RUSKIN LETTERS BEING EDITED

Hoosier Professor Is Making Collection Which He Will Soon Publish.

BLOOMINGTON, Ind., Oct. 25—A series of more than two hundred and fifty unpublished letters of John Ruskin is being edited by Professor A. M. Brooks, head of the Fine Arts Department of Indiana University, and will be published soon by a publishing house, of Boston.

The letters present an epitome of Ruskin's life. They were written by Ruskin during a period of twenty-five years to his friend, William Ward, of Richmond, Surrey, England. Ruskin and Ward were intimate friends and their views were similar on most subjects. The letters touch on all topics in which Ruskin was interested, including art, economics, literature and music.

They are illustrated by a number of drawings in Ruskin's own hand. The correspondence started through Ward's association with Ruskin in the establishment of a workmen's college, organized to demonstrate Ruskin's principles of economics.

Professor Brooks was requested to edit the letters by William Ward, Jr., son of Ruskin's friend, to whom the letters were written. The original letters are in an excellent state of preservation and many of them are now in the hands of Professor Brooks, who is a close friend of William Ward, Jr.

ROAD TO TOP OF VOLCANO SOON

Federal Government to Aid in Building Path to Mauna Loa Crater.

HILO, ISLAND OF HAWAII, T. H., Oct. 25—A road from Kilauea volcano, four thousand feet above sea-level,

to the summit of the great active volcano of Mauna Loa, which towers 14,900 feet above the sea, will be constructed soon with the aid of the federal government which recently set apart the crater of Kilauea and the surrounding region as the latest National Park, according to a letter received here today by the Hilo board of trade.

Professor T. A. Jagger, Jr., United States government volcanologist on the island, and Lorrie A. Thurston, publisher of the Honolulu Advertiser, proposed that the road be built some time ago, and they have enlisted the aid of Stephen Mather, director of the National Park service who has promised his cooperation, the letter said.

Construction of the road will mean that tourists and inhabitants of the islands will be able to travel from Honolulu to the crater of Mauna Loa in twenty-four hours, it is said.

The first carload of grapes ever shipped from the Umpqua valley was sent out from Roseburg. It consisted of 800 crates of Tokay and Malaga grapes produced in the Overland vineyards.

When the Winter Sprites Paint the Holly Berries Red

LACKAWANNA TWINS Union Suits fit young bodies as snugly as the red fits the holly berry. Yet they "give" to exercise as the swaying leaf gives to the breath of the wind. Perfect design and correct sizing and the remarkable military shoulder are the reasons why. These so famous undergarments are warm as toast and enduring as evergreen. They tub easily and without shrinking. They put the "O my!" in Economy.

NEW ZEALAND IS TO ENTER RACE

Yacht May Be Built at Auckland to Compete for American Cup Next Year.

SYDNEY, NEW SOUTH WALES, Oct. 28—A yacht should be built at Auckland to compete for the America cup on behalf of Australia and New Zealand, it was suggested today by T. M. Wilford, member of the New Zealand parliament, upon his return here from the United States. He expressed belief that such a venture is practicable and would advertise both countries in the United States, where

he said he had found an "appalling ignorance" regarding Australasia. "I believe that such a yacht, as would be required to sail from New Zealand to America could be built in Auckland, if the money could be found," he said. "There is no doubt that it would be a sound, commercial proposition, for every New Zealand firm would recognize that a challenge would afford publicity of the most effective sort. New Zealand could easily find a crew for such a boat and what a sensation would be caused if the hero of Jutland, Lord Jellicoe, could be persuaded to take command. The yacht could be sailed through the Panama Canal and then hug the Atlantic shore to New York."

ENORMOUS PLUNDER

NEW YORK, Oct. 28.—Developments today in the investigation of the mail truck holdup last Monday night indi-

cated that the stolen securities might total in value several million dollars. It is declared one of the heaviest plunders in American criminal history.
