NEW MOTOR LAW IS IN FORCE

Public Service Commission
Sends Notice Declaring
Same will be Enforced.

Under date of December 31, 1921, the public service commission of Oregon has issued a notice to highway motor transportation companies and persons to the effect that the law regulating transportation on highways passed by the special session of the legislature is now in force. The notice says:

"You and each of you are hereby notified that the law passed at the special session of the legislature providing for supervision and regulation of transportation of persons and property for compensation over public highways by motor vehicles, is now in force and effect, and you are advised to secure instructions by communicating with the commission immediately."

A copy of the law has been sent to the county clerk's office for the commission for the purpose of placing it on file where it can be consulted by all persons interested.

The new automotive legislation is interpreted as affecting all corporations, persons or companies owning, controlling, operating or managing any motor vehicle used in the business of transportation of persons or property for compensation over the public highways of the state, excepting being made to such vehicles as operate exclusively within the limits of an incorporated city or town.

The Public Service Commission, in its administration of the act, is authorized to supervise and regulate such features as rates, services and facilities from the standpoint of their reasonableness, safety and adequacy and to exercise jurisdiction in such matters affecting the relationship of

such companies with the passenger and shipping public.

All companies or individuals subject to the act and engaged in the operation of this class of public transportation must first obtain from the commission a certificate or permit setting forth the terms and conditions covering such operations, also to file a surety bond or liability insurance and good faith undertaking. The maximum license fee is fixed at ten (10) dollars per vehicle.

The necessary application blanks, including a request for pertinent data, accompanied by copies of the law, are furnished by the Public Service Commission promptly upon request. The County Clerks and County Judges of the various counties have been supplied with copies of the new law for the information of the general public.

STANDARD RATES

SPOKANE, Wash., Jan. 4.—Standardized hotel and restaurant rates were recommended at Friday's session of the Spokane Commercial Travelers. Three classes of hotel rooms were classified as follows: Unheated rooms, \$1; heated rooms with running water, \$1.50; rooms with bath, \$2.

The following prices were recommended for meals: Club breakfast, 25 to 50 cents; plate luncheon, 50 cents; dinner, 75 cents to \$1.

Several Washington, Idaho and Montana towns were mentioned as not serving home products at reasonable rates.

Of two evils it is good to choose the less, but better to choose neither.

DID MORE THAN WAS EXPECTED

Seattle Man is Greatly Surprised
At the Benefits He Has
Received.

"To be frank about it, I didn't expect much from Tania, and I took it only to please some friends who kept insisting that it would help me, so what it has done for me has been a big surprise," said James Love, 210 Thomas St., Seattle, Wash.

"As a result of stomach trouble I had gotten to where nothing I ate agreed with me, and I simply dreaded to eat. As a result of the string of 1917, and marked the misery it caused me. My sleep at night was troubled and broken and offices of the new German republic."

There Is No Economy In Poor Vision

PEOPLE can economize on clothing. They can pare the household appropriation. The old car can be driven another season. Improvements on the property can be deferred. But glasses must be secured when they are needed.

There is no scale of values by which the worth of good vision may be reckoned. Like good health, it is absolutely necessary for the performance of our daily duties and the full enjoyment of life itself. Such a priceless possession must be safeguarded, whatever the cost.

Delay in securing glasses for weakening eyes is not economizing but the costliest kind of folly. You are not only experiencing discomfort, perhaps suffering, and depriving yourself of your full efficiency, but every day the eyes are without the assistance they need, their natural powers are retrograding the faster.

Good vision is the most inexpensive thing you can secure. The small expense of proper lenses fitted by competent professional people makes the cost of good vision insignificant. If your eyes are not functioning properly if you have any reason to suspect that as a matter of economy you should consult a reliable Optometrist at once.
