GOSSARD BRASSIERES

It is generally conceded that the American business girl is without equal, both in efficiency and in appearance.

Stenographers and other business women prefer Gossard Brassieres because their perfect support sustains them in comfort through the busiest days and gives them a trimness above the waistline that assures a youthful and charming silhouette beneath the sheerest waist.

Gossard Brassieres so faultlessly fit the figures for which they are specially designed, that you are unconscious of their support and have for a pleasant feeling of well-being.

The lightest of materials are combined in a charming and unexpected way and we offer a most unusual selection. A specially informed saleswoman will serve you.

CAMPERS LIKE STARKEY REGION

(By Associated Press) STARKEY, June 27.—R. L. Sullivan received a letter from his wife saying she is improving in health and that their little son, Leslie, is entirely recovering from his sickness. They are in Pendleton at the home of Mrs. Sullivan's mother, Mrs. A. J. Sullivan. Smythe's brother, W. R. Jones, is hauling the country's salt this week.

J. S. Rose is hauling salt for Antonio Vey, Jr., to Sheep Ranch. He is taking in 72 tons. Tom Rose is also helping to haul Vey's salt.

Several cars and teams have come into this section for fishing and camping. Some stayed only two days' outing while others remained several days.

Old Captain Lee Kidd, who lives in the Kamela country, was over to spend the night with the J. S. Rose family several days ago. Kidd is hale and hearty and still remarkably well for a man of his age. He fears the heavy frost has damaged the huckleberry crop in his section.

Jack Starke was quite ill last Saturday. He is now able to be out again. Wm. Young of Hilgard was out at the Starkey dance at the Rose home Saturday night. The dance was a good time affair and the whole country-side turned out dolled up in clothes that were suitable for the occasion. The \$1.00 fine for good clothes having scared all into wearing comfortable old clothes.

The county assessor has given the Starkey country his annual once-over. Two of Smythe's Brothers' camp tenders Art Smythe and Lyke Johnson went over to Meacham Friday. They expect to clean out the sheep trail as they will soon trail out their lambs to ship. They will also send a bunch of pack horses out to have them shined.

It is understood that Mr. and Mrs. Wm. Robertson have decided to make their home in Starkey. They expect to take the old Combs place this coming winter.

J. S. Rose and little son, David, and Helen daughter, Lena, spent Sunday with Jack Starke.

Mrs. Mitchell Lloyd and sister (Umatilla Indians) are up in the Starkey country selling Indian goods while Mitchell is hunting two horses that got away.

Taxes We Can Reduce

Over 150 Years Ago Benjamin Franklin Said

Friends, the taxes are indeed very heavy and those laid by the Government were the only ones we had to pay, we might more easily discharge them; but we have many others, and much more grievous to some of us. We are taxed twice as much by our idleness, three times as much by our pride, and four times as much by our folly; and from these taxes the commissioners cannot ease or deliver us, by allowing an abatement."

An extra measure of power with every gallon drawn from this pump,

Gasoline, mixed with air, makes gas, and gas makes power.

How much power depends primarily upon how completely the gasoline vaporizes in the carburetor.

"Red Crown" vaporizes 100 per cent. Every atom mixes with many times its weight of air and combusts cleanly and powerfully, leaving a minimum of carbon residue on spark plugs, valves and cylinder heads.

That's why you get more power and mileage and a sweeter-running motor when you use "Red Crown."

Fill at the Red Crown pump—at Standard Oil Service Stations, at garages and at other dealers.
