Kenneth Coons, Earl Sarby.
- District No. 20, North Powder**
Eunice Clara Simmonds.
- District No. 71, Palmer Junction**
Floyd Melburn Burnette.
- District No. 72, Union**
Ellen Self.

POISON GANG AT WORK.

(By Associated Press)
FUDAFFEST, Jan. 20.—Since the recent theft from a chemist's shop of a stock of poisons sufficient to kill 100,000 persons, five women have been mysteriously poisoned here. The police believe an organized gang is using the poisons.

Many Oregonians at Harvard This Year

EUGENE, Jan. 20.—There are 23 Oregon men at Harvard this year, according to official figures made public at the university. In the departments included in the university's total enrollment of 6073 men, students from Oregon are distributed as follows: Harvard college, five, of whom one is a freshman; law school, 10; medical school, nine; graduate school of arts and sciences, four; graduate school of business administration, three; all other departments, two. Every state in the union, Alaska, Hawaii, Porto Rico, the Philippine Islands, and 42 foreign countries are represented in this year's enrollment at Harvard, over 53 per cent of the students coming from outside New England. In the college, as distinguished from the whole university, 44.5 percent come from outside New England, a larger proportion than ever before. The freshman class this year is a record-breaker in size, with 883 men.

RUM RUNNER TAKEN.

(By Associated Press)
WASHINGTON, Jan. 20.—Seizure of the first rum-running airplane this year was announced Monday by prohibition headquarters. The plane, with 120 bottles of Mexican tequila, the prohibition bureau stated, was seized on the Mexican border at Del Rio, Tex., and the pilot and two men arrested. The seizure, the bureau said, followed reports current for several months that a rum-running airplane has been plying between San Antonio and border points.

EXTEND VETERANS' RIGHTS.

(By Associated Press)
WASHINGTON, Jan. 20.—The house joint committee extending for eight years more the preference given to former service men in making entry on public lands, was adopted Monday by the senate. The period of two years specified in the original law for the preference to continue was about to expire.

Market News

(By Associated Press)
PORTLAND, Jan. 20.—Wheat was \$1.04 to \$1.10 today.
SAN FRANCISCO, Jan. 20.—Sugar jumped another 10 cents a hundred today.
(By Associated Press)
PORTLAND, Jan. 20.—Lard stock was steady today. Eggs were two cents higher, buying prices being 30 to 32 cents and selling prices 32 to 33 cents. Butter was three cents higher, extra cubes being 33 cents.

STORK BUSY IN CALIFORNIA

SACRAMENTO, Cal., Jan. 20.—A stork flaps out of the nowhere into California every seven minutes.

This is according to the latest figures for 1920 on the habits of these migratory birds compiled by L. E. Ross, director of the State bureau of these and other equally vital statistics.

In other words births in the Golden state during the year averaged 191 a day, or a total of 71,500 additional native sons and daughters.

Ross has estimated that during the year just passed the stork has eclipsed his flight record by at least half a minute, delivering a new-born Californian every six and a half minutes.

Detroit Will Train In Sunny South

(By Associated Press)
DETROIT, Jan. 20.—The Detroit American League baseball club probably will train this year at Augusta, Georgia, Frank J. Navin, president of the organization announces. Manager Ty Cobb is in Augusta seeking to arrange for housing facilities and expects to conclude negotiations soon, it was stated. Augusta was chosen some time ago, but the hotel at which the Tigers expected to stop was burned. For a time it appeared that some other training ground might be selected. Whether the Detroiters will make their homes in private residences has not been determined. The Rochester and Columbus clubs are to train in the immediate vicinity of Augusta and will provide practice games with the Detroit club if Ty Cobb selects the Georgia city.

SKIPPER GUILTY.

(By Associated Press)
NEW YORK, Jan. 20.—Captain Daniel Doherty, owner and skipper of the steamship Javary, was convicted today by a jury in federal court on a charge of illegally landing in New York alcohol ostensibly shipped to a foreign port. He will be sentenced January 20.

