This evening at the Country Club a New Year's dancing party will be held for the members of the club. Dancing will begin at nine o'clock and the old year will be danced out and the new year danced in. A special orchestra will furnish music and a cordial invitation is extended to every member of the organization to attend. A lunch has been arranged to be served during the evening and special decorations will make the spacious hall of the club appropriate to the occasion.

One of the very delightful social occasions of the holiday season was the O. A. C. dance, given at Rex Hall Thursday night, when former students at O. A. C. met with youngsters who are home on their holiday vacation from the college and enjoyed an evening of great pleasure. The large hall was tastefully decorated with the college colors and the lighting effect carried also the college distinction. The orchestra chosen for the event was right up to the minute and every dance was full of pep and pleasure. Besides the college people a number of invited guests shared the enjoyable evening.

The Lucky Thirteen met at the home of Mrs. F. L. Lilly on Thursday afternoon. Mrs. C. H. Finn won first prize. The hostess furnished a very delightful entertainment and everyone enjoyed themselves immensely. The next meeting will be at the home of Mrs. Robert Newlin, two weeks from last Thursday.

After being absent from La Grande for several weeks Mrs. Peter McDonald and daughter, Miss Helen, have returned from Salt Lake. They were called there by illness of relatives and their stay was lengthened awaiting favorable health results. They were in the Utah capital city long enough to learn to like it and speak in the finest way of Salt Lake and her many excellent points. It is quite different from the Eastern Oregon country and the well-built city makes a favorable impression. They met Miss Martha Schofield, formerly of La Grande, who is attending the University of Utah, and is very prominent in musical circles. While their visit was prompted by illness in the family, the stay proved pleasant because of the improvement in health of those afflicted and because of the many interesting features of the country, as well as the new friends made.

Mrs. Fred Schilke and daughter, Frederika, have returned from Portland, where they spent several days with friends. While in Portland they attended a dinner given in honor of Mrs. Jennie Kemp, one of Oregon's foremost women, who leaves soon to head the W. C. T. U. campaign in California. Miss Friederika enrolled in the University extension work while in Portland in order to continue her musical career and will work under Musical Director Boyer in the public school music department. This will necessitate her severing connection with the Walla Walla city schools, where she has been teaching, but her life's work is music and she decided it would be much better for her to continue it.

The Friday afternoon five hundred club met at the home of Mrs. W. H. Safford yesterday. Mrs. Harry Smith won high honors and Mrs. Elmer Dyer won second. A dainty two-course luncheon was served by the hostess.

At the Masquerade Ball held last night in the Zuber Hall under the management of L. J. Spencer a very convivial crowd gathered arrayed in every costume imaginable and everyone reported a splendid time. The first prize was presented to Mr. and Mrs. Walter Bennett, George Grieves and Marnie Evans took second honors and Mr. and Mrs. S. Price were third on the list.

The Wednesday Bridge Club will be entertained next Wednesday afternoon at the home of Mrs. H. K. O'Brien.

At the old time dance held Thursday night under the management of Norman Desler a splendid time was had by all present. The prizes were won by the following couples: first prize, Mrs. Jack Hatt and H. E. Williams; second prize, Mrs. Harry Johnson and Dr. J. E. Woodell.

Mrs. Ernest Watkins entertained five of her sorority sisters and one other guest Wednesday afternoon at tea. The party met at the home of her mother, Mrs. A. T. Hill. Everyone reported a very delightful time and congratulated the hostess on her very capable management. The five members of the Gamma Phi Beta, excluding the hostess, were Helen McDonald, Minna Ash, Mrs. Roy Farley, Leta Kiddle and Alladeen Scroggins. Mrs. George Huntington Currey was present as a special guest.

Miss Lois Rowan, former prominent Union girl, was married to Oscar McDonald on the 24th of this month at Baker, Oregon. They will make their home in Keating, where the bridegroom resides. A host of friends wish them a successful married life.

The local lodge of the L. O. O. M. held a special initiation Thursday night in their lodge rooms in the L. O. O. F. hall. The Woman's Mooseheart Legion were also there. After the regular routine of business, including the initiation, a splendid program was enjoyed by the members. Mrs. Agnes Pascoe of Union was the feature of the program, giving three numbers in the regular program and an additional number after the refreshments had been served. She gave a reading from Robert Service, the poet of the Yukon, and also "Life's a Funny Proposition, After All." The other two articles were comical readings of special merit. After the program the party retired to the rooms of the Mooseheart Legion, in the same building, and attended a splendid banquet. The meeting was a success in every respect and was enjoyed thoroughly by those present.

Happiness in Labor.
Nothing is more talked about than happiness. But what is it? Here is the answer: Happiness is great love and much service. The great mass of men are reasonably happy because they are in love and at work. They complain of their work; even call labor a curse. They dream of a life of idleness and self-indulgence, and imagine that is heaven. It is not. It is hell. This world was made for lovers and servants.—Exchange.
