UNION SENIORS ARE GRADUATED

(By Associated Press)
UNION, May 22.—The Union schools closed last Friday. The last week was replete with commencement and other exercises of the graduating class. On Monday evening the juniors entertained the seniors at a banquet at the Union hotel. Besides the students there were present Supt. and Mrs. Roy Cookin and the entire high school faculty. A temporary organization of the alumni was provided and the graduates plan for a permanent society. After the banquet a dance was enjoyed on the hotel dance floor. On Wednesday evening the

senior program was given in the high school assembly. Everett Kuhn was valedictorian, Robert Maxwell was historian, Kenneth McKennon gave the class prophecy and Grace Cook was chosen as valedictorian, having made the highest grades of the class. Following these numbers the seniors staged a moral play in three acts, which was well handled by the cast and greatly enjoyed by the audience. On Thursday evening the commencement was held in the M. E. church. Professor Warrington, from the Oregon Agricultural College delivered the principal address of the evening. Diplomas were presented to the 17 graduates by Mr. Halsey, chairman of the school board. Those receiving the diplomas were: Roscoe Cook, Grace Cook, Maud Spain, Katherine Stewart, Julia Crouter, Vernon Johnson, Reed Dalton, Frank Wright, May Gamble, Robert Maxwell, Ida Bellus, Darrert Irwin, Alvin Phillips, Estella Geersten, Chester Eamus, Kenneth McKennon and Everett Kuhn. On Friday evening the eighth grade exercises were given in the high school assembly. There were several numbers, vocal and instrumental music and recitations by the members of the class and Rev. L. A. Cook gave the class a short talk. Several awards were presented to the pupils for scholarship and higher grades. These pupils had been under the instruction of Mr. and Mrs. Garland Ross. Most of the applicants in the seventh and sixth grades passed their examinations in geography and physiology. These were all these classes and will help to increase the high school attendance in the future. Several of the teachers have already left for their homes for the vacation. Miss Alice Sorum and Miss Mattie Ross will spend the summer in North Dakota. Mr. and Mrs. Ross have returned to Peattie City where they own a ranch, and will spend the summer months there. Mr. Billings will return to the vicinity of Seattle where he will probably teach next year. Ralph Morgan will remain here for most of the summer as his work in agriculture extends through the vacation period.

They Overlooked the Diamonds

THERE is a modern flippancy to the effect that, "What you don't know won't hurt you." Its also a fallacy. For instance:

The farmers of Kimberley were a disgusted, disheartened lot. They said the soil was too rocky to earn them a living. Some of them left. Others died in poverty.

And all the time their children were playing with diamonds.

But the farmers didn't know. They thought the price-less gems were pebbles.

Don't be like those Kimberley farmers. KNOW!

Don't seek opportunity in some distant place and overlook the diamonds that are daily within your grasp. KNOW!
