Everett Kuhn, president; Chester Knutson, editor-in-chief; Chester Knutson, business manager; Robert "Bud" Winkler, well known; 355 business manager; treasurer. Robert Knutson resigned of his position as business manager and Knutson took his run-up in the election was given the job.

Everything is pointing towards a record-breaking year for the U-H. official publication of the Union high school. Chester Knutson as editor, has selected the following staff: News, Alice Hall; Jones, Hattie; Questions, Sport, Max Jensen, Pro-

matics, Ida Bellus; Society, Bobbette Wright; Departmental, Hollis Hetrick; Faculty, Miss Neilson; Exchange, Darrell Kileblock, Eudell Gray as business manager of the U-H, has selected Deed Dallen and Deon Wolf as assistants, and Kenneth Caldwell as circulation manager. The first issue of the U-H will probably be before the public in about three weeks.

On Friday night the Sophomore Class will give an initiation party to the Freshmen in the Union high school room. This is an annual event and many high links are pulled off at such a party. Everybody is looking forward, eagerly toward the culmination of the event, however.

The high school football team is putting on the finishing touches in preparation to attempting to take the Union high school alumni into camp. Nothing further has been let out in regards to the team in general or the positions but it is expected to see about the following line upon Friday afternoon: Gilmore, center; Kileblock and Blacker, guards; Kuhn as one tackle; Johnson and Hetrick, ends; Dallen, Johnson, Callahan and Cook in the backfield.

The Alumni game will be another instance of brothers against brothers. Cameron Callahan playing tackle for the Alumni will probably find his brother, Gatewood Callahan, playing fullback for the high school and they ever find one another its hard telling which man will go down. Both are six-footers and hard as nails.

Wanted Show to Begin.
 I had taken my nephew to church with me. His father had taken him to vaudeville shows many times, but this was his first visit to church. While waiting for the sermon to begin, Billy whispered to me, loudly: "Auntie, when's the curtain going up?" —Chicago Tribune.

Three Classes of Readers.
 There are three classes of readers—some enjoy without judgment; some judge without enjoyment; some there are who judge while they enjoy, and who enjoy while they judge.—Goethe.

Needed Explaining.

A pompous old gentleman was addressing a gathering of English workmen and during his remarks he urged them to "be industrious." Stung in silence and remembering that sloth is the parent of necessity, he paused to let this stick in a man in the rear seat out: "Look here, mister, I've heard it said 'no necessity is the mother of invention'—if so be as it is, then sloth is invention's grandmother, and summer's wrong somewhere." —Boston Transcript.
