

Here, Men Is Good News

We are Offering a
BIG CLEAN UP
On Men's Shoes
On Sale at
\$4.00, \$5.00, \$6.00

The shoes we are offering on sale at these prices represent all good styles in both black and brown and practically all sizes represented in the entire lot.

Each and every pair is well worth two or three times the price asked and our reason for offering them at these prices is that we are discounting all lines of men's shoes but the J. P. Smith line. The shoes on sale are shoes made by good reliable firms—such as the Bostonian and the Nunn & Bush shoes. None better made—and the styles are excellent.

It will pay you to look these shoes over and see for yourself the saving to be made and anticipate your needs by buying two or three pair.

IDLENESS STILL ON IN ODESSA

(By Associated Press)
ODESSA, May 10.—(By) vast amount of reconstruction necessary before Russia can resume her place as a producing nation is typified in Odessa, where more than 60 big factories are rounding out their second year of idleness.

While the Communists appear to be "coming to their senses," as one observer expressed it, the bitter economic lesson of the past four years has left its imprint on the industrial Russia of old. Here are to be seen many powerful examples of how easy it is to destroy and how difficult it will be to build up.

Odessa once boasted two huge sugar refineries. Together they employed nearly 10,000 persons, but today they are idle and almost in ruins. Another 2,000 men were employed in the big rope manufacturing plant on the outskirts of the city. The factory will have to be practically rebuilt before it can be opened again. The brick making industry had 20 factories in and near here in pre-war days, but all of them are falling to pieces.

There were once three shipbuilding plants, the largest employing 8,000 men and turning out vessels of 3,000 tons and more. The Soviet government now operates it, at one-eighth have not been operated since 1917, and a French factory for making soft phosphates shares the same fate. It once required eight big plants to can the fish caught in the Black Sea. The fish are still there but the factories long ago ceased to function.

Two jewelry factories have been closed for several years, as have three plants for making vegetable oils, and two others where matches were made in more prosperous days. The making on sugar and grain bags was a big industry here, employing thousands of persons. Odessa also had fac-

ories for the making of cloth products, nails, cement, machinery, glass shoes, paints and varnish, cork, linoleum and carpets, but gaunt, decaying buildings are all that is left to recall that time.

PERFECT PARSON

LONDON—The current issue of the Church Times contains this advertisement: "A sense of humor, proportion and refinement wanted in assistant priest. Bachelor preferred."

An Expert Writes:

"I used to be called a poor cook, and never pretended to bake a cake worthy of praise, but now I am called the champion baker of my community, thanks to the Royal Baking Powder."

D. FITZGERALD, Prop.

To Our Customers;

After June 1st, we request that all our customers please save their sales slips, as we do not again them. We have been for the past three years using a Burroughs Bookkeeping Machine on our Wholesale and General Ledger accounts and have decided to handle all our retail accounts in the same manner. This machine is similar to that used in the banks. We believe this machine will expedite our accounting and make it possible for us to give you the best service in your accounts with absolute accuracy.

However, should you have any missing slips we will gladly furnish you duplicates, as we retain all original sales slips in our files.

Very truly yours,
The Grande Ronde Meat Co.
