

UNION FOOTBALL TEAM CHANGES

Defeat of Saturday and the Shake-up in Line-up Make Boys Hopeful for Next Year.

UNION, Oct. 19.—(Special.)—Mrs. C. Nicholson, mother of James Burks of Union, passed away at her home Monday morning at about 10 a. m. Her death is a sad shock to her friends and relatives as she was a prominent member in her town's social activities. The funeral will be held either Thursday or Friday.

W. C. Ross and wife and O. W. Ladwick and wife, of Baker, dined at the Union Hotel Sunday evening. The Hotel Grill is becoming quite popular with the out of town people.

Mr. and Mrs. Wallace L. Coffey of Haines registered at the Hotel Sunday. They are visiting old friends in Union.

W. L. Parker and wife of Davenport, Iowa, arrived and registered at the Union Hotel Monday. Mr. Parker, a retired business man of Davenport, is motoring from his home to California, where he expects to spend the winter. He has been on the road since September the first. He says he's having a fine trip.

Mrs. Stella Ingle, Grace Barrie and H. A. Bodmer of La Grande dined at the Hotel Sunday evening.

Another party from La Grande to spend the evening at the Hotel was composed of Mr. and Mrs. Harley D. Smith and Mr. and Mrs. L. B. Larson.

Bertha A. Davis, in charge of the Domestic Science and Economics Department at the Oregon Agricultural College, was in Union Monday. Her object was to inspect the culinary department of the high school.

James E. Boyer and wife of Brigham, Utah, are staying at the Hotel at present. Mr. Boyer is representing the Baron Woolen Mills.

Other arrivals at the Union Hotel are G. L. Murphy and N. C. Taylor, A. Roamer, R. F. Hill, J. F. Scroggin, Hugh Koch and E. T. Patterson, all of Portland; E. H. Morton of Salt Lake City; A. E. Jackson of La Grande; C. J. Newlin of Victoria, B. C., and Mr. and Mrs. M. M. Cullough of Hood River, Oregon.

Robert Withycombe, son of the late Governor Withycombe, is the proud possessor of a bouncing baby boy. The youngster was born last Wednesday morning and the mother is recovering nicely.

A considerable shake-up was felt amongst the ranks of the Union football team as a result of the game with La Grande last Saturday. It was rather overwhelming, but the fellows say "watch us next year."

The shake-up will probably place the backfield something like the following: Cook at quarter, Dallen and C. Johnson as halves and Callahan at fullback. V. Johnson will probably be shifted from right to left end, and Kent, Hetrick and Blacker will probably have to show up better than they did Saturday in order to gain a berth on the regular line-up. In fact Cook and Callahan were the sum total of the Union backfield that could make any yardage Saturday. Billings states that poor generalship on the part of the quarterback was responsible for six touchdowns. Union plays Joseph at Joseph next Saturday and if Union don't show up far better than last Saturday it is predicted that the second team will be called upon.

However, there was no excuse for Union's overwhelming defeat Saturday as Union had practically as heavy a team as La Grande and plenty of good men if they had only played football according to Hoyle, instead of attempting the impossible.

Look for a real game with Enterprise at Union on October 29!

A new set of cabinets have been installed in the manual training department in Union high school.

The Union Main street bridge is being finished this week. The superstructure is being erected at present and with the addition of this the bridge will be open for traffic.

Mrs. Brent Stargill of Union is visiting in Elgin this week.

The contract for the printing of the U-HI has practically been awarded to the Wallows Sun.

The Union fire department is being completely overhauled this week by H. E. Rodman. It certainly needs it.

A good sized crowd attended the La Grande-Union football game Saturday. Most of them remained in La Grande for the dance.

CAFETERIA IS FAR FROM CITY

Yosemite Valley this Year Gave Tourists Chance of Eating in Town Style.

YOSEMITE, Calif., Oct. 19.—A cafeteria in the Yosemite National Park miles from the big cities where tray carriers generally are found, this year apparently solved a problem of furnishing food at medium prices for tourists far from a railroad. During the last five months, approximately 250,000 meals were served at an average cost of about 48 cents each.

The cafeteria was the first ever established in any national park and it has been so successful that other parks have written for details of its operations. It is probable that the idea will be copied.

Secretary Fall of the Department of the Interior, while here this summer, became a tray carrier at the cafeteria and declared he thought the establishment was a step in the right direction to provide good accommodations at the lowest possible prices.

Food served in the cafeteria is the same quality as that served in Yosemite's American plan resorts charging as high as \$7.50 and \$10.00 per day. The prices differ little from those in cafeterias in San Francisco and Los Angeles. The food is sold at cost, as employees of the National park company make up about half the cafeteria's patrons.

Scores of campers came to Yosemite this year, pitched their tents along the Merced river and took their meals at the cafeteria.

The Equitable Building and Loan association of Portland has filed an increase of capital stock at Boise from \$10,000,000, to \$25,000,000.

DEBTS REDUCED.

ROME, Oct. 19.—The efforts of the Italian government to reduce its annual deficit are bearing fruit as is evidenced by the recent report made the Finance Ministry.

According to the report, the Italian tax receipts for April, the last month for which all statistics have been compiled, were greater by \$2,200,000,000 lire (about \$48,000,000) than they were in the corresponding month before the war. The pre-war receipts amounted to 254,000,000. The receipts for the past April amounted to 1,451,000,000 lire.

This means a per capita rate of about 315 lire (about \$12.60) per year.
