### MOVABLE STEEL DAM COMPLETED

DETROIT, Mich., Nov. 26. — A movable steel dam, plating of which is described by government officials in the office of the United States engineer here as a remarkable engineering feat, is nearing completion in the north canal at Sault Ste. Marie, Mich. The most remarkable feature of the work, the engineers say, is the swinging of the entire framework of the dam, weighing approximately 80 tons, into place at one time. This was accomplished by means of a staff ice derrick on either side of the canal.

The dam will have been installed by December 1, the engineers say, work of placing the gates being under way at present.

The dam was designed to afford protection to two locks in the Soo canal. When the dam is completed it will be possible to shut off the water supply through the canal entirely. Placing of the structure is a precautionary measure entirely, it is pointed out. If at any time any of the gates in the locks become out of order it would be impossible to stop the flow of water, which might flow through the canal at a high rate of speed, imperiling shipping and

carrying away other locks. It is to prevent such an occurrence that the dam was authorized by the government.

### TWO WEDDINGS IN THE COVE

COVE, Nov. 28. (Special) — Two weddings in the last week with several more in the offering have given Cove an unusual air of festivity.

Miss Vera Pease and Harold Van Vlack were married on Saturday, at noon, November 19, at the home of the bride's mother, Mrs. Edith L. Pease. The bride is a popular young lady, a graduate of Cove high school, who has made teaching her profession for the past few years. Immediately after the ceremony the happy couple left on their honeymoon.

After the first of December they will be at home in Granite, Oregon. At the residence of the bride's father, Geo. Chadwick, in Lower Cove, Miss June Chadwick and Waldor Richardson were united in the holy bonds of matrimony Sunday November 20. For the present the young couple are at home to their many friends at the home of the bride's father.

Union services were held at the Methodist church on Thanksgiving at 10:30.

Thanksgiving day was celebrated by the usual dinner parties as feasting on this day seems to be the average American's idea of thankfulness.

Mr. and Mrs. Thos. Betty and Mr. and Mrs. Leonard Towle dined with Mr. and Mrs. Thos. Towle at their home.

Mr. and Mrs. Avin Orton entertained Miss Bessie Kelley of La Grande and Miss Hazel Duncan of Weston.

The first and second grades united in giving a Thanksgiving program. The little folk with the aid of their teachers, Miss Mildred Payton and Miss Helen Antles gave a very pleasing entertainment which was thoroughly enjoyed by the 45 parents in attendance.

The program given by the third and fourth, fifth and sixth grades was set for a later hour to enable the parents to attend here also. The volume of visitors had considerably swelled by this time but were no less appreciative of the entertainment given them. The songs, recitations and little dramas presented by these children showed much study and adaptability by the children, as well as careful instruction by the teachers, Miss Erna Brown and Miss Leona Hansen.

### HOW NOT TO TAKE COLD.

Some persons are subject to frequent colds, while others seldom, if ever, have a cold. You will find that the latter take good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with a window open or partly open, avoid excesses, over eating, becoming over heated and then chilled and getting the feet wet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.—Adv.

### LIKE IRON BAND AROUND HER HEAD

This is How Lynchburg, Va., Woman Says Headaches Often Affected Her.

Everybody will read with interest the statement of Miss M. E. Woodford, 1808 Filmore St., Lynchburg, Va., who says:

"I don't believe anybody ever suffered from headaches like I did. The pains felt like an iron band was being drawn around my head and my temples would throb until I was driven almost distracted. I shudder when I think of those awful headaches. I had no appetite either."

"I owe Tanlac an everlasting debt of gratitude for entirely riding me of those terrible headaches. My stomach has been toned up too, and everything I eat agrees with me now. Tanlac certainly brought me health and happiness."

Tanlac is sold in La Grande by Sutherland's Family Drug Store and all leading druggists.—Adv.

"Boodle," according to the Thieves' Lexicon published in 1858, meant counterfeit money and a "boodle carrier" was one who carried the counterfeit money and handed it out a bill at a time to those who passed it.
