**VOTERS: RALPH E. WILLIAMS**

REPUBLICAN NATIONAL COMMITTEEMAN

**Dainty Orinsists that his campaign be clean, Remarkable fair, instructive and impersonal**

Ralph E. Williams has served as Republican National Committeeman for Oregon until he is the senior member of the Committee.

In June, 1921, at the Committee's first meeting after the inauguration of President Warren G. Harding, every State cast its vote for Ralph E. Williams of Oregon for Vice-Chairman of the Committee, recognizing by their unanimous vote his fitness and ability as a leader to fill this responsible position.

This distinction gives to Oregon and the Pacific Coast much power and influence in party affairs.

Does the character of the campaign of the opposition lead you to think that you can get this kind of influence and power in National Councils by the election of their candidate?

A National Committeeman does not make appointments—that is done by the President; nor does a National Committeeman legislate—that is the function of Senators and Congressmen; the business of a National Committeeman is to give attention to the affairs of the Party as an organization. In this Ralph Williams has made a conspicuous success. Had there been any legitimate reason why Mr. Williams should not be re-elected, or any doubt as to his loyalty and service to the party or its candidates it would have appeared in previous elections and before he had shown the value of his services to the party by being unanimously elected Vice-Chairman by the National Committeemen from the forty-eight States.

After Ralph E. Williams harmonized the party why try to disrupt it?

By all rules of fair play, because of the work he has done in the past, he is entitled to reelection.

Having no legitimate reason for opposing his reelection, the opposition has circulated unfair, misleading and poisonous statements.

We do not wish to insult your intelligence or your sense of fairness, and regardless of what the opposition has done or may do in an eleventh hour attempt to impose its poison upon you, there will be no disposition on Mr. Williams' part to adopt their unclean methods.

**To Our Customers;**

After June 1st, we request that all our customers please save their sales slips, as we do not again issue. We have been for the past three years using a Burroughs Bookkeeping Machine on our Wholesale and General Ledger accounts and have decided to handle all our retail accounts in the same manner. This machine is similar to that used in the banks. We believe this machine will expedite our accounting and make it possible for us to give you the best service in your accounts with absolute accuracy.

However, should you have any missing slips we will gladly furnish you duplicates, as we retain all original sales slips in our files.

Very truly yours,

**Inform Yourself About These New Uses for Kingsford's Corn Starch—Very Interesting to Every Housewife**

**I**F your recipe calls for four eggs to one quart of milk, use three eggs, and for the egg omitted use half tablespoonful Kingsford's Corn Starch.

It is not necessary to purchase both a bread and a pastry flour. By using one-fourth cup of Kingsford's Corn Starch to three-fourth cup of any good flour the percentage of gluten is decreased

and the starch content increased so that home prepared flour will make a lighter and finer grained cake.

For smoother, glossier gravies and sauces use a dessertspoonful of Kingsford's instead of a tablespoonful of wheat flour.

For lighter, flakier biscuits, pie crusts and muffins, make your pastry flour with 1/4 cup of Kingsford's and 3/4 cup wheat flour.
