SCHOOL GIRL IS RUN DOWN

Lostine Youngster Walks in
Front of Car and Suffers
Slight Injuries.

LOSTINE, Oct. 14 Special. The
Live Wires, a class of girls in the
Lostine Union Sunday school, went
on a hike and picnic last Sunday af-
ter Sunday school. Those going were
Edith Nolan, Dorothy Duncan, Thom-
man Crippa, Lulu Childers and Miss
Georgia Childers who went along as
chaperones.

The business block in town oc-
cupied by the Williams & Seaman
hardware store and the Little Gem
grocery was freshened up last week
by a new coat of paint. Nearly all
the business houses in Lostine have
now been treated to fresh paint this
year which is a great improvement.

Chickenpox has broken out at Ev-
ans among the children. Lostine peo-
ple hope that the malady will not
come here as it would interfere
greatly with school work.

Mrs. George Hearing, Sr., of Wal-
lowa came up last week for a visit
with her daughters, Mrs. George
Childers and Mrs. Oliver Wood.

Charles Bridwell and John Mc-
Kenzie have been laying a new side-
walk at the Presbyterian church as
well as repainting the building and
doing some work on the grounds.

Mrs. Gerkey Candler gave a dinner
last Sunday in honor of her niece,
Mrs. Sadie Clemens and her husband
and son. Those present were Mr.
and Mrs. J. C. Cook and son, Mr.
and Mrs. Mack Cook and grandson, Har-
old Whitely, Mrs. Ethel Cook and
children and Grandma Hammock.

The dinner was in the nature of a
farewell dinner for the Candler who
have sold their home and are moving
out this week giving possession to

George Houser, the buyer. Mr. Can-
dler is not certain whether they will
remain in this part of the country or
not, so they have moved to the Pol-
ley farm for the winter which Mr.
Houser has just vacated. Mr. Can-
dler may buy here or may locate in
the Wallawalla valley.

Mr. and Mrs. Lewis Ward of Al-
der Slope are down visiting Mr.
Ward's brothers, George, of near Los-
tine and Frank of Evans.

Mrs. Steve Housh was stricken ill
Monday evening with an acute attack
of asthma but was soon relieved by

the ministrations of neighbors, and
is still improving.

Chris Johnson has installed an
electric milking machine in his dairy
barn which is proving quite a success
and a labor-saver. A number of
dairymen around Lostine are using
milking machines now in their dai-
ries. Roy and Ralph Harm, of Ev-
ans have used one for about four
years. J. P. Gillespie, Al Thompson,
Evan Allen and Tony Sherwood have
also been using them. Most of the
machines are run by gasoline en-
gines.

Mr. and Mrs. Howard Williamson
of Mud Creek came in last Wednes-
day to visit the home folks and at-
tend the fair.

Harry Redder finished the season's
run of threshing on Tuesday and
pulled his machine into the shed. The
grain is all threshed in this part of
the county now and apple picking and
potato digging is the order of the day
among the farmers. Many reports
of a poor crop of potatoes this year. There
are either few in the hills or they
are small. They were frozen pretty
early which checked their growth.
This has also been a poor cabbage
year as there have been hordes of
cabbage worms and nothing seemed
to check their ravages. But the other
crops are good compared with re-
ports from the eastern states where
hot weather checked the filling of
oats where, in parts of Minnesota,
the farmers are getting only 16 cents
a bushel for it.

The United Missionary society met
last Thursday at the home of the
president, Mrs. F. L. Pearce. Meetings
have been postponed since early sum-
mer because of the busy season. Mr.
Ray Curry led the program, the sub-
ject for study having been "Work
Among the Negroes of the South."
The next meeting will be with Mrs.
Marietta McCubbin on Thursday, No-
vember 3. Mrs. Pearce will be leader
at the meeting. The subject for
study will be Cuba and the West In-
dies.

Mr. and Mrs. S. M. Crow and chil-
dren visited Mr. Crow's brother,
Charles, and wife at Hurricane
Creek last Sunday.

Mrs. F. F. Shafer and children of
Baker came in Sunday to visit Mrs.
Shafer's sister, Mrs. Floyd Hammock
and family. Mr. and Mrs. Earl
Prout, the latter another sister, came
up from Wallawa Sunday to visit
with them. Mrs. Hammock took
Mrs. Shafer to Enterprise Tuesday so
she could visit another sister, Mrs.
Gribbling, who lives near there.

W. B. Hunter shipped several cars
of stock to Portland Saturday. The
shipment was mostly lambs.

Mrs. J. Cripps and Mrs. M. Reid
have opened a lunch room in the old
hotel building on Main street.

those chocolates were
wonderful. Jack says he
always asks for Vogan's.
I think you can judge a
boy by the kind of choc-
olates he selects—don't
you? It proves his judg-
ment and consideration
beyond doubt."

Did you ever taste any-
thing so good as these
immense Oregon cher-
ries in cream with this
