Mrs. Alvan H. McCreary, of Philadelphia, who says nothing she could say for Tanlac would be half good enough after the way this remarkable medicine has brought back her health.

"It is just glorious to have my health back, and in my opinion there is nothing I can say about Tanlac that would be half good enough," said Mrs. Alvan H. McCreary, 1631 Locust St., Philadelphia Pa.

"For two years I had all the miserable and agonizing symptoms that go with a bad case of stomach trouble. Although I lived on the strictest kind of diet I suffered torture from indigestion and finally my whole system seemed to give way. "I certainly know how to appreciate the wonderful blessing of good health and I have such confidence in Tanlac that I wish it was in my power to put a bottle of it in the hands of every sick man, woman and child so that they might take it and get well and strong, as I have done." Tanlac is sold in La Grande by Silverthorn's Family Drug Store and all leading druggists.—Adv.

Indigestion and Constipation:
"Prior to using Chamberlain's Tablets, I suffered dreadfully from indigestion. Nothing I ate agreed with me and I lost flesh and was slow in health. Chamberlain's Tablets strengthened my digestion and cured me of constipation," writes Mrs. Geo. Stroup, Solway, N. Y.—Adv.

Shoes Wear Out—

So Do

Batteries!

When a pair of shoes wear out you have been notified in advance by the thinness of soles or cracking of the upper—or some other easily recognized sign.
But when a battery wears out you may be taken by surprise, because batteries often go strong until the last minute.
The way—and the only way—to cut trouble and worry and cost to the limit is to buy the best battery—the Willard Threaded Rubber Battery. Its Threaded Rubber Insulation gives you the most miles of uninterrupted service per dollar.

CHATS WITH YOUR ELECTRIC MAN

—Some people question our sincerity when we urge our customers not to waste electricity. "Why should you care?" they say. "The more electricity people waste the higher the bills are and the more money you get."
—To those unacquainted with the facts this sounds reasonable enough, but nothing could be further from the truth. The good-will of the public is our best asset. We want satisfied customers. It is easy to see, therefore, that a friendly customer with a small bill is more to our advantage than a customer with a big bill who thinks he has been overcharged.
—Of course we can not regulate the amount of electricity that you use, but we can and do urge you to take care that your consumption does not exceed your actual needs. In other words, we want you to obtain complete satisfaction from your electric service. Could anything be fairer?

GOLD KETTLE IS PASSED UP

(By Associated Press)
KOVNO, Lithuania, Apr. 26.—A solid gold kettle, hanging from a stick over the shoulder of a ragged refugee who recently passed into Lithuania, has caused several customs inspectors to receive sharp reprimands from their superiors in Moscow. The kettle was dented and covered with tin and its owner was seemingly so impoverished that the inspectors allowed it to cross the border without bestowing more than a casual glance upon it.
Many clever schemes to smuggle valuables from Russia are revealed after their authors find themselves safe in Kovno. One traveler succeeded in passing the inspectors with diamonds and other precious stones valued at thousands of dollars concealed in sandwiches.
When he reached here he threw the dried bread and meat which had screened his jewels to some hogs. A few hours later he discovered that one of his most valuable stones was missing. Ten hogs were killed before the diamond was recovered.
