La Grande.

Little Gold in the Middle Ages.

Gold was comparatively scarce in the Middle Ages. It is estimated that the total stock of this metal in Europe at the time America was discovered did not exceed a value of \$225,000,000.

Efficiency.

"Children," said the efficiency expert, "are a beautiful idea, but expensive. I have figured out that a growing child costs its parents exactly 27½ cents for each tooth of an inch."—Houston Post.

LOSTINE PUPILS GIVEN OUTING

LOSTINE, May 27.—Miss Myrtle Masun left for her home at Boise on Monday after closing a successful year as assistant principal in our school this year. She is expected back again next term.

All the pupils of the various grades enjoyed an outing the last of last week for a treat at close of school. Miss Oliver and Miss Pugh started out with the primary pupils on Thursday but were compelled to return to the school house to enjoy their weinies and buns because of the rain. Friday Mrs. H. J. Moody, Mrs. S. M. Crow and Mrs. B. E. Duncan took the 7th and 8th grades for a picnic and Mr. and Mrs. Bhas Bridwell and Mr. and Mrs. Earl Allen took the 5th and 6th graders up the canyon for an outing and picnic.

Most of our young folks went to the Lake Sunday for an outing and picnic.

The Wallawa County Sunday School convention will meet here this week Friday and Saturday, May 26th and 27, and on Saturday there will be a basket dinner held in the L. O. O. F. hall for all who attend the convention, the dinner to be supplied by the local people.

Decoration Day will be observed here next Tuesday, May 30th, with the exercises and decorating of graves at the cemetery in the morning at 10 or 10:30, and a big dinner will be given in the L. O. O. F. hall at noon, the proceeds from which will be added to sums already on hand to be used toward building a small chapel building on the cemetery grounds for the comfort and convenience of the people during burial services. There will be an address at the Presbyterian church in the afternoon, about 2:00 o'clock, given by Rev. James Pointer of Enterprise. There are also some other numbers on the program and special music, both vocal and instrumental will be a part of the exercises.

Mr. and Mrs. M. Crow and Miss Myrtle Olsen and Mrs. S. M. Crow were Wallawa visitors Monday night.

Chris Johnson was a Wallawa business visitor on Monday.

E. L. Rucker had an accident last week that might have proven quite serious when a stringer on a river bridge near his home gave way with him and his four horses and wagon, loaded with barley went into the river. He jumped and landed about 10 feet away, and then, with help, they got the horses unhitched and out. The barley sacks floated into the stream and he lost twenty sacks, which could not be recovered although a good many sacks were fished out. Several boxes of groceries and reading matter were also lost.

Mrs. Frank Wart was thrown from her horse last Friday and quite badly bruised up. One ear was nearly torn off. She is rapidly recovering.

Dr. Ostedal of Portland has located here and has opened an office over Crow's Mercantile store. Lostine has not had a resident doctor for over five years. He has been kept quite busy since locating here.

Graduating exercises were held in the school auditorium last Friday night, May 19th. Rev. W. F. Shields of Wallawa delivered an excellent address to the class of 1922, which consisted of only one student, Miss Mildred Page. The rostrum was decorated with the class colors of purple and gold and the class flower, the pink rose, was a part of the decorations. Also a few potted plants. The only other numbers on the program were an opening and closing song by the student body, and the presentation of diploma and gifts to the sweet girl graduate.

The Community Club offered a prize of \$5.00 last fall to the high school pupil who won the highest average in the school for the year, and Royal McFetridge, a sophomore, won the honors with a rating a little over 92. Mildred Harris and Ena Glenn, freshmen, won the next highest. Mildred with a fraction over 89 and Ena won the 89 rating.

Mr. and Mrs. Chris Johnson were trading in Wallawa last Thursday. Mr. and Mrs. M. O. Courtney, Mrs. S. L. Whitmore, Mrs. Wm. Daisley and Mrs. Joe Thompson were trading in Wallawa last Thursday.

Some of the farmers in this vicinity are busy cleaning out the big irrigation ditch that flows through town, scooping out more dirt to allow it to carry more water.

The road crew of this district, working under S. I. Whitmore, who is supervisor, have completed a good job of grading on the road between here and Enterprise known as the hill road. They have graded the road up in center in wide gulch and it would be as good as the highway if it were rock surfaced now. They are busy on the market roads in the Leap precinct now, where it was much needed.

HARDING'S KIN AN ADVENTIST

SAN FRANCISCO, May 27.—Dr. George T. Harding, physician of Columbus, Ohio, and brother of President Harding, is taking a leading part in deliberations of the World conference of Seventh Day Adventists in this city.

Religious matters, rather than politics, interest Dr. Harding, and he would rather discuss plans for sending medical missionaries to Russia than candidates and governmental affairs. He is 44 years old, twelve years

THE LARGEST CHAIN DEPARTMENT STORE ORGANIZATION IN THE WORLD

younger than the President, and his first work was that of "printer's devil" in his brother's newspaper plant at Marion, Ohio. Soon, however, he took up as his life work the profession of his father, Dr. George T. Harding, I. His son, George T. II, also is in San Francisco.

Dr. Harding, the younger, conducted a sanatorium near Columbus. He remarked that he did not like deference to himself on the part of fellow delegates to the Adventist conference.

"The election of my brother, Warren, to the presidency did not elect the entire family," he said smilingly.

BOOSTERS VISIT STAMPEDE TOWN

UNION, Ore., May 27.—A party of Stock Show boosters visited Haines and North Powder yesterday and were

met with glad hands both places. They attended the Haines Stampede in the afternoon and took in North Powder on their return trip. Among those who made the trip were George Benson and J. P. Hutchison.

"The Stock Show is going to be a boomer," is the optimistic comment of the party. "We are looking forward to one of the finest shows we ever put on."

EXHIBITION OF FAST BASEBALL

Some fast baseball will be dish'd up next Tuesday afternoon when La Grande and Cove play an exhibition game in this city. This is an exhibition intended also to be a benefit affair. Last year one of the La Grande players was seriously hurt during a game and the doctor bill

remains unpaid. The returns from this exhibition will be applied on that account. Cove and La Grande are probably the best clubs in the league at this time and each has defeated the other once this season, hence the affair Tuesday becomes somewhat of a rubber.

ALL ASKED TO BE IN PARADE

Commander of American Legion Wants Every Service Man in Line On Memorial Day.

A special appeal is sent out by Dr. Ray Murphy, the commander of the local American Legion post for all ex-service men to be in the parade on Memorial Day, in uni-

form, but whether in uniform or not, be in the line of march. "It is a duty we owe to our fallen commander and to the flag for which they died. For over fifty years the grand old men of the G. A. R. have kept this day sacred to the memory of their comrades and it is up to us veterans of the world war to take over their trust now and carry it on through the years to come, in memory of the brave men of all wars who made the supreme sacrifice," states Dr. Murphy.
