## THEATRES

**AT SHERREYS TODAY AND TOMORROW**

Rudolph Valentino, the dark, staitward hero of Rex Ingram's productions for Metro, "The Four Horsemen of the Apocalypse" and "The Conquering Power," now at the Sherry Theatre, has had a wide and varied career in other fields than moving pictures. Mr. Valentino was born in Italy twenty-seven years ago. He received his early education in the public schools of Italy, later attending the Royal Military College of Agriculture at Genoa.

At the age of eighteen, he came to the United States, intending to put into practice some of the knowledge of farming acquired at the agricultural college in his native land. Instead, he turned his attention to dancing, and soon gained an enviable reputation as a professional entertainer. He was the partner of Bonnie Glass, famous dancer, with whom he appeared at the Winter Garden, where their success was so marked that they were signed for a vaudeville tour on the Orpheum circuit.

Mr. Valentino's first picture appearance was with Mae Murray in "The Big Little Person," and "The Delicious Little Devil." He appeared in numerous other pictures, including "Eyes of Youth" with Clara Kimball Young, and "Man-Woman Marriage" with Dorothy Phillips. When Rex Ingram began casting for a suitable player to enact the difficult role of "Julio," the hero of "The Four Horsemen," he immediately sought Mr. Valentino. His splendid portrayal of the part caused him to be selected by Madame Nazimova to support her in her production for Metro of "Camille" in which he appears in the role of Armand.

In "The Conquering Power," which was adapted by June Mathis from Balzac's "Eugenie Grandet" Mr. Valentino portrays the dandified hero Charles Grandet.

Also showing "Miracles of the Jungle."

**CORD TIRES**

**USE your judgment in tire buying.**  
 A tire that does not show strength and a springy resistance when flexed under hand pressure will not give adequate endurance under road wear. Fisk Cord Tires are remarkably resilient. Also they are big, good-looking tires with a deep-cut wet road tread which offers security on wet roads and pavements.

There's a Fisk Tire of extra value in every size, for car, truck or speed wagon

**Here She Is—Good As New**

"With cylinders REGROUND, AND FITTED WITH McQuay-Norris Piston Rings, Pistons and Pins, your motor is practically as good as new," says the cylinder regrinder.

Motorists are just beginning to realize how much added life, and mileage, can be given their cars by having cylinders reground, and new rings, pistons and pins installed. When these three vital units are renewed in a reground cylinder block, the result is practically a new motor.

In every section of the country are shops which specialize in regrounding—equipped with special tools and machinery for this work.

Your repairman can tell you whether new piston rings alone are all your motor needs to bring back its lost power, or whether the cylinders of your motor need regrounding and complete new ring, piston and pin equipment.

There is a McQuay-Norris Ring—made from Electric Iron—for every purpose and price; specially designed and manufactured for replacement purposes—each type designed for the particular motor it fits. All standard sizes and over-sizes—An extract from McQuay-Norris, Saturday Evening Post.
