Stiff? Sore?

A lame back, a sore muscle or a stiff joint often is considered too lightly by the sufferer. It should be remembered that backache, rheumatic pains, stiffness, soreness, aching and puffiness under the eyes are symptoms of kidney and bladder trouble—and these certainly should not be neglected.

Foley Kidney Pills

help the kidneys eliminate from the system the poisonous waste and acids that cause these aches and pains. They act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to healthy, normal condition.

J. E. Simmons, 400 E. 5th St., Portland, Ore., writes: "I was troubled with backache and urinary trouble. I tried Foley Kidney Pills and will say that I highly recommend them to anyone troubled in that way, as they are excellent."
