Which is a splendid way to start the New Year right.

Political Prisoners Starving To Death
(By Associated Press)
KHOLOMOGORI, Near Archangel, Russia, Jan. 2.—Famine and privation are killing off the 6,000 or 7,000 men and women political prisoners here, mostly sent from Baku, Tiflis and other points of the Caucasus republics. Unless released under the clauses of the conditional amnesty, published November 7, it is believed all will perish of hunger during the winter.

Many of the 1500 who came here last March have been robbed of their clothes and valuables, and their hunger is such that they are now in the swelling stage of famine that precedes death.

They are confined in a monastery with red pickets posted several miles distant so no one can approach the place. Of a group of 90 sent here from Baku, many of whom were companions of the English prisoners there, all but one have been executed.

This little town, the site of the first English trading settlement in Russia has been long noted as a prison. Anna Leopoldovna, who was regent of Russia in 1746-47, acting for her infant son, Ivan VI, died a prisoner here in 1749.

ASSIGNS PENSION
ROME, Jan. 2.—Gabriele d'Annunzio, the poet soldier and hero of Fiume, has assigned the pension to which he is entitled as a wearer of the gold medal for valor to the association of war widows and mothers of the fallen.

The pension book which belonged to the gold medal which the king attached to the coffin of the Italian unknown warrior a few moments before it descended into the tomb on the monument of Victor Emmanuel, will also be devoted to the same association.

If you want a good crop of friends sow the seeds of kindness.

Despite not the small, great hearts are often found in small bodies.

Worth Considering
The question is not so much how you contract a cold, but how to get rid of it with the least loss of time and inconvenience. If you will consider the experience of others under similar circumstances, who have been most successful in checking their colds, in their beginning, you will secure a bottle of Chamberlain's Cough Remedy without delay, and use it faithfully. There are many families who have used this preparation successfully for years and hold it in high esteem. It is excellent.—adv.

INDIANS SUFFERING
(By Associated Press)
EDMONTON, Alta., Jan. 2.—A lone policeman of the Royal Canadian mounted police accompanied by an Indian guide, and two dog team drivers has set out from Fort Fitzgerald for the barren lands north of Lake Athabasca to investigate reports that the caribou eating tribes of Indians there were suffering from lack of food and had resorted to cannibalism.

If evidence of cannibalism is found, the policeman has been instructed to bring back his prisoners. It is a tradition among members of the force that they always "get their man."

Reports last summer said the Indians had missed the annual migration of caribou herds and were starving in consequence.

ding persons to leave the country without a permit from the home office. Austin Stack, a strong opponent of the treaty, is home secretary, and the placard was taken as a reminder to the public that the republican government is still functioning.

Chamberlain's Cough Remedy
This is a pleasant, safe and reliable medicine for coughs and colds. It has been in use for many years and is held in high esteem in those households where its good qualities are best known. It is a favorite with mothers of young children, as it contains no opium or other harmful drug. Try it when you have need of such a remedy.—adv.

WOMAN LIVED ONLY ON MILK
Mrs. Lynch Suffered Fourteen Years From Case of Stomach Trouble.

"For fourteen years my life was just one unbroken period of misery on account of the awful suffering I endured from stomach trouble, but I believe I am the happiest woman in town now since Tanlac restored me to health," said Mrs. Frances E. Lynch, 681 Sixteenth Ave., N. E., Seattle, Washington.

"I was confined to my bed for more than half the time, and although I tried everything under the sun I knew of or ever heard about, it was no use. I had forgotten what a good night's sleep was like, couldn't retain

anything on my stomach and lived for weeks on nothing but milk. "I have a splendid appetite now and eat things that for years I didn't dare to touch. I never have a trace of indigestion and am feeling just like a different person. Such results as I have received from Tanlac are enough to make anybody happy."

Tanlac is sold in La Grande by Silverthorn's Family Drug Store and all leading druggists.
