

J. J. DOBBIN HAS PASSED ON

Aged Father of Prominent Joseph Resident Answered Last Call Last Week.

JOSEPH, Oct. 20.—(Special)—J. J. Dobbin, aged father of J. H. Dobbin, passed away at the Dobbin home Wednesday, October 12. After the funeral services J. H. Dobbin left with his father's body Friday to place it beside that of the mother who has been dead for some years. J. H. Dobbin is a member of a large family who will be together for the first time in several years at the father's funeral in Illinois.

The deceased has been living with the J. H. Dobbin family for several years and was a familiar figure in Joseph and Enterprise. He took great delight in working with the flowers about the lovely country residences of the Dobbins. Of late his health has been feeble and he has had to give up much active labor even with the flowers. The many friends of the family extend sincere sympathy.

Joseph Chapter O. E. S. is planning a dinner for all members for the official visit of the N. G. M. Mrs. Minnie Letson, of Ontario, who is scheduled to be here Tuesday, October 25.

The M. E. church service last Sunday morning was dedicated to the pioneers of Wallowa county. There was an excellent sermon and special music. The new editor of the Joseph Herald, O. G. Crawford, and his wife favored us with a beautiful duet.

Rev. Wallis left Monday for Boise, Idaho, to attend a two weeks' school of pastors. Mr. Wallis is doing a splendid work in Joseph and will doubtless receive many helpful suggestions for work along the lines he is following.

At the flag contest Tuesday night the fifth grade won the beautiful U. S. flag given to the room having the highest number of votes. The lecture by Rev. Herring was well worth attending.

Mr. and Mrs. J. T. McClain returned Saturday from a two weeks visit in Parma and Cambridge, Idaho, with relatives. While away they attended the Round-Up at Weiser.

Mr. and Mrs. F. D. McCully and little son Frank, who recently attended the family reunion and birthday celebration of Grandpa VanVactor, aged father of Mrs. McCully, at Goldendale, Washington, have returned home.

The Joseph teaching force is back on the job en masse after a tussle with the county fair and a three-day institute at La Grande. They are generous in their praise of the hospitality of La Grande during the institute. This is examination week and the grim deaths or die lines on the faces of the youngsters are in evidence.

Musical Day at the Entre Nous Club was of unusual interest. Sketches of two of our most noted American composers, Edward McDowell and Chas. Cudman Wakefield were given with some of their best selections. The Enterprise Woman's Club invited the Joseph club to visit them Thursday, October 27, when they are to entertain all clubs in the county. The invitation was accepted and now we hope this lovely Indian summer will stay just a little longer.

The two miles of post road under construction just east of Joseph, which is the beginning of the road to Armin on Marr Flat will soon be finished. Gravel is being spread and with the continued good weather will be done

before November 1. The Prairie creek bridge, which is to complete the Joseph-Enterprise stretch of the state highway, will also be finished by that time, which is the time limit. The bridge abutments, being in boggy ground, caused delay in the finish of the bridge.

Legion Presses Suit to Force Payment to Vets Made Insane.

PROVIDENCE, R. I., Oct. 19.—Whether former soldiers whose minds were wrecked by shell-shock, wounds and gas are temporarily or permanently insane is to be determined in three suits to compel payment of war risk insurance by the government, filed in the United States district court here by James B. Littlefield, attorney acting for the American Legion.

The action has been taken in behalf of three soldiers, Adam Mikiewicz, Guiseppe Vitullo and James McGee. It is alleged by the Legion attorney that the three are totally disabled as a result of insanity. The government insurance bureau, Mr. Littlefield charges, has refused to pay the insurance of the men on the ground that they are but temporarily disabled and

may recover their mental faculties. Hundreds of New England service men, their minds derailed from shell-shock, wounds and gas are confined in state institutions for the insane and in private hospitals. If Attorney Littlefield wins his cases, similar suits will follow in federal courts in all New England states and, with a precedent established, in all parts of the country.

"These men were returned from service in the army as insane, and it has been established that their insanity is due to army service," Mr. Littlefield declares. "Yet the government refuses them the financial aid to which they are entitled under the war risk insurance act and they have not drawn a cent from their policies. Two must remain confined in the state asylum unless they can collect the \$57.50 a month for 20 years on their policies. This amount would enable them to be released from the asylum and allow their families to care for them."

SEATTLE SEEKS VISITORS OF PROMINENCE AT SHOW

SEATTLE, Oct. 20.—Invitations to attend the Pacific Northwest Fruit Exposition, to be held in Seattle, Nov. 21-25, have been sent by Manly E. Haynes, executive secretary, to Henry C. Wallace, secretary of agriculture, Albert B. Fall, secretary of the interior, and Herbert Hoover, secretary of commerce. It is realized, of course, that the duties of these high government officials are such that it may not be possible for them to attend the Exposition in person; but assurance of their great interest in the Pacific Northwest fruit industry had been received before the invitations were sent, and it is expected that their departments will be officially represented. When Secretary Fall viewed the Pacific Northwest recently he declared his purpose soon to return for a more detailed study of the reclamation projects of this region; and it is thought possible that he may take advantage of the opportunity afforded by the Exposition to see the fruit products of the Northwestern states at their best.

In an average life of 70 years, not counting the first 10, over 21 years are spent in sleep, over 15 in work, 11 months in dressing and undressing, and 7 months in church going, says one statistician.

LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.

"You people are no more to me than the Chinese, or the nigger of Africa, or the dirty, turbaned dweller of India," snapped over at the audience in Godwin's peculiar way, made the crowd wince a little. "Every man in Christ is my brother," was the concluding part of the statement, and made every one happy again.
