CLAIMS BABE RUTH IS BRAINY

(By Associated Press) LOUISVILLE, Ky., Apr. 12.—A university president as braver as Babe Ruth is the need of America.

Dr. A. E. Whiship, editor of the Journal of Education, Boston, declared before the Kentucky Educational Association here today.

"Babe Ruth has a larger salary than any five university presidents," said Dr. Whiship, "any ten state commissioners of education, any eight city school superintendents, and if he makes as many home runs as in 1921 he will have \$10,000 more than the president of the

United States. His remuneration is not the result of trick work, is not made at the disadvantage of anybody, not due to striking oil, and not due to politics nor business combination. It is pure intensified brain power such as no other American equals.

"Ruth's mind accurately estimates when and where the ball that is coming like lightning will cross the plate. At the same time he has decided just where to have his bat send the ball.

"America is waiting for an equally brainy university president to estimate what is best to equip students in college to give the best service in life."

Mrs. Blake's Favorite Recipe

Scalloped Potatoes

This economical way of preparing potatoes removes them from the "side dish" class and makes of them a dish of distinction:

1 tep. salt, 4 medium sized potatoes, 1/2 cup water, 1/2 cup Carnation Milk, 1 tep. butter.

Wash, pare and cut potatoes in thin slices. Put a layer in buttered baking dish, sprinkle with salt and dredge with a small amount of flour. Add milk and butter and bake until potatoes are soft. This recipe serves six people.
