- One Lot of Men's Caps 95c

## WESTENHAVER & GILBERT

1309 Adams Ave. La Grande

### PORTUGAL NOW COURTS BRAZIL

(By Associated Press)

LONDON, July 20.—The daring act of Portuguese sailors in flying from Lisbon to Rio de Janeiro, says the *Revue* in an editorial article, has created a bond of union and amity between Portugal and Brazil and has ushered in the psychological moment to improve existing political relations.

Under the monarchy this seemed as the eye of opportunity, the paper continues. The King was about to visit Brazil, but his assassination prevented. The circumstances at that time were most opportune.

The old question between England and Brazil of the island of Trinidad had been settled by arbitration, and Portugal's course had won the sympathy of Brazil. Today the two countries are uniting in their acclaim of the Portuguese flyers, and the moment

should be seized to reach mutually agreeable settlements of outstanding problems.

There the *Seculo* summarizes as follows: "Nationalized and direct navigation, the establishment of radio communication, the making of London the port of distribution to Europe for Brazilian products, and a treaty of emigration.

In concluding the paper points out that Brazil has a greater population than any Portuguese colony, and exhort both Portuguese and Brazilians to grasp this opportunity, and, as brothers of the same race to act together in full understanding and to their mutual advantage.

### NEW MARRIAGE VOW INTRODUCED

(By Associated Press)

LONDON, July 20.—English women are equalizing their American sisters in the scope of their occupations.

Women legislators, lawyers, physicians, and sculptors are fairly common in both countries. But now London comes along with a woman "marrying partner." She is the Rev. Constance Colman, a graduate of Oxford University, and joint pastor of one of the West End's fashionable churches.

Some women like to be married by Miss Colman; she does not ask them to use the word "obey," in fact tells them to avoid it. She requests the bride and groom to present each other with a ring, repeating the words:

"As this ring now encircles thy finger, so let my love surround thee all the days of thy life."

### DENBY FALLS A BIG DISTANCE

(By Associated Press)

PEKING, July 20.—Secretary Denby of the American navy narrowly escaped death here Wednesday afternoon in an airplane accident. He was flying at a height of 4000 feet over the great wall when the engine of his plane stopped.

The plane which was wrecked belonged to the Chinese government and had been used in the recent fighting between Generals Wu Pei fu and Chang Tso Lin. Secretary Denby endeavored, however, that he made the light at his own suggestion and that it did not go as the guest of the Peking administration.

The forced landing, made in the heart of the hills traversed by the great wall was a thrilling one, after a spectacular flight in which a high altitude was reached to avoid mountain tops.

Secretary Denby was the first member of the machine as it struck and he and his companions all escaped unhurt.

The party walked to Nankow station, where they telephoned their plight to Peking and a special train was sent to bring them back.

### TREELESS AREA TO BE RESORT

(By Associated Press)

SPOKANE, Wash., July 20.—A recent pilgrimage to the summit of Mount Spokane, about thirty miles northwest of here, is the first step in a campaign to develop the treeless area at the peak and make it a summer resort.

E. T. Mische, of Portland, Ore., a landscape architect, was a member of the party making the trip, the purpose of which was to give him a close-up view of the summit and show him possible locations for a resort.

County Commissioner George I. Reed, who was a member of the party, announced that next year the county commissioners hope to build a shelter of some sort at the summit for the convenience of tourists. This plan is independent of anything that Mr. Mische may recommend but it is likely that it will be co-ordinated with his suggestions for permanent development.

### SMALL FOREST FIRE BURNING

The only forest fire burning in this vicinity is in the Medical Springs section between Medical Springs and Oak Grove creek. This fire is burning on but a small area and is reported under control.

The fire that has been burning south of La Grande for about 10 days was reported by J. H. Reed, local deputy fire warden, yesterday. Another small fire was reported by Floyd Kendall, U. S. forest ranger, but this has also been put out. It was a camp fire on Five Points creek and three men worked two days to put it out.

### KANSAS COURT MEETS A DEFY

(By Associated Press)

EMPORIA, Kan., July 20.—William Allen White, editor of the *Emporia Gazette*, Wednesday defied the Kansas court of industrial relations by placing a contraband placard, expressing sympathy for the striking strikers, in one window of the *Gazette* office, 317 White posted the placard after he had been informed that the attorney general had ruled it against the industrial and anti-syndicalism law.

The poster expresses sympathy for the strikers in their organized stand for "living wages and fair working conditions." In Wednesday's *Gazette* Mr. White explains his stand.

"The order of the industrial court is an infamous infringement of the right of free press and free speech," White writes. "Certain it is that it has not come to pass in this country that a man may not say what he thinks upon an industrial controversy without disobeying the law.

"If the government desires to make a test case, here it is," says the editor. "It is not a question of whether most of the right or wrong, but a question of the right of an American citizen, July 20 and 21, to say what he pleases about the strike."

### UNLICENSED MEN WORKING HERE

(By Associated Press)

E. Jones, state stationary engineer inspector, left this morning on No. 17, bound for Bieth after spending yesterday in La Grande examining the conditions here. He announced that he found all engineers unlicensed and that the state engineer will arrive in La Grande tomorrow to examine the men to see if they will be able to pass the examinations. If they are unable to do so they will not be allowed to continue serving. At Huntington the same conditions were found.

