THE OUTBURSTS OF EVERETT TRUE—by Corde

Iowa county in company with nurse Peterson on her return from a business trip to Portland. The M. E. church celebrated Easter in an appropriate manner. In the morning there was a baptism service and Easter sermons with special music and in the evening the choir, under the direction of Mrs. F. D. McCully, gave a beautiful Easter cantata. The church was beautifully decorated with potted plants. A pilgrimage to ice-bound mountain lakes has again become a legitimate sport and on April 14 a brave assembly wended its way toward Ansoni hoping to dig down through the 12 feet of snow and seven feet of ice in time to catch a fish for breakfast April 15. Since it has snowed persistently all spring, they encountered much loose snow and hard going. The cabin had been dismantled and snowed under but in spite of discomforts and bad weather, there was a fair catch of fine fish. Mediamon Eden, Gaulke and F. D. McCully were hostesses April 14 in the McCully home at a delightful shower in honor of Miss Margaret Swartwood, whose engagement to Tril Olmstead of Portland, was announced a week earlier. Miss Swartwood received many beautiful and useful gifts from her many friends in Joseph, where she is a very popular young lady. Dainty refreshments were served. Everett Reddick, homesteader and rancher from Snake river, out for the first time since the county fair, reports grass growing in the Snake river country, despite a cold, backward spring. The Joseph Women's club is the new name of the Entre Nous club and at the recent election of officers for the coming year the following persons were chosen: president, Mrs. W. G. Both, vice-pres-

MUSIC SECTION IN LIBRARIES

(By Associated Press) PEORIA, Ill., Apr. 21.—A music section in every public library in the United States is the joint aim of the General Federation of Women's clubs and the National Federation of Women's clubs. Both federations have created a department of library extension, with Mrs. James H. Hirsch of Orlando, Fla., as chairman. Mrs. Hirsch said the proposed music sections would prove valuable in making available information on music to those desiring it. The committee working with Mrs. Hirsch includes: Mrs. J. Lacey Harper, Yuma, Arizona; Mrs. Frank

W. Cochran, Salida, Colo.; Mrs. J. O. Hancock, Stuart, Fla.; Mrs. Ida Bishop, Savannah, Ga.; Mrs. Frank H. WARNING IS BROADCASTED

NEW ORLEANS, Apr. 21.—The invisible forces of the air were arrayed against "the invisible empire" of the Ku Klux Klan last night when Governor John M. Parker of Louisiana used the item's radio broadcasting station to make an anti-Klax Klan address. "No band of masked men, no mob, no visible or invisible forces shall ever dominate the government of America, nor the government of

Louisiana," the governor declared, while standing in front of the broadcasting mechanism. "Neither the Ku Klux Klan nor any other similar body of men shall rise superior to our law enforcing officers, or to our courts and our juries. We of the south, as well as the people of the entire nation, are passing through a crisis that demands and insists upon fearless and impartial enforcement of the law. If you have not that, you have no civilization," the governor continued.

CITIES' LOSS IS FARMS' GAIN

DES MOINES, Apr. 21.—Personal property, farm lands and the railroads were assessed lower in 1933 than the year previous, according to tax tables just completed in the office of Glenn C. Hayes, state auditor, but town lot and express and telephone companies were assessed higher. The taxable value of personal property fell off \$15,890,151, railroads, \$5,175,669, and farm land, \$2,206,558. The decrease in assessment of the railroads was due to the action of the federal court in restraining the executive council from collecting the taxes assessed. But for this action, the railroad assessment would have been increased over \$9,000,000. The matter is still in the courts. While these three classes of property decreased in assessed value over \$24,000,000, the assessment on town lots was increased \$12,441,425, and express property, telephones, telegraphs and transmission lines were assessed \$2,204,243 higher. The net loss just about equals the increase the council made in the railroad assessment. Despite the decrease in assessed value, farm land pays about three-fifths of the taxes of the state. The taxable value of land in 1931, including forests and fruit trees, was 59.98 per cent of the total; the value of town lots, 13.20 per cent; the value of personal property, 15 per cent; the value of express property, telegraphs, telegraphs and transmission lines, 87 per cent and the taxable value of the railroads, as fixed temporarily by the courts, 6.95 per cent.

The average per capita tax in Iowa is \$49.26, or \$216.80 for a family of five. Of this sum, \$4.95 per capita, or \$24.75 per family of five, is for state revenue, roads, county and city taxes.

JOSEPH, Apr. 21.—Sunday a doe was chased by dogs or coyotes out upon the lake and broke through the ice. Passersby rescued the poor creature almost more dead than alive and brought it down to Mr. Briggs' barn, where it was tenderly cared for. The cold and fright were too much and it died two days later.

DEER KILLED BY COYOTES

(Special to The Observer) JOSEPH, Apr. 21.—Sunday a doe was chased by dogs or coyotes out upon the lake and broke through the ice. Passersby rescued the poor creature almost more dead than alive and brought it down to Mr. Briggs' barn, where it was tenderly cared for. The cold and fright were too much and it died two days later. There are many stories of coyotes chasing and killing deer at this time of year when the snow is so soft the deer break through at every bound and coyotes do not the deep snow is sending the deer out of the big blunders.
