

# PRESIDENT IS AFTER POWER

### Argentine Executive Said To Be Planning to Keep Oppositor Forces Down.

(By Associated Press)  
 BUENOS AIRES, Feb. 14.—Charges that President Irigoyen is planning to keep himself in power by postponing the national elections, which would otherwise be held on April 2, are made by leaders of the opposition parties. There is a constitutional prohibition against a president succeeding himself in office but President Irigoyen's opponents allege that he intends to evade it by delaying the election by some manufactured excuse. They see proof of their charges in the fact that the Radical party which now controls the government has failed to announce a date for its convention to nominate a presidential candidate. They openly say that the Radical party plans to continue the delay and that no candidate will be nominated.

Dr. Francisco J. Beasley, chairman of the convention of the Concentration Nacional, an opposition party, charged, at the convention of that party that Irigoyen intended to do everything in his power to retain control of the government.

"There has even been talk," the speaker said, "of a general revolutionary strike promoted secretly by the executive power and stimulated and prolonged by its tolerance so as to afford a pretext for the postponement of the elections in April."

Dr. Norberto Pinerio, who was nominated for the presidency by the Concentration Nacional, asserted in a speech that Irigoyen had "declared himself outside the usual order of government, invested himself with an historic mission, a superior destiny and placed himself above our fundamental charter."

The Concentration Nacional is an association of conservatives, democrats and other parties supported by two leading newspapers, La Nacion and La Prensa and by many leading business men.

La Epoca, the government organ, treats the accusations against President Irigoyen with disdain.

# MEXICANS ARE LEAVING HOME

(By Associated Press)  
 MEXICO CITY, Feb. 14.—The population of Mexico is a trifle more than 14,000,000, according to figures recently compiled by the census bureau which has just completed its enumeration. This represents a loss of approximately 1,900,000 since the last census was taken in 1910. The decrease is ascribed to emigration of natives and foreigners during the periods of revolution.

Officials here assert that there are now more than 4,000,000 Mexicans living in the United States.

# FOOTBALL IS ADVANCING

(By Associated Press)  
 ANN ARBOR, Mich., Feb. 14.—Coach "Harry Up" Yost of the University of Michigan has joined the ranks of that group of coaches who believe the present day football teams are superior to those of a decade or more ago, when hawn was the chief requisite for a college gridiron player. All things being equal, the average university or college football team of today would administer a beating to an average team of 10 years ago, in Yost's opinion.

# FREAK STUNTS BEING BARRED

(By Associated Press)  
 CHICAGO, Feb. 14.—"Freak" training stunts for the Cincinnati Reds will be barred and from the time the players don their uniforms at Mineral Wells, until the team leaves for the north, the athletes will be kept busy working into a perfect baseball machine, according to Manager Pat Moran.

"Let the Cubs go ahead with their mountain climbing and let Tris Speaker put his Indians through their cowboy stunts, but in the meantime watch out for the Reds as their time will be devoted into building up a smooth working infield," Moran said.

The greater part of the training work has already been mapped out by Moran for the 1922 season. It will include more baseball and less aimless mechanical work that has been the case in previous years and according to indications will be the case with other clubs in the circuit again.

Moran has a heavy task of building up an infield which will be new at two points. The condition last year after the situation so that infield workouts could not be held until late in the training season. Groh and Knief were holdouts,

there was no infield ready for the team. Jake Daubert did not arrive until late and Bohne and Forson had to be fitted into temporary positions. This year Moran wants Daubert, Bohne, Pinelli and Caveney ready for work when the first bugle blows and after spending the first day in tussling the ball around the actual infield work will be started on the second day.

Although the players were given good salaries last year, the club is doing even better this year, according to President August Herrman. Recent increases, especially for the younger players who have made good with the club, it is predicted, will add to the earnestness of the players to do their best during the training season.

In announcing the increases, the figures for which are not given, Mr. Herrman said:

"A liberal policy will prevail with the Cincinnati Reds again this year. We do not believe that any player has cause to protest the amount given him. We are giving Pinelli, Caveney and Couch substantial money; we are giving Geo. Burns as much as the New York club ever paid him; to sum up, the salary list of the Cincinnati club will compare favorably with the amount spent by any other club in the circuit, although the city has the smallest population and finished in sixth place last year."

