

Mrs. Rose M. Brown Gained 20 Pounds In Four Weeks Time

Declares It's Simply Astonishing To See The Wonderful Benefits She Has Derived From Taniae—Says Terrible Headaches Have Disappeared.

"It sounds unreasonable, but I have actually gained 20 pounds in less than a month's time by taking Taniae, and the wonderful benefit I have derived from the use of this medicine is simply astonishing," said Mrs. Rose M. Brown, 111 Third street, Manchester, N. H.

"Why, I am so happy to be relieved of my troubles I can really never praise this medicine enough. Up to the time I began taking Taniae, I suffered for something over two years with a very bad form of stomach trouble.

"My appetite was so poor I could scarcely eat a thing. My stomach would be so badly bloated with gas sometimes I was almost afraid to go to bed for fear I would actually smother. I felt tired and worn out most of the time and became terribly discouraged over my condition. I often had such violent headaches I was unable to be out of bed for two or three days at a stretch.

"Four bottles of Taniae completely restored my health and anyone can see at a glance the wonderful change that has taken place in my condition. I have a splendid appetite now and the stomach trouble has entirely disappeared. I can eat just anything I want without ever feeling a sign of indigestion. The best of all, I am never bothered any more with heart

MRS. ROSE M. BROWN.

Mrs. McCormick

A new photo of Mrs. Harold F. McCormick, daughter of John D. Rockefeller. McCormick confirms the fact that they are living apart.

The Symbolic Eagle.

The eagle stood for two things in ancient symbolism. The Greek name for the monarch of the air was a word meaning "rapid motion." The deeply mystic Hebrews, after watching the great bird sitting motionless, contemplating the sun, gave it a name which meant "meditation." In early Christian art the eagle became the symbol of spiritual power, because it was able to soar tirelessly through the highest places. The lion was the symbol of human pride and temporal power.

Vagaries of Lightning.

The keynote of it all, in the opinion of the experts, seems to be that in the outbursts and goings of lightning man plays a small part. Many of the phenomena which it has become a habit to take any form of blind instinct, but seem safety in obvious things. Here there is really no safety at all, and from the vagaries of expert opinion a few generalities emerge, which offer some consolation as being the best possible under the conditions.

Worth the Price.

Joe Tomkins says he never hesitates to lend an umbrella, because it's worth the loss of the umbrella to get rid of a false friend.

"The Immature Sex."

Jack London spoke of women as "the immature sex," and by saying that "men are far more modest than women," he stepped into the heated air of argument, bringing down storms upon his head. But he considered that he had several braver names to bear him out among Jean Paul's "Love increases man's delicacy, and lessens woman's," and Bernard Shaw's: "If women were as fastidious as men, morality and physically, there would be an end to the race."—*Charlton London in the Century Magazine.*

Was Papa Delighted?

Wife (telephoning to hubby)—"George, dear, I'm going out for half an hour, but I've put the telephone near baby's crib so you can keep him from crying by slugging some lady who while I'm gone."
