SUMPTER FISH EGGS UNHATCHED

(Special to The Observer)
UNION, June 28.—Owing to the hot weather and busy season the local Masonic lodge has discontinued their regular meetings for the summer. They will resume regular sessions the first of September.

Superintendent R. H. Bonney of the Union fish hatchery left early Thursday morning for Strawberry Lake, in the Sumpter valley, having been called to the hatchery at that place to assist the man in charge in finding out why so many of the eggs were not hatching.

Work has been resumed on the Charles Adams bungalow in North Union, after being delayed on account of material.

Walter Stevens went to La Grande Sunday to witness the ball game between La Grande and Union.

Mr. and Mrs. L. E. Hull and Mr. and Mrs. James Knight motored over from Perry and were visiting in Union a short time last Sunday.

While the first team were at La Grande winning their first game from the latter place, the second team had a ball game on the home grounds. Their opponents were a team of Jays from the construction camp near here.

The yellow boys pulled down the score end of the score, although they put up a good game.

People coming into Union from La Grande and other points in the valley no longer need to detour when reaching the city limits as the paving is completed out to the highway and through the business section.

Children's day was fittingly observed at the Methodist church last Sunday evening, by pleasant retirement and the advantages of a college education, which the children acted out under the direction of Mrs. S. E. Miller. A special offering was taken to go into a fund which is used in aiding young people who are trying to work their way through colleges and universities. At the regular school session last Monday W. Halsey was re-elected as director and Fred N. Tom as clerk.

The dance pavillion which was erected by two La Grande boys just before the Stuck Snow was not as successful as the boys had hoped owing to the rainy weather and the structure is being torn down.

Friday evening the local Odd Fellows team went to Cove and participated in the second degree contest with Cove and La Grande as their opponents. The team consisted of Messrs. Hahn, Brown, Holly Wiggleworth, Crozier, Scarborough, Hansen, Allen, Biedler, Elliott, Connor, Gregg, Cook, McGinn, Rutter, Cross, Phillips and Martin. On Saturday evening several members of the Rebekah lodge went over to see the ladies put on their degree, although the Union lodge did not participate in this contest. All report a pleasant visit on the usual lavish hospitality of the Cove people.

Marshall Slater made a trip to Portland last week. He went by auto. R. H. Rohrig and Carl Zesmer went to Cove last Friday evening to see the Odd Fellows degree work.

Mrs. F. S. Slater who has been in Corvallis since last fall with her two boys, Gilbert and Robert, while they attended the Agricultural college.

NATURE TELLS YOU.
As Many a La Grande Reader Knows Too Well.

When the kidneys are weak, Nature tells you about it. The urine is nature's index. Infrequent or too frequent passage. Other disorders suggest kidney ills. Doan's Kidney Pills are for diseased kidneys.

La Grande people testify to their worth. Ask your neighbor!

C. W. Cain, 149 T street, La Grande, says: "I keep Doan's Kidney Pills on hand all the time. My kidneys were weak and I had attacks of backache and weakness across the small of my back that made it hard for me to stoop. The action of my kidneys was too free but Doan's from the Rex Cross Drug Store always relieved these attacks by strengthening my back and kidneys and benefiting me in every way. If I have any sign of the trouble, I depend on Doan's. Get Doan's at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cain had. Alfred Mueller has sold his meat market to the Grande Round Meat company and the latter took possession this week. Mr. Mueller had only been in business for a short time but had built up a good trade and had rebuilt his plant this spring, making it up-to-date and modern in every particular. He is hardly decided yet

as to just what he will do now that he is out of business.

Miss Ida Bellin, one of the teachers training girls from the Union high school, will attend the summer session of the normal school at Pendleton. Miss Bellin has attended teaching near Huntington each year, but will probably accept the primary room at Perry, which has been offered to her.

Many of the ranchers near here are getting busy with their first crop of hay.

Mr. McVay, who hails from Tappan, Kansas, is making Union his home for the present time. He went to La Grande with the ball team and caught the Sunday game. Manager Mjora congratulated himself that the boys have secured an all-round player. He will strengthen the team considerably in the remaining games of the season.

The Arrolite Auto Signal
WHY THE ARROLITE SIGNAL IS THE BEST
FIRST: Because it is the simplest and most compact turn and stop signal on the market. Tail light, signals and number plate—all in one.
SECOND: Because it is the only signal on the market which has pilot lights in switch in series with signal lights. This gives driver positive assurance that proper signal is given. It also insures a light at all times; for if any light of the series breaks or burns out, the pilot lights will not light up.
THIRD: Because it is the easiest to install. The signal fits any tail light bracket and the switch is changed by steering column, thus eliminating piercing of fenders or muffling of car in any manner.
FOURTH: Because it is a day as well as a night signal.
FIFTH: Because there is nothing whatsoever to break. It has stood the test of vibration on the large oil trucks all over the State of California.
