TROPICAL SCENERY USED PLANTED FOR PICTURE
In order to supply the locale for the island scenes in "Male and Female," founded on Sir James M. Barrie's famous play, "Admirable Crichton," Cecil G. deMille, producer of this Paramount-Afterart picture, arranged to film this part of the action on Santa Cruz Island in the Pacific Ocean, just off the California coast. But a tropical island was needed.

VILLAGE WAYS SUIT NEW YORK
NEW YORK, July 1.—New York is second largest city in the world—some claim it is the largest—is going back to the favorite boom method of the small town. It is going to train a "Welcome Stranger" committee, figuratively to extend to the visitors the keys of the city.
This action was decided upon after the New York Hotel Association authority that folks in other parts of the country had got an entirely wrong idea of the city from what they had read about it in the newspapers.
The job of the new committee is to make it known that, despite the accounts of murders, suicides, hold-ups and scandals that have been featured in the news, New York is just as safe as any Gopher Prairie with better water, milk and police protection to boot.
New York is particularly anxious to get this idea across immediately, for it is in the summer that heavy-mooders flock to the city from the ends of the land.
And the hotel men feel that these visiting couples, perched atop boulevards, are somewhat neglected. They need someone to shake them by the hand and show them the visible ropes of the town, leaving them to pick out Lady Liberty, Grant's Tomb and the Woolworth Tower for themselves.

THEATRES
A COMEDY AND MUSICAL TRIUMPH
Promised the theatre goes on the bill at the Arcade Theatre on Monday.
Verna Messereau Company, is the leading feature on this varied bill introducing her original creation and up-to-date novelty, "Dance Classique" in a beautiful blue satin cyclorama stage setting adorned by a male member of the company in the following number: The Crystal Gazer, The Huntress, Indian War Dance, The Dance of the Day and her finale, the Egyptian Drama with a marvellous and costly head-dress. The Bird of Paradise, The DeVore and Worth, the comedy-producers in a melange of nautical nonsense entitled "All Hands on Deck." A unique skit on the eel of a ship with plenty to laugh at by these comedians who also have sweet singing voices.
Adolpho, in "The Accordionists that's Different." He is the master of this musical instrument who furnishes music of the kind that makes the spirits soar and makes one long to laugh and shout with joy, also some singing, whistling and comedy talk.
Hurst & Devars, a comery singing, talking and dancing act "The Millinery Nonsense." The offering is built around the comery side of a lady's hat with a few songs, dances and witty repartee.
A feature picture will be added to this incomparable vaudeville bill.

AT SHERRYS, SUNDAY, MONDAY
Wallace Reid, popular Paramount star, who has been riding racetracks, touring cars, trucks and all manner of vehicles for more than a year, has otherwise breezed through his picture on cushions, has at last struck a snag. In "The World's Champion," an adaptation of a recent stage success Mr. Reid has drawn the most strenuous role of his motion picture career. The picture will be shown at the Sherry Theatre Sunday and Monday.
The worm turns even in motion pictures and Reid has discarded his dress suit for a pair of fighter's trunks, for he plays the role of William Burroughs otherwise known as "Gunboat Williams," middle-weight champion of America. In the picture Wally has two minor fights and a prize ring battle, to say nothing of a tussle with stevedores and a scrap with steamship officers. Out of it all, however, he emerges a suave attorney-at-law and wins the girl in his customary finished and immaculate style.
"It reminds me of the 'Birth of a Nation' days," said Reid in speaking of the role. "I had to fight in this one. But I like these hard-fisted parts."
Phillip J. Rosen directed the picture which was adapted by J. E. Nash from A. E. Thomas' and Thomas Louden's stage play. Lois Wilson is leading woman and leads a strong supporting cast of players. Also showing a comedy.

AT SHERRYS—TODAY ONLY
Local photoplay fans will have an opportunity to see the far famed beauty, Miss Ruby De Romer on the screen of the Sherry Theatre when "Luxury," her latest production will be shown. Miss De Romer will be remembered, was selected by the celebrated French artist, M. Paul Hellen, as being the most beautiful woman in America and as a result of this selection she received national wide publicity, her photographs and articles about her appearing throughout the United States.
Also showing Buck Jones and Franklin Farnum in "Brother Bill," "Mutt and Jeff" and "Movie Chats."

"THROUGH A GLASS WINDOW" AT ARCADE SUNDAY.
Thanks to a certain moving picture hundreds of poor children in Los Angeles were afforded an unexpected treat of doughnuts and coffee.
It all came about during the making of "Through a Glass Window," the May McAvoy Realart picture released by Famous Players-Lasky Corporation, which comes to the Arcade Theatre Sunday only. Most of the

Here She Is—Good As New
"With cylinders REGROUND, AND FITTED WITH McQuay-Norris Piston-Rings, Pistons and Pins, your motor is practically as good as new," says the cylinder regrinder.
Motorists are just beginning to realize how much added life, and mileage, can be given their cars by having cylinders reground, and new rings, pistons and pins installed. When these three vital units are renewed in a reground cylinder block, the result is practically a new motor.
In every section of the country are shops which specialize in regrinding—equipped with special tools and machinery for this work.
Your repairman can tell you whether new piston rings alone are all your motor needs to bring back its lost power, or whether the cylinders of your motor need regrinding and complete new ring, piston and pin equipment.
There is a McQuay-Norris Ring—made from Electric Iron—for every purpose and price, specially designed and manufactured for replacement purposes—such type designed for the particular motor it fits. All standard sizes and over-sizes.—An extract from McQuay-Norris, Saturday Evening Post.
