Methodists Discuss Ku Kluxers at the Men's Club Meeting
The Ku Klux Klan as it existed during the civil war and anti manifests itself in Oregon today were two topics discussed at the Men's club of the Methodist church last evening. Following the regular papers read by J. L. Cramer on the first phase and A. W. Nelson on the present-day phase, some interesting personal views were expressed and the evening was a profitable one to all present. The papers developed that the Klan is a going concern in Oregon and that the chief objects of the Klan appear to be the maintenance of white supremacy, anti-alien, anti-Jew and anti-Catholic.

HORSE BELOVED BY OFFICIALS

Lieutenant Hudgin Will Visit Bidwell Ranch Where "Meteorite" Is Kept.

Civil officials do not lose sight of the government horses nor do they forget their love for these horses, remarked Homer Bidwell, who is Mrs. Bidwell, is spending a few days in La Grande.

Homer is keeping the government stallion "Meteorite," at his ranch in the north Powder country and this week he is expecting Lieutenant Hudgin visit his place and check up the addition of the government stallion.

"Meteorite" is one of the favorite stallions of the government. He is a wonderful horse and has run a mile in 1:33 in earlier years. When he was a yearling he sold for \$12.00 and once in his lifetime he bought \$47,000. This was in his racing days.

"But do you know," said Mr. Bidwell, "that he is a great horse today. His only eight years old and I hope he could go out and make a racing season yet. But the government has him in the northwest to improve the blood of the horses and he will probably be here only this season before he is moved to some other vicinity."

In speaking of the irrigation project at the valley which is now so earnestly talked of by Baker county people, Homer said it looked to him that it was a sure go and would be put as soon as possible. When completed the project will back up the seven feet deep water Mr. Bidwell's house now stands. It will also cover the railroad and the highway for a mile and a half. This means some changes in laying the O-W tracks and the highway.

SENIOR PLAY TO BE SOON

The Senior play cast is rapidly shaping Booth Arkington's popular comedy, "Clarence" into tip-top condition and beginning tonight the cast will practice every night until the presentation on March 10 and 11.

By now the cast has been learned and the remaining time will be spent in rehearsing the rough edges. The first three acts have been memorized and the fourth act is now the center of attention in a few days the entire play will be handled nightly.

Miss Jean Marie Whitney, who is in charge of the play is getting splendid results from her proteges and it has not been necessary to change the cast in the slightest degree.

"Clarence" is one of Tarkington's finest comedies and has received universal acclaim from the critics and spent a very successful season on Broadway. "To our mind 'Clarence' is the best light comedy which has ever been written by an American," says the New York Tribune and it has been unanimously greeted with delight wherever presented. The play is a comedy that will appeal to both old and young and is typically American throughout.

The cast selected has proved satisfactory in every way and nothing but clear sailing is in view for the remaining days. The cast is: Mrs. Martin, Edith Pierce; Mr. Wheeler, Grant Bean; Mrs. Wheeler, Margaret Palmer; Bobby Wheeler, Almed Meyers; Cora Wheeler, Ruth Hill; Violet Pinyoy, Marjorie O'Brien; Clarence, Ted Larson; Della, Thelma Richen; Dinwiddie, Lanier Pearson, and Hubert Stem, William Heughan.

LA GRANDE WILL HAVE SPEED CAR

Red Williams To Drive the Fastest of the Swift in Auto Races of the Northwest.

Red Williams, who has driven himself to fame throughout the northwest, is going to hit the race tracks this season with a La Grande car that will be hooked up for speed.

This announcement was made yesterday when Red and Dr. Zimmerman joined issues in erecting a Lexington speed motor into a frame that just suited Williams, making a complete car of the racer type that Red thinks he can go forth and conquer all comers with.

Work is progressing on the remodeling of the racer and nothing is being left undone to lighten the load and at the same time guarantee speed and safety.

"This is the year that I am going to show all these speed hounds the dust," said Red to an Observer reporter as he pulled the pistons out of his pet motor patting them much as a rider used to pat his favorite horse. "The world wants speed, more speed and I am the guy that's going to show them how to get it," he continued.
