### AUSTRIA PRINTS PAPER MONEY

Five Billion a Week is the Amount of Inflated Money Being Put in Circulation!

VIENNA, Nov. 21.—With what the collapse in the exchange value of the kronen, Austria is undergoing another economic and financial spasm. Since July 14 the crown has dropped from 650 to the American dollar to about 2,000. The 100 crown note, whose pre-war value was \$20, is now about the minimum unit of daily use, and 10,000 crown notes cannot be printed fast enough to meet the needs of business.

For the last month the government presses have been printing some 5,000,000,000 kronen a week to meet current expenses. The issue will have to be increased to meet the demands of the great army of civil servants for a living wage. Within a month they have received increases amounting to about 5,000,000,000 kronen and already, with steadily falling exchange and the equally steady advance in living costs, they are formulating new demands.

The same is true of private business. In every class of industry and wage earning employers are being forced to raise pay while prices of everything mount.

When the collapse of the currency set in so feverishly a few weeks ago, a swarm of alien buyers swept over the country. They bought everything they saw that had a value.

Stores were stripped of stocks until the majority of merchants began to retire their goods or refuse to sell more than one article to a customer.

These foreign buyers were aided by natives in the general desire to get rid of Austrian money. The feeling was that anything was better than the crown.

The most serious feature of the situation however is the alarming increase in food prices. The increase in wages has not been equal to this rise and the result is much unrest among the poorer classes. Women have been storming the public markets, overturning stalls and in some cases beating marketmen. They have had public sympathy and the police have been very mild in their attempts to control these demonstrations.

In the height of the panic many are mild and gentle.—Adv.

### THE OUTBURSTS OF EVERETT TRUE—by Condo.

EVERETT, HAVE YOU NOTICED THESE ITEMS IN THE PAPER'S LATELY SAYING THAT KNEE BREECHES FOR THE MEN IS THE COMING STYLE? DO YOU KNOW WHAT I THINK OF THAT?!!

YES, I BELIEVE I DO!!!

articles of food disappeared magically from the shops to reappear at greatly enhanced prices. Tinned milk for instance jumped from 180 crowns to 256 and this article is a fair index of increased prices.

Tailors are demanding pay in pound sterling and refusing crowns. Jewelers ask for Swiss francs, despite the law forbidding business in foreign monies.

The collapse of the currency was foreseen by financial experts but none could suggest a means of averting it as long as the government is forced to buy foreign money at any price in order to buy breadstuffs and coal.

#### GOOD HEALTH.

If you would enjoy good health keep your bowels regular. No one can reasonably hope to feel well when constipated. When needed, take Chamberlain's Tablets. They are mild and gentle.—Adv.

In addition mothers were found to be engaged in 14 professions or occupations.
