HUGE AMOUNT OF STAMPS

SPOKANE, Wash., June 28.—A letter from Russia bearing stamps that would have cost $100,000 in United States money under normal exchange rates, has just been received by Joseph Mackoff, a local resident. The stamps, of denominations totaling 225,000 rubles, cover the entire back of the envelope. Mr. Mackoff estimates the value of the stamps in United States money at the time of their purchase in Russia as being about 25 cents.

Recommend Chamberlain's Tablets.

"Chamberlain's Tablet have been used by my husband and myself off and on for the past five years. When my husband goes away from home he always takes a bottle of them along with him. Whenever I have that heavy feeling after eating, or feel dull and played out, I take one or two of Chamberlain's Tablets and they fix me up fine," writes Mrs. Newton Vreeland, Minoa, N. Y. Take these tablets when troubled with constipation or indigestion and they will do you good.—Adv.

THEATRES

AT SHERRY'S "THE CRIMSON CHALLENGE" LAST TIMES TODAY.

A woman determined to kill in a square gun-fight the man who has cold-bloodedly murdered her father! A thoroughly bad man determined in turn to possess the girl, the only spirited, fearless woman of the small Western community.

Such is the striking situation which makes for thrilling red-blooded, two-gun action in the Western picture, "The Crimson Challenge," starring Dorothy Dalton. It opened at the Sherry Theatre last evening for a run of two days and met with instant approval.

Miss Dalton is provided with one of the strongest roles of her screen career not even excepting "Moran of the Lady Letty." Readers of popular fiction will immediately recognize from its title that the piture has been adapted from the popular novel by Vingie Roe. In this respect, much credit is due to Paul Powell for direction and to Beulah Marie Dix for adaptation.

General hatred was expressed against Frank Campeau fo this artistic delineation of the bad man. Jack Mower is leading man and Clarence Burten, Irene Hunt, Will R. Walling and Fred Huntley render efficient support.

Also showing "Lovesick at Sea," a comedy.

"SECOND HAND ROSE" COMING AS PICTURE.

Gladys Walton can be seen in a new sort of role at the Arcade Theatre Thursday only.

It is not only new for her but new to the screen. It is a role picturized from the popular song, "Second Hand Rose," which was a hit immediately after its publication by Shapiro Bernstein and Company, and which seems destined to last as long as people love popular music.

The figure of "Second Hand Rose" was suggested to Universal officials as the heroine of a screen story. A. P. Younger, a scenario writer, was assigned to follow his ideas in the matter and write a story suitable for Miss Walton.

Lloyd Ingraham, assigned to direct, chose Jack Dougherty, Edward Sutherland, Walter Perry, Max Davidson and a list of popular players to support the star. He has put into the picture the same touch of sweet sentiment with which invested "Lavender and Old Lace," his former success.

Of course the song, "Second Hand Rose," will be played in conjunction with the showing of the picture. It is one of those odd little popular songs which contain real characterization in melody and therefore may never grow old.

VARSITY PLAYERS AT ARCADE TONIGHT.

The choosing of a play for the Varsity Players is no small task. The first consideration is always the audience—an actor may want one thing; the producer another—but the final judge must be the audience. Although the Varsity Players are a group of college students with indulgent friends in many towns who will come to see whatever they offer and consider the result "good," there are still many towns who are unfamiliar with their work and wish only to see a good show.

REX BEACH'S "BARRIER" AT THE GARDENS TONIGHT.

"The Barrier" is perhaps one of the best shows of its kind that will ever be presented. The entire company is endeavoring to show their versatility in this show. There is really no need of going into detail relative to this wonderful story of the north, as it is undoubtedly the best story that Rex Beach has ever written. In view of the fact that the heat is intense, Manager Davis advises the people of La Grande to attend this masterpiece as the cold environments will no doubt have a tendency to relieve you of the heat. "The Barrier" will be presented two nights only.

TUBERCULOSIS IS DOOMED NOW

(By Associated Press)

WASHINGTON, June 27.—The plan for the complete eradication of tuberculosis in the cattle herds of the country seems well within the bounds of possibility to department of agriculture experts as the result of a demonstration that an entire county may be cleared of all its reactors in a week and a day.

Such a demonstration was recently completed in Essex county, New York, where local authorities, assisted by the state and the department of agriculture, began the testing of the herds on Friday, May 12, and finished the job on Saturday, May 20.

The county was divided into convenient districts, and 25 veterinarians were taken from farm to farm in automobiles by 25 leading farmers who volunteered their services. By this use of rapid transportation and by careful planning of routes it was possible to two days to test 9?? herds containing 5,274 cattle. This was an average of more than [illegible] a day for each veterinarian. [illegible] of time was [illegible] and supplies were bought in quantity, the work was done for less than half the usual cost when herds are tested individually, the report to the department said.

Taxes We Can Reduce

Over 150 Years Ago
Benjamin Franklin Said

"Friends, the taxes are indeed very heavy and if those laid by the Government were the only ones we had to pay, we might more easily discharge them; but we have many others, and much more grievous to some of us. We are taxed twice as much by our idleness, three times as much by our pride, and four times as much by our folly; and from these taxes the commissioners cannot ease or deliver us, by allowing an abatement."

OREGON HARDWARE AND IMPLEMENT CO.

Here She Is---Good As New

"With cylinders REGROUND, AND FITTED WITH McQuay-Norris Piston Rings, Pistons and Pins, your motor is practically as good as new," says the cylinder regrinder.

Motorists are just beginning to realize how much added life, and mileage, can be given their cars by having cylinders reground, and new rings, pistons and pins installed. When these three vital units are renewed in a reground cylinder block, the result is practically a new motor.

In every section of the country are shops which specialize in regrinding—equipped with special tools and machinery for this work.

Your repairman can tell you whether new piston rings alone are all your motor needs to bring back its lost power, or whether the cylinders of your motor need regrinding and complete new ring, piston and pin equipment.

There is a McQuay-Norris Ring—made from Electric Iron—for every purpose and price; specially designed and manufactured for replacement purposes—each type designed for the particular motor it fits. All standard sizes and over-sizes.—An extract from McQuay-Norris, Saturday Evening Post.

You can get quick service from us.
