ALLENBY TELLS BRITISH IDEAS

(By Associated Press)

ALEXANDRIA, Egypt, July 3.—General Lord Allenby, British High Commissioner for Egypt, during a recent visit to Khartoum, delivered an address in which he indicated British purposes in the Sudan. He said in part:

"I notice some fears among the Sudanese peoples regarding a less intimate future association between Great Britain and the Sudan for the development of the country. Such intentions are not those of the British government, and as a confirmation of these words I cannot do better than to mention to you the speech of the British premier in the House of Commons February 28, 1922, when the question of the independence of the Sudan was discussed. Here are his words:

"'I must speak first of the Sudan which is very important to the British Empire. Sudan deserves our good attention. The combined efforts of England and Egypt have been necessary to preserve the country from devastation and ruin.

"'For the last 20 years England and Egypt have worked together both with men and money to establish peace and prosperity in a country which must and will be some day in the near future as fertile and as populous as it could ever possibly be. The British government will never allow the progress already realised and the great promises of the future to be put in danger, nor will it ever consent to any change in the by-laws of the country which would diminish the safety of the millions of British capital devoted to the development of the Sudan.

"'On the other hand, Egypt has got the undeniable right of demanding full guarantees so that the development of the Sudan may not threaten the actual water distribution in coming years. The government is ready to give these guarantees and there are no reasons why these should prevent or delay the progress of Sudan.'

"I think these words are sufficient to reassure you and I hope that, once back to your homes, you will tell your people that England is not abandoning this country."

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he can not be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents and a bottle of it in the house often saves a doctor's bill of several dollars.—Adv.

NEW GUINEA IS REVIVING NOW

SYDNEY, N. S. W., July 3.—A noticeable revival in development in the mandated territory of German New Guinea and a considerable increase in population are expected to follow the adoption by the federal government of a series of ordinances governing land settlement and mining operations in the region.

The administrator of the territory, no where, said that the native problem is regarded as the most pressing and difficult question confronting the new administration. The adoption of laws protecting the natives, providing for proper treatment for laborers, and arranging for the education of native children will contribute in an important degree to the solution of the problem, he added.

Chinese traders and artisans are "getting a grip on the commercial activities of the territory and are multiplying rapidly," administrator said, adding that the Japanese and Malays do not bring their wives to the region but the Chinese bring the entire families. The artisans have formed a league resembling a trade union.

Biliousness and Constipation.

"For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally," writes Mrs. Rose Potts, Gleniesham, Ala.
