"Guess I won't go back home for a few days." Oregonian.

EFFORTS TO END JAFFA'S RIOTS

(By Associated Press)
JAFFA, Palestine, Jan. 19.—The government forces in this district are attempting to stop rioting here by imposing fines on the inhabitants of the communities which participate in them and following this up with raids upon the towns and villages in the Jaffa district to collect the fines.
The experiment is an unusual one and its success up to the present, is not evident. The Zionists are jubilant and see in this action a definite alignment of the government on their side. On the other hand, it has stirred up bitter feelings on the part of the natives who see in the government's action the beginning of Jewish domination and the betrayal of their passionate longing for national freedom.
A fine amounting to \$25,000 was imposed by the government on five towns and villages in the Jaffa district for alleged attacks made last May by their inhabitants upon Jewish colonies nearby. To collect the fine large bodies of English, Jewish and Hindu troops, having machine guns surrounded Tel Karem and four other villages near Jaffa, sent in men and confiscated all the livestock, including the oxen, led the animals into the fields and placed them under guard.
Then notices signed by Sir Herbert Samuel, the British high commissioner, were posted in the streets demanding payment of the fines.
Mr. Campbell, assistant governor of the district, called the leading citizens together in the city square of Tel Karem and informed them that the cattle would be kept under guard for only five days and if the fines had not been paid by that time they would be sold at auction and the proceeds turned over to the Jews who were victims of the raids. It remains yet to be determined whether the fines will be paid. The seizure of the cattle deprived the farmers of means of showing their fields and it is feared that this may lead to more unrest.

SKATING GOOD AT JOSEPH

(Special to The Observer)
JOSEPH, Jan. 19.—A. R. Bodmer left Joseph the latter part of last week. He has as yet no definite plans for the future but expresses himself as being tired of loafing already. The night before he left the Joseph orchestra gave a dance in his honor at Roup's hall. All "Bod's" friends were there and a most happy evening was spent. The good wishes of the entire community attend Bodmer wherever he goes.

Friday night the joyful news that the lake was frozen over was noised about and a party went up that night. Saturday skating was good with all but the timid on the ice and Sunday the usual crowd was present. Monday night a light snow fell, spoiling the ice for the present. There was a good deal of open water, which will doubtless freeze and give us another skating season. There has been good skating on the Knight's pond for some time but the presence of thick ice on Wallowa lake, is a signal for every pair of skates, no matter how old and rusty, to be dug up for use, and the whole town and surrounding country made the pilgrimage to the lake to skate.

Newcomers look on in wonder but are soon bitten by the skating bug and are as enthusiastic as any pioneer. This year there were an unusual number of accidents, Saturday May Solodny broke through the ice near the west side of the lake. Although the water was several feet deep she escaped with nothing worse than a wetting. She kept her head and got hold of the ice and clung until prompt action of nearby skaters rescued her and she was rushed home in a car in short order. Monday afternoon Mrs. Alex. Gillespie had the misfortune to break her left arm, a simple fracture of one bone below the elbow. Monday night Bill Needham also fell on the ice while skating and fractured his right leg. This was also a simple fracture of one bone below the knee. Both patients are as comfortable as possible. Accidents of this kind have been almost unknown in the past, although bumps and bruises and even an occasional sprain have been the order of skater's day.

John Guyan, resident of Wallowa county for about thirty years, died very suddenly of pneumonia last Thursday morning, January 12. Mr. Guyan had been suffering from a cold but had been about his work as usual, even being down town Wednesday evening. He retired about nine o'clock and his wife was awakened about two by his gasping for breath. She summoned help at once but the sufferer passed away before a physician arrived. Mr. Guyan was a native of Switzerland, having come to this country in youth. He is survived by a son, Chester Guyan, a son of his first wife, and by his wife, Mrs. Clara Thorne Guyan. Funeral services were conducted by Rev. Nails at the Odd Fellows hall, under the auspices of the Odd Fellows.

"Scop Thief" was presented by members of the Junior and senior classes of the Joseph high school at the high school auditorium last Friday evening. It was an excellent play very well given and a delight to the audience from start to finish. It is rather difficult to trace any one person or party; all were good. Sam Ames as Doogan, the thief, was perhaps the most important part and was well sustained. Ted Mays made an excellent absent-minded elderly gentleman and kept the audience laughing by his frantic searches for mislaid articles. Esther Ehen, the mother of three lovely daughters, one of whom was about to celebrate her wedding, was fine. The whole play moved along smoothly from start to finish, showing hard work and faithful rehearsing by the players.

READY TO TURN PROJECT OVER

BEND, Jan. 19.—The North Canal company stands ready to turn over to the Tumalo Irrigation district a completed 15,000 acre project for \$541,800 of Crescent Lake storage is used, and for \$577,800 if the Crane Prairie storage site is selected. This was the proposition by Oswald West, former governor of Oregon, now associated with Sam Hill and J. C. Potter in the North Canal company, at the directors' meeting of the district, held in Tumalo for the purpose of receiving bids for \$350,000 worth of the \$550,000 bond issue voted last year.

master, came in Monday morning to help with the driving of the test piling at the mouth of Indian creek but owing to the absence of the state highway men the test could not be made till the following day.
Mr. and Mrs. J. K. Wright came down on the train Monday to spend a few days with their daughter, Mrs. E. E. Vehrs.

"ral" Ballard, the local telephone manager, is looking after the business of his company in the outlying districts. This week he has made one trip to Summerville and one to the head of Indian creek.
J. M. Morrow, of Pendleton, has been in Elgin two days this week on business. He represents the company there which soils "Rock of Ages" granite goods.

Andrus Golding, of Imbler, came to Elgin on the train Monday. The snow was a little too deep to drive his car all the way, so he made the trip by train. Mr. Golding recently sold his home here to Albert Rasmussen.

Miss Fay Wilson is suffering from an injured knee, caused by a fall on the ice while skating Sunday.

C. W. Applegarth is operating a woodshed in Elgin now, for the benefit of people who have wood in four-foot lengths, or pole wood. John Scott, who lives in the Cricket Flat country, about 12 miles northeast of Elgin, was a business visitor in Elgin Monday and was an overnight guest at the home of his sister, Mrs. N. F. Wetts.

Mr. and Mrs. Lucian Shelton came over from Enterprise last week. Mr. Shelton has been employed by the lumber mill there but owing to the sale of the mills there will be a few weeks stopping of work, and the Sheltons took advantage of it to return to their home here.

J. W. Leighton has been in La Grande a few days this week.
