

Children Crave CANDY

The safest and most appetizing form of sweets which children require may be found in

Krause's Candy

There are many special kinds such as lime and fruit confections which are especially good for the little folks. School children favor our candy shop, because they know that we have just what they want.

Of course, candy that's safe for children, is good for grown folks, too.

POULTRY FLOCKS

BEST BREED FOR CAPONIZING

Rocks, Brahmas, Cochins, Langshans and Wyandottes Are Favored by Different Producers.

(Prepared by the United States Department of Agriculture.)
In selecting the breed best suited for caponizing, several factors must be taken into consideration, say poultry specialists of the United States Department of Agriculture. Large capons bring the best prices. Consequently the breed should be large. It does not pay to caponize small fowls. Yellow legs and skin, as in other classes of poultry, are most popular. Plymouth Rocks, Light Brahmas, Cochins, Cornish, Langshans and Wyandottes are all recommended by different producers, as are also various

Performing the Operation.

crosses of these. Orpingtons also make fine capons, but the white legs and skin are somewhat of a disadvantage in this country.

Brahmas and Cochins possess good size. Some breeders claim that Brahmas are difficult to operate upon; others deny this. Plymouth Rocks and Wyandottes are somewhat smaller, but sell readily and possess the advantage of yellow skin and legs. The Langshan is large and is easily operated upon. The Cornish is probably most useful as a cross with some of the other breeds, thereby improving the breast meat without materially reducing the size of the fowl.

In Massachusetts the Brahma was formerly the most popular breed because of the demand for large birds for roasters. Later, crosses between the Light Brahma and the Barred or White Plymouth Rock became quite popular, while at present pure Barred and White Plymouth Rocks are perhaps most widely used.

WHEN FOWLS' COMBS FREEZE

Best Remedy is Mixture of Lard, Quinine and Kerosene, Melted and Mixed Together.

Even in cold weather fowls should have good ventilation and fresh air, and this sometimes leads to frostbite on combs and wattles. These are not particularly serious if looked after properly, but if neglected may ruin the fowl's appearance, as well as cause unnecessary suffering.

Breeds with large combs need especially good attention. The best cure is to apply an ointment made of lard two ounces, quinine one ounce and kerosene three ounces, melted together and thoroughly mixed. The ointment should be rubbed gently on the affected parts once daily for several weeks, or until the parts become normal.

DISTRIBUTE BUILDING COSTS

Proper Share of Expense for Replacing Old Buildings Should Be Charged to Income.

A proper share of the cost for replacing old farm buildings should be charged to the farm income each year. Buildings may be constructed to last for 100 years, or they may stand only a third of that time. If the cost of replacement is not charged into the yearly accounts the whole bill will appear against the income for a single year. Depreciation charges for buildings, machinery, or other farm equipment are merely a method for distributing these costs over the period of years in which the equipment is in actual use.

DETAILS OF NONLAYING HEN

Knowledge of Little Points Not Absolutely Necessary for Profitable Job of Culling.

While there are many little details connected with the build and form of the nonlaying hen that are well worth knowing, many of which require some study and practice, a knowledge of these details is not absolutely necessary for a fairly good and paying job of culling the farm flock.

ROUP IS MOST DESTRUCTIVE

Disease is Usually Caused by Drafts in Poultry House and by Lack of Fresh Air.

Roup, one of the most disastrous diseases the poultryman has to combat, is usually caused by drafts in the henhouse and lack of pure air. Every crack should be closed if it allows the air to blow over the fowls. Also an opening near the top should be provided, so that the fowls may escape.

Happening Not Far to See

You observe the world in a new way, which is within the reach of every man, woman and child.

PROSPECT YARNS

JCPenney Co. 312

J. P. COAT'S CROCHET THREAD

CHILDREN'S COATS

Travels Alone

Dorothea Jarzoubeck, seven-year-old Polish girl, travels alone from Poland to Chicago, Ill., to join her parents.

Daily Thought.

A thought is often original, though you have uttered it a hundred times. —Hobbes.

Avoid Trice During Storm.

It is generally conceded that to seek refuge under a tree during a thunder storm is more dangerous than to stay out in the open. Some trees are more often struck than others, and one scientist describes the sycamore tree as the most susceptible of all. But the man who considers himself safe under an oak, because there is a sign more a few yards away, is putting a sublime faith in statistics. City dwellers are safer than country folk. The great high masts of steel and masonry towering overhead offer a protection.

A Saving Grace.

Nothing will cheer up a homesy man more than to tell him he has character in his face.

Hard to Get.

They use stone money on the celebrated island of Yap. It's a good way to avoid floating debts.

Cape Colony—Hong Kong.

Cape Colony, now forming the province of the Cape of Good Hope in the South African union, was occupied by the Dutch as early as 1652, but was captured by the British in 1795, and ruled by them until 1803, when it was restored to Holland. Great Britain again took Cape Colony in 1806, and it was formally surrendered to her by treaty in 1814, remaining under British rule ever since. Hong Kong was occupied by the British in 1840, and ceded to Great Britain by the treaty of Nanking in 1842.

Why is it that women who are in love with a man who is not in love with them are called "lovesick"?

Tell 'Em With Flowers.

Some girls have to be kidded; others have to be orchidized.

Stiff? Sore?

A lame back, a sore muscle or a stiff joint often is considered too lightly by the sufferer. It should be remembered that backache, rheumatic pains, stiffness, soreness, sallowness and puffiness under the eyes are symptoms of kidney and bladder trouble—and these certainly should not be neglected.

Wiley Kidney Pills

help the kidneys eliminate from the system the poisonous waste and acids that cause these aches and pains. They act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to healthy, normal condition.

J. E. Simmons, 408 E. 5th St., Portland, Ore., writes: "I was troubled with backache and urinary trouble. I tried Wiley Kidney Pills and will say that I highly recommend them to any one troubled in that way, as they are excellent."
