### STATEMENT ON ALIENS MADE

#### Census Bureau Makes Public Interesting Statistics Today.

WASHINGTON, D. C., Oct. 25.—The Department of Commerce, through the Bureau of Census, today issued a preliminary statement giving for each more the citizenship status of the foreign-born white population 21 years of age and over, as ascertained at the census taken as of January 1, 1920. A preliminary statement giving corresponding figures for the United States as a whole and for the individual states was issued under date of July 28, 1921.

In general, the proportion naturalized increased somewhat between 1910 and 1920, but in a considerable number of cases it decreased. In the case of every city except San Francisco, however, the proportion having first papers increased, and many of the increases were very large.

The largest increase in the proportion naturalized was that for Spokane—from 44.4 per cent in 1910 to 62.9 per cent in 1920, and the largest decrease was that for San Antonio—from 42.3 in 1910 to 29.6 per cent in 1920. The very small proportion naturalized in Fort Worth and San Antonio—25.7 per cent and 20.6 per cent, respectively—was due, at least in great part, to the presence of large numbers of alien Mexicans.

The figures showing the citizenship status of foreign-born white women refer to 1920 only, no returns as to citizenship of women being called for at the census of 1910. Under the provisions of the naturalization laws at the time of the fourteenth census was taken, the citizenship status of a married woman was the same as that of her husband (and if the husband had taken out his naturalization papers only, his wife was considered as citizen until she was divorced; but an unmarried woman the product of naturalization was the same as that of a man; a foreign-born widow of a foreign-born divorced wife of a citizen of the United States retained the citizenship status of her former husband, so long as she continued to reside in this country; and a foreign-born divorced wife of an alien could become naturalized in the same manner as a man.

In general, the citizenship returns show a greater proportion of women naturalized than of men. The largest proportion for any city of 100,000 or

over is that for Spokane, 70.6, and in Denver and Salt Lake City also the corresponding proportion was more than 70 per cent.

### Chinese Pheasants Turned Loose in Baker

BAKER, Oct. 20.—Five crates of Chinese pheasants were received in Baker this morning by Blaine Hallock, Eastern Oregon member of the state game commission, from the state game farm at Eugene. The shipment contains a total of 90 pheasants, 45 roosters and 45 hens.

They were to be liberated in the valley near Baker. During the open season just closed it was reported by sportsmen that there were very few pheasants in the fields close to the

city and Mr. Hallock secured the birds received today from the state farm to increase this stock.

Mr. Hallock immediately made arrangements for liberating the pheasants. One crate was taken to Beaver creek by Harry Dyke; one crate by Dr. J. C. Shields was liberated at Sulzbury; another was taken by Dan French, Jr., to Sulton creek, and the other two were given their liberty by W. J. Patterson and J. H. Nichols in fields in the valley close to the city.

An acre, under favorable conditions, will produce 20,000 pounds of onions.

### FLOYD McKENNON MAKES ANOTHER TRADE IN RANCHES

A deal has just been consummated here whereby Floyd Smith, who lives about 25 miles from here on Cougar Creek, has disposed of 275 head of cattle, 15 head of horses, 250 tons of hay, farm equipment and leases on 1,000 acres of land to Floyd McKennon.

Mr. McKennon has as a part of the transaction disposed of a hardware stock he owned in Davenport, Washington, to Mr. Smith.

DOROTHY DALTON HERE TODAY AND TOMORROW

Dorothy Dalton has become known as the girl who can do anything and in "A Romantic Adventure," the

Paramount picture which comes to the Sherry theatre next week, she adds a difficult fancy dance to her category of achievements. Those who recall her in the Parisian dance in "Apache" will remember the remarkable performance she gave and the dance in "A Romantic Adventure" repeats that success.

Miss Dalton has the role of Alice Vanni, daughter of an old dancing professor of New Orleans, who, when

her father dies, goes to New York and is exploited by her mother and only finds out the true situation in time to marry the man she loves. The production was adapted by Rosina Henley from "A Winter City Favorite" by Charles Belmont Davis. Charles Meredith heads a supporting cast, which is enhanced by such players as Robert Schable, August Anderson and Howard Lang. A comedy also showing.

## Take most of the Uncertainty out of cake baking

By using Swansdown Cake Flour and Snowdrift Shortening.

Swansdown Cake Flour is especially prepared for cake baking. It makes finer, lighter, whiter cakes. The amount used in a cake costs but a few cents, yet has everything to do with the success of the cake.

Snowdrift Shortening is a cooking fat that never varies in quality—that has neither taste nor odor—that stays fresh indefinitely without ice.

These two combinations will improve your cakes.
