### HOBART BOSWORTH AT ARCADE IN GRIPPING STORY OF ALASKA

A cast of prominent screen players, widely-known individually and perfectly adapted to the characterizations they portray support Hobart Bosworth in "Blind Hearts," his first independent starring vehicle, an associated Producers attraction, which is the feature at the Arcade theatre today and tomorrow.  
Bosworth, himself, portrays the absorbing and powerful role of Lars Larson, a descendant of hardy Scandinavian stock who wins a fortune in the Yukon gold fields and with it loses the friendship of his life-long companion, John Thomas. It is this barrier that separates the two for more than 20 years and its final bridging that constitutes the pivotal plot of the drama.  
"Blind Hearts" is a drama of revenge, as well as love and human interest and scenic beauty and swift action, but it is as different from all the others as they are themselves. It is the same theme, but dressed up with an unguessable ending, embellished with splendid acting and overflowing to the final scene with the sort of drama that pulls an audience to the edges of its seats. It is of the revenge type of play, but so skillfully treated that you'd never recognize it.