# TRADEMARK TO BE REVIVED

(By Associated Press)  
 BERLIN, Feb. 14.—The trade mark "Made in Germany" soon may be stamped upon German export wares for the agitation to revive this trade mark, which was known in three-fourths of the market cities of the world before the war, has been increasing in industrial and commercial circles.

Arguments that the anti-German sentiment which resulted in widespread boycotts following the war is subsiding and that many merchants again would welcome the trade mark have had noticeable influence with manufacturers, who now are investigating the probable result of its renewed use.

It is almost certain the words will shortly be used for articles which cannot be imitated or for which there are no substitutes in other countries.

Some of the reports said to have been received from foreign merchants say many would welcome the sign again if only to prevent tradesmen from selling German goods at higher prices than necessary, under the representation that they were made in Switzerland, America, England or elsewhere.

It is known that immediately after the war the German merchants and manufacturers made use of the Swiss to market German-made wares which were boycotted.

Advocates of the "Made in Germany" trade mark also insist that its use would protect German merchants themselves, for they hope to "revive the respect for this mark until in no market of the world will the quality of the goods bearing it be questioned."

# MANY TALENTED PLAYERS HERE

Perhaps few citizens of La Grande are aware of the fact that several of their fellow citizens have at one time been prominent in various professional lines, such as musicians, actors, boxers, amateur athletes of considerable standing and others of a like nature.

Prominent among those who have forsaken their one-time profession to engage in some enterprise in this city is Andrew Loney, who is at present employed as clerk in the O.-W. office.

Mr. Loney started his musical career as a pupil of such nationally known musicians as H. W. Evans of Chicago, Elmer Arida, who is known as "Vaudeville's Premier Cornet Soloist," and is now with Rolfe's Colonials and B. F. Dillcoll's leading cornetist. He has been connected as solo cornetist with the Elk's band, Third Oregon N. G. Band, Coast Artillery Band, Tigan's Concert Band, the Gai Rezzo Grotto Band, all of Portland, and served in the same capacity in Humphrey's Military Band of Seattle; Administration Band, A. Y. P. Exposition of Seattle; the Shiloh's Royal Hungarian Band of the Pantages Theatre Circuit and the U. S. Naval Reserve Band of Bremerton, Washington.

He has played on many of the leading orchestras of Seattle, Portland, Spokane and San Francisco and was chautauqua soloist with several bands and orchestras.

Mr. Loney is at present well-known in musical circles in La Grande, having first been employed as leader of the "Elk's Band," after serving as leader for the "Portland Newsboy's Band," the Washington High School Band and the Lincoln High School Band, all of Portland.

Incidentally he was the first graduate of a high school in Portland to take part in musical graduation exercises, rendering a cornet solo when he graduated from Lincoln high school.

Carl Ledell, now physical director and coach of athletics in La Grande high school, was quite prominent in amateur athletics during his college career. He was a regular on the O. A. C. football team and was captain of the varsity nine during his last year.

M. L. Hooper, at present employed in the local express office and tumbling instructor in the Y. M. C. A., was known in professional circles for about five years for his tumbling and wrestling. He worked seven months on the Pantages Circuit and at that time was considered a very creditable performer. While on this circuit, in addition to his tumbling act, he also furnished his audiences with some high class trick bicycling acts and other acrobatic stunts.

Another musician of considerable merit is T. J. Lindsay, an employe of the O.-W. He has played some instrument or other ever since his early boyhood days and during his high school days played on a number of high school bands and orchestras.

Mr. Lindsay plays the French horn and the violin and along with Andrew Loney and Frank Robinson spent several seasons with bands and orchestras in Portland. He played in Parsons Band and Orchestra for several seasons, was a member of the Elk Band of Portland. He was connected with the Liberty Theatre, at Camp Lewis as violinist, for three years and served two seasons with the Royal Hawaiians.

Mr. Lindsay is a noted director and has his own orchestra at present, which is considered one of the best orchestras in eastern Oregon.

Frank Robinson, trombonist, and at present a member of the La Grande Band and other musical concerns in this city played with Parsons Band and Orchestra of

# NO ERRORS IN TAMPA

(By Associated Press)  
 TAMPA, Fla., Feb. 10.—Alarmed at reports that physicians in various parts of the country had through force of habit written "1921" instead of "1922" for a brief period after the new year, the city health officer here has investigated the recording of all births since January 1 and has announced that in no instance was a Tampa professional man guilty of the error.

