CHILDREN'S DAY IS OBSERVED

LOSTINE, June 23.—Children's Day was appropriately observed at the Presbyterian church last Sunday immediately following Sunday school with an excellent program of songs and recitations by the various members of the school. A rose drill was especially attractive, given by the girls of the "Shining Lights" and "Band of Hope" classes, and a duct song by Little Lynn Moffitt and Kathleen Goodman was especially good for such small children.

The Neighborhood Club met with Mrs. Grace Willett last Wednesday and the following officers were elected for the next six months: President, Mrs. Dolie Pearce; vice-president, Mrs. Agnes Magill; Secretary, Mrs. Georgia Allen; assistant secretary, Mrs. Jennie Crow; treasurer, Mrs. Gertrude Crow. Their next meeting will be Wednesday, June 28, with Mrs. Allen.

Miss Galone Fitzpatrick and Miss Lela Elliott returned home about two weeks ago from Pendleton, where they attended school the past year.

Tom Mackenzie arrived home from O. A. C. about ten days ago.

Mrs. James Cripps and children left on Tuesday's train for Island City to join Mr. Cripps, who is working here on the highway. Their goods also went out on Tuesday's freight.

Mr. and Mrs. Chris Johnson and Mrs. S. M. Crow attended chautauquan at Enterprise on Saturday. They found the new grading in the Wadsworth badly washed out and road rough from the effects of the cloud burst at Enterprise and east of here on Tuesday.

Mrs. B. E. Duncan and Mr. and Mrs. J. J. Moody were in Enterprise on Tuesday attending the chautauquan. They found the roads perilous coming home from the flood conditions that had prevailed in the Wadsworth gulches washed out and wire and posts in a tangled mass in several places along the road and in some places they had to ford it through two feet of water with their car. They arrived some without any serious mishap.

Mr. and Mrs. Edgar Hook of Wallawa were visiting relatives here last week.

Mrs. Alvin Parsons came in from La Grande last week on Monday, returning Tuesday. She came to get some more of the belongings as they expect to reside in La Grande.

Berkeley Candie went to La Grande on Thursday and returned home again the last of the week.

At the annual school meeting held at the school house Monday afternoon Chas. McArthur was elected director for a three-year term to succeed E. V. Goodwin, outgoing director, and Michael Cross was elected clerk to succeed F. B. Leonard, who has held the office for several years. The members of the school board are now as follows: Chairman, J. J. Chapman, and F. L. Pearce and Chas. McArthur, directors, and M. Crow, clerk.

Miss Lela Holmes was an Enterprise visitor Sunday between trains making final preparations for her journey, as she started for a vacation to their old home in Missouri on Thursday, and was not sure how long she might stay. It all depended on how hot it got down there. She might find it unbearable and return home in a few weeks. She is to be one of our teachers this next term, taking the 7th and 8th grades.

E. A. Goodough of Wallawa was a business visitor on Monday.

Mr. F. Van Pelt was an Enterprise visitor on Monday.

Mr. and Mrs. A. F. Foley of Portland who are spending a few days in this county, were visiting Mr. Foley's cousin, Mrs. S. L. Magill and her sister, Mrs. H. S. Magill, of Washington, D. C., who is visiting her for the summer here.

Mr. George, of Auburn, Ill., is also here for the summer to recuperate his health. This climate might do it fine.

Agnes Moppa, little daughter of Mr. and Mrs. Leonard Moppa, passed away at their farm home two miles west of town Thursday evening, June 15th, after a critical illness of three or four weeks, although she had been suffering from Bright's disease for over a year. She was eight years old December 7th, 1921, and had always been a bright and attractive child, loved by all who knew her, and many neighbors and friends, both from town and country, were there to offer their help in the last days of her illness.

She is survived by her parents and sisters, Opal and Joe-Ellen, and brothers, Walter and Leslie Leonard, a little four weeks old infant.

The funeral was held at the home Friday afternoon, Rev. W. F. Shields conducting the services, assisted by Mr. Johnson and the Lostine choir. Many flowers were presented by loving friends wishing to show their love for little Agnes, and sympathy with the family in their sad bereavement. Interment was in the Lostine Cemetery. Four girls from the five-wire class in Sunday school were pall-bearers, E. J. and Marjory Seaman, Martha Crow and Vera McArthur, the remaining girls left in the Band of Hope class, of which Agnes was a member, were flower bearers.

Dr. Ordeal came in Monday evening on the night stage from La Grande, where he arrived in from Portland too late for the train. He left here for Portland on Saturday's train and made a quick trip.

