## Doings of the Ad. Club

Dr. E. P. Mossman, President.  
 A. W. Nelson, Manager.  
 Telephone Main 769.

**Rose Culture Demonstrations.**  
 Among the many fields of activity the Ad Club has undertaken is one to develop and foster a greater interest in the culture of roses—ones of the foremost mediums of beautifying a city that there is. In pursuance of this policy, Dr. Verne Johnson, chairman of next Tuesday's luncheon, has made arrangements for a practical demonstration of what to do with rose bushes and shrubbery in the fall in order that they may winter over, when and how to prune, and all the other items that enter into rose culture. Mr. Prager, than whom there is no better rose culture man in Eastern Oregon, and who is connected with the Cherry Florists, will be the principal speaker. The plan adopted is to eat luncheon and get through the routine business hurriedly, and then go to the hot house on Adams avenue is a body to thoroughly inspect the roses and other blooms there as guests of A. B. Cherry. This plan is also in keeping with the general policy of educating La Grande people to what are already going enterprises in this city and county. The hot house is a place beautiful at the present time, and the demonstration will be immensely popular.

**Family Style Luncheons.**  
 Realizing that many of the really serious difficulties of serving the members of the Ad Club at their Tuesday luncheons can be readily overcome by employing family style methods instead of individual service, the Foley Hotel management announces that the new plan will be adopted commencing Tuesday of next week. In this way it will be possible to put the food on the table piping hot and do it much more speedily and satisfactorily.

It is also announced that effort to put on the service for 50 cents instead of 75, will be made hereafter, though the 50-cent fee next Tuesday will be experimental. The family-style service, however, is to be a permanent feature.
