Character in Home. If there are children in the home we must ever keep in mind that every object there is helping or retarding the character development of that child. He has a right to his own furniture in bedroom, living room and sunroom, and to be able to receive impressions from beautiful things that will help formulate his life standards, for, as one writer says, "Childhood shows the man, as morning shows the day." And finally, let utility, comfort and beauty be our guide in bringing about complete harmony in decoration.

Can YOU Nominate This Boy?

We want to locate the most energetic boy in La Grande. We do not expect this boy to answer this advertisement himself; it may be given to his attention. Besides, the boy we are looking for is going to school and, most likely, hasn't the least idea of taking up spare time work.

The boy we want is from 12 to 16 years of age, clean-cut and aggressive. Of good, responsible parents who are interested in his future.

The position we have for this boy is taking charge of the well-established sales distribution agency of THE SATURDAY EVENING POST, the LADIES HOME JOURNAL and the COUNTRY GENTLEMAN in La Grande, which requires but a few hours work each week after school.

An invaluable, practical business training in addition to a permanent weekly income, will be his.

You, who are reading this advertisement, may know of such a boy. If so, you will do him a real service by advising him of this opportunity and securing an appointment with our representative, Mr. Adamson, Sommer Hotel, La Grande, who will give full details.
