Mr. Short Home.
After spending several days in Portland with the J. C. Penney store headquarters and there for every farmer there of the Northwest, C. E. Short has returned home. He is in a good frame of mind for the reports for future and business conditions furnished by the Penney people all over the United States indicate an excellent business how they have grown in numbers and in winter and spring. Especially do dealers today they are one of the things look bright for spring. The greatest powers in the world, Penney stores go into many communities and therefore a survey from them old and young but they were especially means a survey that includes about by adapted to the boys and each boy all the industries of the country. There grasped his meaning clearly. The Sted is positively no cause to feel blue or dark Brothers quarters also furnished alarmed," said Mr. Short, "the great music for the occasion." old U. S. MANY BEARS NEAR STARKEY

Shepherd Gets Scared of a Bear and Herd Punishing Away Scared Bear.

STARKEY, Oct. 17.—(Special.)—A. J. Sullivan, an old-time resident of Starkey and a veteran of the Civil War, is gathering up horses to take to Pendleton. He is 74 years of age and was a scout and teamster in the Civil War. He has been living in the Blue Mountains for over 30 years and in spite of his age he is still hale and hearty. For the past four years he and his family have been making their home in Pendleton.

W. H. Briggs threshed his grain this week and moved over to Len Ingram's place and is threshing there now.

Mrs. John Wells is in La Grande visiting friends and relatives. John Wells and J. S. Ross are hauling their wheat to Hilgard where they will put it in a car for shipment. The roads are good for mountain roads, except that they are rather rocky down toward Hilgard.

Tom Bolls of Pendleton and an Emmett, Idaho, sheep buyer, were here to look at ewes last week, but the owner of the sheep, John McNamee, refused to sell his flock.

John McNamee took out 1250 lambs to Pilot Rock for shipment. He sold them for \$3.25 per head. They were a fine lot.

China brothers bought 1,000 tons of alfalfa hay at \$5 per ton at Echo, their home and winter quarters, and will hold their lands for their refuse to take \$3.25 for them. The wool in the spring will pay for the wintering of them and there will also be much meat. Cunha brothers bought 1,000 tons of cattle for better prices. They say sheep and cattle cannot be raised at a profit when the prices they bring are as low as now and everything else is so high.

Pat Healy took out his band of sheep this week. He is on his way to Hilgard with them.

John McIntyre's sheep also went out to Hilgard this week.

Joe Padro's sheep passed through here during the week. Mr. and Mrs. Jack Staree and her sister and brother-in-law, returned Thursday from their week's visit at Hilgard. Tom Guiley and other hunters report that it is too dry for good hunting now. However a week ago one hunter got a fine buck. The trappers in this section trapped a half wolf yesterday and half coyote this week. It put up a fight and was caught in the trap with one foot. They shot it between the eyes.

Bears are very troublesome now and one camp tender killed a big brown bear. He shot it, but it kept coming toward him and then he drew a bead on his forehead. One bear came up one night on his hind legs and looked into Pat Healy's tent. The herder who was in the tent rolled under the tent wall and ran. The bear got scared and ran the other way. The herder was afraid to stay alone after that and Healy had to send Bill Farrell of Hilgard, known as a bear-killer, to keep the bears away. Bill reports that there are no bears and that he could not find any tracks. But the herder says that Bill sleeps too soundly and the bear comes every night and runs the sheep from the ground.

BOY SCOUTS HAVE A GREAT MEETING

Oscar Kirkham Proves to be One of the Big Men of the Country Today.

It is regrettable, according to the general view expressed Saturday evening, that the entire city of La Grande could not have heard Oscar Kirkham of Salt Lake in his lecture to the L. D. S. amusement hall on Fourth street.

The attendance was good but it should have been ten times as great for seldom is it possible to listen to such a treat. Scout Master Pryke had a number of his scouts present in uniform and there was a large crowd of boys present who do not belong to the order. With them were the fathers, and many of the mothers attended. It so happened that Herbert C. Iverson, prominent in L. D. S. circles, was in the city that evening and the occasion was greatly enriched by his splendid address to the boys which preceded the lecture of Oscar Kirkham. Mr. Iverson deeply impressed the need of correct living and clean lives. He said: "Every thought makes an act, every act makes a character and character makes destiny."

When Mr. Kirkham appeared before the boys it was plain to be seen that he is a boy man. Those boys were his from the moment he opened his mouth. First he had them walking down the lane, as it were, doing a good turn lane and there for every farmer there of the Northwest, C. E. Short has returned home. He is in a good frame of mind for the reports for future and business conditions furnished by the Penney people all over the United States indicate an excellent business how they have grown in numbers and in winter and spring. Especially do dealers today they are one of the things look bright for spring. The greatest powers in the world, Penney stores go into many communities and therefore a survey from them old and young but they were especially means a survey that includes about by adapted to the boys and each boy all the industries of the country. There grasped his meaning clearly. The Sted is positively no cause to feel blue or dark Brothers quarters also furnished alarmed," said Mr. Short, "the great music for the occasion." old U. S. FARMER'S WIFE NEAR STARVED

Mrs. Peterson Suffered Awful Pains After Every Meal—Is Now Well As Ever.

Declaring she was actually starving to keep from suffering awful misery, Mrs. Amy Peterson, wife of a prosperous farmer of Lakeville, Mass., gave out a remarkable statement, recently, in connection with her relief through the use of Tanlac.

"Sometimes I wonder how I lived through it all," she said. "I would have attacks of acute indigestion nearly every time I ate anything. Those terrible cramping pains and the distress from gas and bloating were almost unbearable and I just thought there was no hope for me."

"But now I'm eating anything and I feel as strong and well as I ever felt in my life. I've gained back all the weight I lost and six pounds besides and I know from my experience what Tanlac will do. It's the best medicine in the world."

Tanlac is sold in La Grande by Silverthorn's Family Drug Store and all leading druggists.—Adv.

HOT LAKE HAS A THUNDER STORM

Lightning Flashed and the Thunder Rolled in That Part of the Valley.

HOT LAKE, Oct. 7.—(Special.)—People in this vicinity experienced an old middle state thunder storm Saturday night and many were both frightened and entertained for it is about the first of the kind ever witnessed here.

The lightning played back and forth between the mountains, setting up a pyrotechnic exhibit that might cause new Benjamin Franklins to get busy trying to harness it. Thunder rolled throughout the canyons and the bombardment of the heavens lasted for some time.

Along with the storm came a good rain which was highly appreciated for every farmer in this section felt the need of rain on his fall grain.
