Lumbago. This is a rheumatism of the muscles of the back. It comes on suddenly and is quite painful. Every movement aggravates the disease.

We're Enthusiastic about Willard Threaded Rubber Batteries. And of course, the source of our enthusiasm is in the product—the high quality materials—the careful inspection—and on top of it all Willard Threaded Rubber Insulation.

THREE IMMENSE PARTS IN "UNDER THE LASH AT SHERRY'S LAST DAY."

A beautiful young wife, married off by her relatives who wished to get rid of her; forbidden even to read, a slave to her puritanical stern husband, leading a loveless, colorless, monotonous life on the South African veldt—

An aged stern, fanatical, eccentric husband, who over his wife as one loves a horse or dog, keeping her in subjection; a cruel, merciless master who guides his own life by the Holy Word, but rules all under him with the terrible jumble—a long black whip—

A young Englishman, of fine family, who comes to the South African veldt to learn farming and who is the first man from the outside world to enter the life of the beautiful young wife—

These are the three principal characters around which Alice and Claude Askew wove their delightfully entertaining novel, "The Shulamite," which has just been pictured by Paramount under the direction of Sam Wood.

The new picture, "Under the Lash," is the second starring vehicle of Gloria Swanson. Miss Swanson plays the role of the wife, Russell Simpson is the husband and Mahlon Hamilton, popular leading man, is the young Englishman. Comedy "The Grouch."

"FIFTY CANDLES" TO BE SHOWN ON SCREEN.

In adapting "Fifty Candles," the Saturday Evening Post story, to the screen, Irvin V. Willard has retained all of the mystery, the interesting characterization and the puzzling suspense which were incorporated in the original, and in order to clothe the picture with the proper atmosphere he and his company spent several weeks in Honolulu and San Francisco "shootings" the locations described in the story.

Earl Derr Biggers, the author, like most writers spent the early part of his career around a newspaper. He is well known to the American public through his stories which have appeared in the leading popular magazines, many of which have been dramatized while several have appeared on the screen.

He is probably best remembered as the author of "Seven Keys to Baldpate," which was immortalized by George M. Cohan. Among his other works are "Inside the Lines," "Love Insurance," and "Idle Hands." "Fifty Candles" was written in Honolulu a few years ago while Mr. Biggers was sojourning there and was suggested by an interesting case which he uncovered in the records of the United States District Court.

"Fifty Candles" will be seen at the Arcade Theatre Thursday only.

Is Your Car Short of Breath?

WHY MOTORS NEED NEW PISTONS

Piston wear occurs in every motor. And, with the wearing of pistons, the piston pins and rings, also wear. No wear in motor, or car, makes itself so thoroughly evident as does the wear in these important parts.

Despite the best lubrication possible, each of your pistons, as it travels up and down, wears against the cylinder walls. Have you ever thought how fast, and how far, these pistons travel in going back and forth, back and forth, up and down, millions of times through the cylinders? One "mathematical sharp" figures that in 10,000 miles of automobile travel a single piston in the average six-cylinder motor makes over 50,000,000 strokes up and down the cylinder walls. Therefore it is easy to understand why pistons, piston pins and piston rings wear—even with the best of lubrication.
