

GARR'S FOR PIANOS

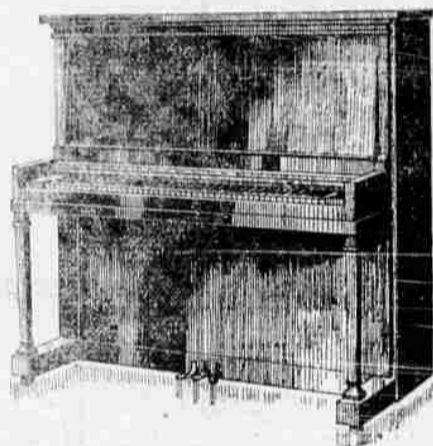

Carr decided a year ago, to go into the piano business. What to buy was the next question that confronted us. We wanted Pianos that we could guarantee the same as we do other merchandise. Carr knows "there is no substitute for square dealing," and that is the way we shall conduct this business.

It is essential and conforms with good business methods to have merchandise that people know and have confidence in.

Our Good Luck

G. M. Richey retired from business and turned over to us such agencies as Ivers & Pond, Hallet & Davis and Schumann & Schultz. Mr. Richey was engaged in the Piano business in La Grande for more than 35 years, (longer than the average man's business career), and has sold hundreds of pianos to your friends and neighbors. There has been more Ivers and Pond Grand Pianos sold in La Grande the past 10 years than all other makes of Grand Pianos sold in Union and Wallowa counties during that time. There is a reason.

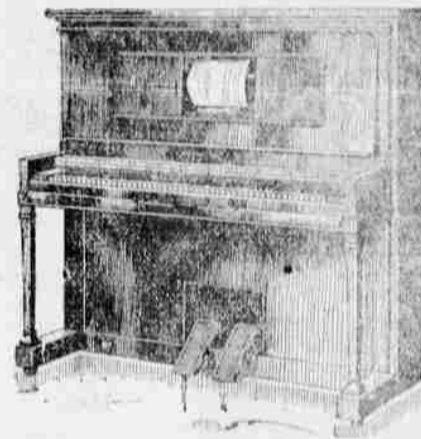

Carload of Pianos

WE ARE IN RECEIPT OF A CARLOAD OF PIANOS BOUGHT DIRECT FROM THE MANUFACTURER, SHIPPED BY WATER TO PORTLAND, CAR RATE TO LA GRANDE.

Bought Right---Sold Right

In order to sell merchandise at the lowest price it must be bought the same way, that is our reason for buying in large quantities direct from the manufacturer.