The steamer Javary arrived December 19 with 27,600 gallons of alcohol from Baltimore, consigned to Constantinople. That night the contents of 38 of the 250 drums were drained off through a hose into casks on the pier. The ship was seized.

MORE LAWS WANTED.

(By Associated Press)
WASHINGTON, Jan. 20.—The program which the American Farm Bureau federation will submit to the national agricultural conference when it convenes next week will call for early enactment by congress of laws "clearly defining rights of the farmer to market their products co-operatively." In making this announcement Tuesday the bureau said its economic and legislative proposals would be based on the plan adopted at the convention at Atlanta, Ga. Also it was said, information which the department of agriculture is collecting on farm tenantry and other problems will be made available to the delegates.

BLUNDERING DOCTOR.

(By Associated Press)
NEW YORK, Jan. 20.—Accused of having operated on the wrong foot of a clubfooted child, Dr. Samuel Kleinburg, Brooklyn surgeon, has been made defendant in a suit for \$100,000, filed by David Engle, father of the patient. The error, Mr. Engle stated in his petition was discovered after the operation. His daughter, he added, had the use of one foot before and is now crippled in both feet. Doctor Kleinburg is alleged to have admitted the error, but denied it had injured the good foot. He said he subsequently had been retained to operate on the club foot.

CONFERENCE PLANNED.

(By Associated Press)
SALEM, Jan. 20.—The governor yesterday wrote to the governors of Washington, California, Idaho, Montana and Wyoming, asking whether they would join in a conference in the near future to discuss the drug traffic.

Sale Fanciers and Price Fanciers

are both alike in the vernacular of dollars and cents.

The store that "cleans out" with a clearance sale in January must have made a beautiful "clean up" in October at Full Figures.

If you can get a bargain NOW, the fellow in the next berth must have gotten an awful wallop on the wallet THEN.

Personally, we don't believe in sales, nor would you if you'd compare our regular priced suits and overcoats with the bargain counter's same figures.

We know whereof we speak, our values prompt us to talk plain.

GENTRY PURE WOOL SUITS

FRUIT MEN IN SESSION.

(By Associated Press)
FORT WORTH, Tex., Jan. 20.—One thousand delegates had registered here Monday for the opening session of the Western Fruit Jobbers' association, Pacific coast and Chicago delegates came by special train. Salt Lake, Chicago and New Orleans are waging campaigns for the 1923 meeting.

FOR TEN DAYS WE will allow 10 per cent off on all Custom Made suits, 1-29-21. THE TOGGERY.

EXAMINE ELEVEN.

(By Associated Press)
PORTLAND, Jan. 20.—The Oregon state board of examiners in optometry, of which Dr. Floyd B. Drayton is president, has completed a special three-day examination, conducted at the Imperial hotel. Eleven took the examination. The members of the board are: Dr. Dayton, of this city; Dr. Ella C. Mende, of Albany, vice-president; Dr. W. M. Peare, of La Grande, secretary. Dr. Mende and

Dr. Peare remained in Portland last night for the meeting of the Oregon Optometric association.

The Severn Tunnel, the longest railroad tunnel in England, is to have a new system of ventilation, one feature of which is a fan 27 ft. in diameter and 9 ft. in width, which will revolve one hundred times a minute.

Islands off the Concan coast were recently offered for sale at 6,000 each.

Optometrist

It Is Well to See That You See Well

If you would have perfect eyes and perfect sight heed the warnings that tell of eyestrain. Aches, pains and fatigue, are but nature's demand for rest or help. After suffering the tortures of headache, nervous depression, muscular strain and many reflex physical disturbances the comfort and ease given by a pair of perfect glasses fitted according to Optometry, are wonderful. Then why "enjoy" the pains and aches of defective eyes when relief is to be had? Our equipment and methods are the most modern.
