WIND TO PUMP WATER ON FARM

(Special to The Observer)
TELECAST, May 4.—L. B. Hiatt is making a needed improvement on his farm. He is putting in a reservoir up on the hill above the town and with a wind mill and the air of the Telocaset water will be pumped into the reservoir. This will give a plentiful supply of water to all residents in that part of the town. Lawns and trees will be planted and the children will have some place to play besides the dusty roads.

Lee Parks and Orville Fraser have the contract for putting in the fill on the overhead on the Oregon Trail. They have made their camp on the Hill place and this will be their headquarters while doing the work.

Mr. Harris has purchased a new car.

Mr. Hutchinson has purchased a new car.

People in Telocaset and vicinity have purchased five new cars in the past six weeks.

Gerardine Hiatt spent the week-end in Pleasant Valley and attended the birthday party of her little cousin Jean Davis, who lives at that place. She returned home on Sunday evening.

Mrs. Law's room gave a luncheon in honor of Mrs. Stiles' room on Friday. The lower grades planned the meal and got it all ready and sent in an invitation to the other room to join them at dinner. When the upper grades marched in they were conducted by ushers to a well-filled table. This had been planned for two weeks but the little ones kept their secret well. They were paying back some April Fool jokes as well. All had a good time.

Leland Hodgkins is able to do the janitor work at the school house again.

Mrs. Law spent the week-end visiting at the home of Mrs. Stiles, who lives in La Grande.

It is hoped that the thief who stole the rope off the flag pole will soon be apprehended and brought to justice.

Mrs. Lewis Bidler and Mrs. Connolly of Union were business callers in Telocaset Friday.

Miss Alma Stratton was helping Mrs. Ackley for a few days.

INTEREST IN RADIO IS KEEN

Of late the most satisfactory results have not been obtained from the Elks' radio. This is largely attributed to weak batteries and was soon corrected. Thanks of this the radio set is rapidly being improved on.

will soon be working in good order. Many fine radio concerts have been received at the Elks' club in the evening in the past few weeks and with the radio in good condition a steady crowd will be in attendance.

In the Y. M. C. A. some time ago a radio club was formed among the boys by A. E. Pryke, secretary of the "Y," but active work has been suspended until a radio equipment can be financed.

As in other cities, the radio has been taken up quite generally in La Grande and although not a large number of sets are in use a growing number of fans are taking up the study of the radio. Indications are that in the future La Grande will be well equipped with complete radio sets that will receive concerts and other communications from all over the United States.

MANY HORSES ON PASTURE

(Special to The Observer)
STARKEY, May 4.—Ralph L. Sullivan and Everett Clark, who is riding for him, came in from Pendleton with 234 head of horses for pasture.

Mr. Lucas, A. J. Sullivan's foreman, also brought in the Sullivan band of horses. Mr. Lucas states that the range grass is much better than he had expected. He has been wintering at Echo. The horses are in fine condition.

Ralph Sullivan intends to go out to the Pendleton country again on the tenth of this month. He will go after more pasture horses. Some of the valley ranchers have not yet finished their spring work and he will bring in their work stock when they finish. He will also get some more horses from Pendleton.

A. B. Burnett was a La Grande visitor Monday.

Jack Stares, stock man of Starkey, went out to the Pendleton country for pasture horses Monday.

The weather is warmer and the grass is coming along nicely.

Lumbago.

This is a rheumatism of the muscles of the back. It comes on suddenly and is quite painful. Every movement aggravates the disease. Go to bed, keep quite and have Chamberlain's Liniment applied and a quick recovery may be expected. Mrs. F. J. Dunn, Brockport, N. Y., writes: "I can honestly say that Chamberlain's Liniment cured me of lumbago a year ago last summer. When I began using it, I was flat on my back in bed and could not turn to the left or right. I had a bottle of Chamberlain's Liniment in the house and this was applied to my back. It promptly drove away the pains and aches."

(Special to The Observer)
TELOCASET, May 4.—When Mrs. Stiles, teacher in the Telocaset school and several of her pupils went to put up a new flag on the flag pole Monday morning they discovered that some time during the night some person had stolen the pulley and rope from the flag pole. The Barnwell boys were business visitors in La Grande on Tuesday.

A letter has been received from Earl Barnwell stating that he is enjoying himself with friends in Prairie City and that he will be in Baker for a few days before returning to his home.

It is as last dry enough for the farmers to begin work preparing their fields for the spring planting. On account of the backward season they are rushing their work as fast as possible.

The section foreman has a new car. Large bands of sheep continue to pass through Telocaset on their way to pasture. The grass is reported to be growing rapidly.

Some of the children are absent from school on account of an epidemic of pink-eye.

Mrs. Hyatt was visited by her sister, who lives in La Grande. She was here a few days before returning to her home.
