Break Camp and Go to Vale—

The highway contractors who have been working in Wallowa county have in several localities finished their contracts and are now striking through La Grande with trucks and teams and scrapers on their way to Vale where they have another contract to finish this winter. extolling the advantages and virtues of the several bureaus are being scattered broadcast.

The marriage literature makes its principal appeal to the "home-loving instinct" of men, who are in much greater demand in the marriage market than women.

The press agents, however, are not always discriminating or discreet in the selection of "eligible males." One bureau sent a letter to a married man with a large family urging him to "marry happily; don't select your acquaintances at random from the streets; send us your photograph and 10 marks and we'll find you a good wife."

The man became very indignant and wrote a scornful letter about it to his favorite newspaper.

Most of the marriages arranged through the matrimonial bureaus are of women more or less advanced in years, and of doubtful physical attraction, but with substantial bank accounts, and young men out of work or weary of working, said the agent of a bureau. The financial arrangements are agreed upon before the marriage.

One young man who accepted a much older woman as wife after she assured him she had money to support them, brought suit for divorce alleging he had been deceived and that the woman really had very little money. The woman admitted she had misrepresented her income but declared she felt justified because of the lonely life she had been living, with no opportunity to become acquainted with marriageable men.

While the young, attractive girls, who make application for husbands, are comparatively few, according to the agents, scores of young men apply for wives, virtually always with the stipulation that they must be wealthy or well-to-do. Formerly the chief women applicants were servant girls. Shop girls seldom patronize the marriage bureaus.

Scores of marriages are made through the medium of the matrimonial bureaus every month, and their popularity has steadily increased since the war, which left German women in a large and conspicuous minority.

RESOLUTIONS ARE PRESENTED TO THE CONVENTION

(Continued from Page One.)

In preparedness and recommendation that after property held in custody of the government be used to settle claims against Germany, were presented to the national convention of the American Legion today.

Fourteen resolutions were reported by the resolutions committee. Among them was the demand that every effort be made for the return to the United States of Grover Cleveland Bergdoll, American slacker, on position to the release of Eugene V. Debs for violation of war time laws, being utilized, "prospects" are being

highways, streets and parks.

Fred C. Bean, 52, born in Lane county 52 years ago, died suddenly in Eugene last Monday. He was a son of O. R. Bean, a well-known pioneer of 1850.

Property owners of Mapleton met October 21 and voted a 10-mill road tax for the purpose of completing the road from that little city to Rainier, five miles east.

HOW NOT TO TAKE COLD.

Some persons are subject to frequent colds, while others seldom, if ever, have a cold. You will find that the latter take good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with a window open or partly open, avoid excesses, over eating, becoming over heated and then chilled and making the feet wet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.—Adv.