# VETERANS ON TRACK SQUAD

MADISON, Wis., Feb. 14.—A squad of veterans will represent the University of Wisconsin on the track during the coming season, which opens indoors against Notre Dame at South Bend on February 18. Coach Tom Jones has experienced men, with high ratings in the Western conference, to enter in practically every event.

The Badgers are expected to be especially strong in the hurdles, distances and pole vault, with a well rounded team in the other events. Always among the leading contenders for the conference championship, Coach Jones feels that the 1922 team will be able to lead all of its competitors, providing eligibility does not cut heavily into the squad.

Outstanding individual stars, however, are lacking among the Badgers. A. J. Knofflin of Pocatello, Idaho, captain of the team, is expected to lead the conference in both high and low hurdles.

# NO FRENCH DELEGATES

(By Associated Press)  
 PARIS, Feb. 14.—Premier Poincaré, in a note given out Thursday night addressed to the United States and France's allies in the late war, declared flatly that France will be unable to send delegates to the proposed Geneva economic conference if any of the invited governments et it be understood that they do not accept entirely conditions arranged at the supreme council meeting at Cannes in January, precluding any discussion of the existing peace treaties.

# MAKES RECORD AS HUNTER

### Californian Kills His 87th Mountain Lion in Sequoia National Park.

VISALIA, Calif., Feb. 14.—W. C. Bruce, official lion hunter for the California fish and game commission, killed his 87th mountain lion only after he had been knocked to the ground by the beast and forced to fight for his life with his bare hands against the giant animal.

Bruce had been scouting the dense underbrush of the Sequoia National park's more remote sections and had already bagged four of the animals which have been more numerous this season than for several years. In the vicinity of Crystal cave, along the famous Black Oak trail leading through the Sequoia to the General Grant park, he came upon his fifth lion in 14 days. Five shots, apparently into the head of the beast, brought no result. The lion sprang at Bruce who was knocked to the ground by the blow and, thanks to the lion's fast ebbing strength from the five well-directed shots, was able to ward off the great paws until an assistant could strike the lion across the face with a heavy rock. Able to free himself, Bruce succeeded in recovering his rifle and sent a sixth bullet into the animal's brain.

Badly clawed and bleeding from a dozen wounds, the huntsman was still able to shoot down a sixth lion, apparently his antagonist's mate, before camp was reached.

The hunter expressed the opinion that the lions of the park region have now been cleaned out. He has bagged six, and three others were killed by mountaineers.

# GRANGE GIVES A PROGRAM

(Special to The Observer)  
 COVE, Feb. 14.—Mt. Fannie Grange held a meeting on February 4th, and received three applications for membership, elected Worthy Master M. L. Carter as delegate to State Grange, with Mrs. Georgianna Chadwick as alternate. The State Grange meets at McMinnville about the first of June. The following program was given during the lecturer's hour: Song by Grange; jokes from "Joke Box"; roll call. "To what do you attribute your success in life or if you are a failure, to what do you attribute that?"; song and dance by M. L. Carter; vocal solo, Mrs. L. J. Chadwick; riddles from Grange Bulletin; vocal trio, Marvin Daniel, Clifford Right and John Miller.

A party of twenty-three Epworth League members, with four horses and sleigh, enjoyed a pleasant evening on Monday, ending up with an oyster feed at the R. J. Baker home.

Miss Mabel Lantz left Friday to resume her duties at Corvallis.

Mr. and Mrs. L. J. Chadwick spent the fore part of the week at Hot Lake for medical advice.

The officers of Mt. Fannie Grange met at the hall Friday night and practiced the initiatory work. Coffee and cake were served and a valentine social will be given on Wednesday night.

# OLD AT 30 OR YOUNG AT 60?

The choice is largely up to you. If your blood lacks red corpuscles, you're going to be lagged and dragged out, you're going to lack "pep," to look sallow and unhealthy, to grow old before your time.

**DR. MILES' TONIC**

actually increases the number of red corpuscles in the blood. It makes the cheeks plump and rosy, stimulates the digestive organs, creates a healthy appetite, and leads to increased vigor and vitality. First bottle guaranteed to help you or money refunded.
