MANY MEN SEEK JOBS HERE NOW

There are many idle men in La Grande now who are willing to do odd jobs, according to both the city free employment bureau and the Y. M. C. A. employment bureau. "We have a number of men listed with us," said Mrs. E. M. Fowler, who is in charge of the municipal employment bureau in the city hall, "who are local residents and have no regular jobs and these men are only too glad to do whatever odd jobs there are. So many people are now putting in their winter wood that I wish all who are in need of help in piling wood or other odd jobs notify us as we can put such people in immediate touch with men for the jobs."

BOOTERY STARTS SLOGAN CONTEST

"We want a slogan for this store," remarked J. Winer, manager of The Bootery, and then he decided that the patrons of the store would be the ones to select the slogan.

Accordingly he set about to arrange a slogan contest and has offered a pair of high grade shoes to the one who will give the best slogan for The Bootery of La Grande.

No strict limitations are exacted and the contest is open to the public. The rules governing it have been posted in the store window on Depot street and considerable interest has already been aroused.

"Some one is going to receive a pair of our best shoes for helping us out on this slogan," said Mr. Winer, and we want everyone to take a try at fixing us up with a nifty trade-drawing slogan."

The contest closes November 15th and the judges selected to decide the matter are A. C. Hampton, Charles Harding and Bruce Dennis.

GOVERNMENT WARNS SECURITY INVESTORS

WASHINGTON, Nov. 7.—American investors were warned Sunday by the commerce department to exercise care in purchasing foreign bonds payable in depreciated currency in the expectation of realizing enormous profits when exchange values return to normal.

Certain concerns, the department said, are offering for sale national municipal and industrial issues, expressed in depreciated currency, which represent only a small fraction of their normal exchange value.

This, the department added, is the case with the currencies of Germany, Austria, Poland, Czech-Slovakia, Rumania, Yugoslavia and Hungary. In some cases, the department said, prices at which these securities are offered are unduly high.

LOCAL GOLFERS BAKER'S GUESTS

Festivities that began Saturday and ended last evening with a big dinner at the Country Club at Baker, attracted twenty odd families to the mining town during the week-end. It was two-down golf that drew the two clubs together in a social way, and, favored with good weather both days, the men, women and children who went from La Grande were royally entertained. There was not a thing left undone by the Baker people to make the stay enjoyable, report those who went from here.

Several flights of golf were played Saturday afternoon and Sunday there were a dozen flights of foursomes.

The Baker golf club members' wives served a lunch at noon and a big dinner in the evening. Mrs. Denney, of Baker, favored the La Grander with several vocal selections during the dinner hour.

Reports of the great entertainment received are unanimous, but no La Grander has anything to say about the scores made for the Baker players gave La Grande a most thorough thrashing, figuratively speaking. Out of all the Scotch foursomes, La Grande won none.

Ad Club Will Hear Railroad Official

J. E. Lounsbury, general freight agent for the O-W, will bring the railroad's side of the intermediate rate fight to the Ad Club tomorrow noon when he becomes the chief speaker of the luncheon. The Ad Club has been allied with the fight against the proposed rates, but for all that would bear both sides and the head of the freight department of the O-W, will bring that information.

As there is a great interest in the freight rate matter, it is expected a big attendance will be on hand.

Limited Armaments and
 Limitless Progress

History has taught that Peace not War brings happiness. It is to be hoped that this knowledge will be reflected clearly in the Disarmament Conference at Washington, November 11th, that the world's wealth may be conserved for the world's prosperity.

As with nations, so with men—success comes through ability to recognize and plan for the best in life.

Whatever the results of the Disarmament conference, a conference in the home now may well decide a bank account for every member of the family—a bank account at
