**SHIRTS**

DON'T let a low price lead you into a low service shirt. Good shirts do cost a little more than the so called "special" shirts, but they last a good deal longer. It's like buying a cord tire. The first investment may be a bit larger, but the "wearage" you get out of the shirt more than squares you on the additional outlay. It's worth your while to look into our Arrow showing.

**Let's Remodel and Repair the Home**

It may be a new roof, or some convenient built-in feature, like a breakfast alcove, that will make the home more attractive and the work easier.

Possibly a glittering, "dance alluring," hard wood floor is just the thing right now!

An addition to the bed room or a sleeping porch might eliminate any embarrassment for you and the unexpected guest.

These are merely a few suggestions toward the improvements of your home—improvements that add so much to the value of your property and to your individual enjoyment.

Call at this office. You will obtain many valuable ideas either for repair work, remodeling for new buildings.