At Bieth, superintendent of the second division of the O.W., stated this morning that he had nothing further to say in regard to the strike conditions in La Grande.

### SPEEDERS ARE REPRIMANDED

(By Associated Press)

When the highway commission of Oregon and Governor Glavin came through here yesterday they encountered a number of speeders between North Powder and La Grande. Believing in doing all the things possible to uphold the law, the state engineer and his assistants stopped the speeders and reprimanded them for their flagrant violation of the law.

On several occasions it was necessary to make as high as 50 miles an hour to come up alongside of the speeding cars. One man had his car filled with children who he was traveling over the road over 55 miles per hour, endangering the lives of the youngsters.

### HOW TO AVOID TARIFF CHARGES

(By Associated Press)

LONDON, July 20.—Commander Kenworthy acted neatly in the House of Commons recently. He pointed out that American visitors often wish to buy an American car, use it here for a few months and then take it to America. They thought it hard they could not get a rebate of the duty of 33 1/3 per cent which the car has to pay before entering the country.

Members laughed triumphantly. "I've no doubt it sounds very funny," said Kenworthy, "but listen to what happens. They go to the Continent, buy the cars there, and then get them admitted to this country duty free on the ground they are tourists. Next cheer that," he added emphatically.

## Summer Dresses

EXTRAORDINARY VALUES

Bought from a manufacturer of high grade dresses at a big price concession. We have just received our allotment. These are offered to our customers priced so as to provide the most extraordinary values and the greatest saving of the year.

Imported Organdies, Voiles, Dotted Swisses, Gingham, Ratines and Lawns

THE LARGEST CHAIN DEPARTMENT STORE ORGANIZATION IN THE WORLD

### NEW WAY TO TAX FOREIGNERS

(By Associated Press)

BERLIN, July 20.—The Prussian government has drafted a bill for the legislation of taxation, in all communities of over 1,000 inhabitants, on all persons who rent rooms for a period of a year or more. The tax amounts to 10 per cent where the lodging charge is more than 500 marks. In the case of persons who have not resided in Prussia previous to January, 1921, the tax is 25 per cent.

While the proposed assessment is ostensibly applicable to all persons, including Germans, the stipulated 10 per cent assessment indicates a universal lodging impost fundamentally aimed at foreigners. Officials explain that local communities participate to a very limited extent in the nation's taxation proceeds. Hence they are obliged to look around for fresh sources of revenue, and the lodging house tax affords one of the easiest ways for communities to increase their income.

### HUCKLEBERRY CROP DRYING UP

(By Associated Press)

Unless the weather makes a sudden change the huckleberry crop, which was expected to be a bumper crop, may be practically dried up by the heat. Forest Ranger Floyd Kendall, who has recently returned from a tour over a large territory, including Five Points district, Mt. Emily and other points, states that the berries, especially those that are maturing slower due to being on the higher slopes, are being dried up by the heat and are not growing to full size. This means that a large share of the berries will dry up and the rest will be of a small size.

The crop on the lower lands, already ripe and ripening, is not damaged to much extent and, although not many are taking advantage of the large number of berries as yet, will yield well. In some spots where moisture is supplied by streams or springs the berries are receiving plenty of moisture and are not affected by the heat, but these areas are necessarily small and very few.

### Jeter Spoke at the Tabernacle Tuesday

(By Associated Press)

The crowd is increasing at the Jeter tabernacle on the corner of 4th avenue and 4th street, it is reported today.

Mr. Jeter spoke Tuesday evening on "And Jesus Astonished the People." He said "Jesus Christ is the most astonishing character the world has ever known. He astonished the people by going up on a mountain and preaching to the people. Was not the temple the place to preach in? Why go to

the open? In one of his sermons on the out-of-doors he told the pharisees that when poor in spirit that they should inherit the earth. He did not say that they are inheriting the earth. He had reference to the time when he shall come again and sit upon the throne of his father, David, and rule the world in righteousness, then shall the meek inherit the earth. The people were astonished at him because he gave comfort to those that mourn and weep; that are hungry for spiritual food."

Mr. and Mrs. Jeter say that they have no place for the people who deny the divinity of Christ and do not stand for the whole Bible.

CLERKS BALLOTING. CHICAGO, July 20.—Strike ballots were sent today to 8,500 clerks and freight handlers on the Milwaukee railroad.

(By Associated Press) PORTLAND, July 20.—Livestock, butter and eggs were steady today. Wheat was \$1.08 to \$1.13.

### BULGARIA HAS A DRY GLIMPSE

(By Associated Press)

SOFIA, Bulgaria, July 20.—The movement for prohibition has shown itself in Bulgaria. Premier Stamboulsky has introduced a measure in Parliament which would suppress all saloons unless the men and women residents of the locality concerned consent and specifically vote for the retention of the establishment.

Quit your meanness. Jeter Tabernacle, U and F. 7-18-22

### FOR YOU! FOR EVERYBODY!

### Remington Portable STANDARD KEYBOARD -No Shifting for Figures-

THIS handy, compact writing machine is the latest addition to the famed Remington family.

Especially designed for intimate, personal use, it fits in a case only four inches high, can be carried anywhere, used everywhere, and is a real necessity to every man, woman or child who has any writing to do.

Like all Remington Typewriters it turns out clean-cut, beautiful work speedily and efficiently.

Price complete with case, \$20