Mrs. B. E. Duncan is entertaining her mother, Mrs. Brown, of Portland, who arrived in last Thursday for a few weeks' visit with her daughter while Mr. Duncan is away to Pendleton and various other points on a business trip. Mr. Duncan left about ten days ago.

Miss Georgia Childers returned home from a visit at Wallawa last Wednesday.

Mr. and Mrs. O. E. Childers moved into their new bungalow home the first of last week and are busy now in setting the grounds cleared up and doveled to grass and flowers and some trees and shrubbery set out.

She's Prompt

Finishing 2100 school days, Miss Mary E. Petrow, Lewisberry, Pa., has just been graduated from Millersville Normal School without one absent or tardy mark against her.

before coming here and stated they only have two kinds of weather in Southern California—delightful and unusual—and that she experienced more of the latter variety while visiting there and that the weather varied so much she nearly froze on a Tuesday of one week and thought she would melt away on the following Saturday and that in spite of all California's boasts of their equable climate she thought it got insufferably hot there at times. She was well pleased with Oregon climate but she already knew what Wallawa county had to offer in that way and in unsurpassed scenery as she summared here about three years ago.

The Home of the Soul.

In olden times it was believed that the seat of the soul was the stomach most likely for the reason that a man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.—Adv.

A shade that resists strain

Shades made of Brenlin, easily resist such strain as this.

Ordinary shades of coarse muslin are filled with chalk and clay.

Brenlin

the long-wearing window shade material

contains no filling. Wears three times as long, without a crack or pinhole.

Come in and see the many beautiful colors of Brenlin window shades.

W. H. Bohnenkamp Company

MANY BEYOND REACH OF BOOKS

(By Associated Press)

DETROIT, June 22.—Half the population of the United States virtually is beyond the reach of public libraries, according to officials of the American Library association, and it was stated that this problem would be given special attention at the forty-fourth annual conference of the library body here June 26 to July 1.

An exhibit of county library activities in various parts of the United States is being assembled by a special committee. It will represent the work of the county libraries in Minnesota, Texas, Indiana, New Jersey, Ohio, California, Maryland and Michigan.

Pictures and maps showing the progress of the work and special phases of it developed in different regions, lantern slides and descriptive folders are being arranged. California, where library work is highly developed, will be represented by 130 photographs. Texas will be represented by photographs and by a large map of Cook county showing in detail how the county is organized to make books reach every home in that territory.

A map of the United States is being prepared which will show which states have library laws which permit the establishment of libraries in the counties. A toy village—a model of a library center—will show in graphic form how neighborhoods gather to borrow books. Azariah S. Root of Oberlin college, president of the American Library association, will give a radio talk on county libraries in the United States.

ICE CREAM SOCIAL.

The Christian Endeavor of the First Christian Church will give an ice cream social at Mrs. Harris' home, 1008 Fourth, Friday night. A cordial invitation is extended to the public. 6-22-21

For Sale and Trade

We have a rooming house for sale, making good money. Might consider a small amount of trade or something on the order of an apartment.

Dairy proposition right here in town. A small amount of money required, good improvements, just the place to handle a few cows. Owner wants to move, and the price is right.

A fine 160 acres, fairly well improved, near the Minam. Price \$4000.00. Will take a good car and some city property.

A fine, well improved dairy ranch near Eugene. Price \$20,000.00, mortgage \$7,000.00. Will exchange equity for property here.

Teams, cows, and farming equipment, with two good horses, near town. Will sell for \$3500.00. The personal property alone is worth it.

Well equipped drug store, in a town of 1500, doing good business. This will run to \$6500.00. Will require half cash.

We have \$5,000.00 to loan on first mortgage, valley land. Loan time, 8 per cent.

80 acres near the highway, 60 acres of it in wheat, 12 acres alfalfa. Balance yard and buildings. Price \$10,000.00. Will require \$3,000.00 to handle it. Crop goes with the place.

The Arrolite Auto Signal

WHY THE ARROLITE SIGNAL IS THE BEST

FIRST: Because it is the simplest and most compact turn and stop signal on the market. Tail light, signals and number plate all in one.

SECOND: Because it is the only signal on the market which has pilot lights in series with signal lights. This gives driver positive assurance that proper signal is given. It also insures a light at all times; for if any light of the series breaks or burns out, the pilot lights will not light up.

THIRD: Because it is the easiest to install. The signal fits any tail light bracket and the switch is clamped to steering column, thus eliminating piercing of fenders or mutilation of car in any manner.

FOURTH: Because it is a day as well as a night signal.

FIFTH: Because there is nothing whatsoever to break. It has stood the test of vibration on the large oil trucks all over the State of California.
