The home of Mrs. Bruce Dennis was the scene of an interesting function Monday afternoon when Mrs. Dennis and Mrs. C. Scranton were hostesses for a reception in honor of Mrs. L. A. McAllister, who is visiting in La Grande. Beautiful roses and peonies were used about the rooms in artistic arrangement and as a centerpiece for the tables. During the afternoon those who presided at the tables were Mrs. F. L. Meyers and Mrs. F. J. Holmes. Assisting about the rooms were Mrs. C. P. Newlin and Mrs. Delila Green. Gertrude and Phyllis Scranton and Geraldine McAllister assisted in serving. Mrs. McAllister is popularly known in the social centers of La Grande and is being entertained extensively.

The residence of Mr. and Mrs. Jack Oliver was the scene of a very pretty home wedding last Sunday afternoon when, in the presence of immediate relatives and friends, their only daughter, Mildred, was united in marriage to Alvan Crowley of this city. The rooms were artistically decorated in pink roses and white peonies and Shasta daisies with a profusion of trailing greens.

Rev. Geo. H. Quigley of the Methodist church officiated, using the impressive ring service. Preceding the ceremony Miss Eleanor Davis, of Portland, sang "O, Promise Me," accompanied on the piano by Miss Ruth Quigley, who then played the wedding march. Immediately following the ceremony Miss Davis sang "Beloved, It is Morn."

The bride wore an attractive gown of white tulle and carried a bouquet of pink roses.

A reception followed, Mrs. Jay Miller, Mrs. Oyle Gardner, Miss Mary Frawley and Miss Bonnie Oliver assisting in serving.

The young couple then departed for a short honeymoon trip to Portland and the coast, after which they will be at home to their many friends in La Grande. The bride has grown to womanhood in this city. She attended Whitman College and later the University of Oregon, where she specialized in art.

The groom is a son of Mrs. J. C. French, a young man of sterling character in the employ of the O-W-R & N.

Hosts of friends unite in wishing them happiness and prosperity.

A quiet and impressive wedding took place at the home of Rev. A. R. Elton June 19, at 8:30, when Miss Gertrude Shelly became the bride of Arthur Reed. The ring ceremony was performed in the presence of a few close friends of the bride and bridegroom. Mr. August Reed, a brother of the groom, and wife attended the young couple. Mrs. Reed was a popular La Grande girl and was an employe of the Home Telephone Co. Mr. Reed was a sergeant in the army and the first man called out of Idaho during the war. He is now connected with the Pacific Fruit and Produce Company in La Grande.

Mr. and Mrs. Reed left on their wedding trip to San Francisco and on their return will make their home in La Grande.

"With the degree of friendly interest that I feel in these organizations and with the recognition accorded to their great service to their membership, I am hopeful that they will adopt a course that will surely prove disastrous to the organizations and unfortunate to the men composing them," wrote Mr. Hoover.

"It is regrettable that such a step is contemplated at a time when the country is just entering upon an era of more stable industrial conditions that give promise of an enlarged degree of prosperity to railway employees."

VOTERS SWITCH ON CANDIDATES

SALZEM, June 21.—Outstanding as a feature of the official canvass of the Republican and the Democratic primary election vote was the fact that in several instances defeated Republicans received the Democratic nomination by their names being written in on the ballot. This was true of A. W. Nishold, of Astoria, candidate for the Republican nomination for congress in the first district, and of J. H. Hinchiff, who was one of the unsuccessful candidates for the Republican nomination for public service commissioner.

Under the law these candidates cannot accept the Democratic nomination, though they could do so had they been accorded the Republican nomination. Secretary of State Koser yesterday mailed to the successful candidate-certificates of their nomination. The nominees of the two parties total 208.

"There was but one case of a tie vote revealed by the canvass," said Koser. "This was in Tillamook county, where Rollie W. Watson and Geo. F. Winslow, Republican candidates for nomination for representative for the twenty-ninth district, each received nine Democratic votes. As provided by the election laws, Mr. Koser has advised the contestants to appear at his office Wednesday, June 28, in order that lots may be drawn to determine which one shall be declared the Democratic nominee. In the event of Winslow winning in the drawing, the honor would be a valuable one, as he, having been beaten for the Republican nomination, would be precluded from accepting the endorsement of the opposite party.

"The only instances of extremely close contests were in Lane and Wallowa counties. For the Republican nomination for the third seat in the lower house of the legislature for the third representative district, Emmet Howard, of Junction City, received 1209 votes, and was voted out by F. I. Chambers, of Eugene, whose total was 1200. A. E. Claxson, of Enterprise, was victorious by two votes over George E. Richards, of the same city, for the Republican nomination for district attorney for Wallowa county."

J. A. RUSSELL IS REELECTED

The school election that was held Monday afternoon at the Central School building resulted in the reelection of J. A. Russell with 42 out of 51 votes cast in his favor. The other two votes were cast, one for C. M. Humphreys and one for C. B. Miller.

PEST REMEDIES ARE SET FORTH

Serious damage from various pests has caused County Agent Harry G. Avery to issue a statement setting forth the best means of combating these pests. Mr. Avery's statement is as follows:

Cherry Worms.
Serious damage to cherries from worms is reported from time to time. These worms are caused by a fly which deposits the eggs on the cherries about the time the cherries are turning pink. The best method of control is poisoning the flies. This may be done by spraying a small amount of the following mixture on the upper surface of the leaves:
One ounce sodium arsenite and one quart of syrup to three gallons of water.

The mixture is attractive to the flies and is intended to poison them before they lay their eggs.

Cabbage Worms.
Cabbage worms and similar feeding worms may be controlled in the garden by sprinkling at intervals of two weeks, to ten days with the following mixture:
One part of arsenate of lead to nine parts of air slaked lime, wood ashes or road dust.

Rose Thrips.
Many people have been troubled with rose thrips destroying the blossom on the bushes. The following mixture dusted on the plants is a good control for the thrips:
One quart air slaked lime to which has been added one teaspoonful of Blackleaf Fertilizer. Stir this mixture well and dust on plants occasionally.
